SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence):	April 09, 2022 (Saturday)
TIME (occurrence):	0218 Hours
LOCATION:	[redacted] Viacha Drive, San Diego CA (Beat 312)
SUBJECT:	**OIS/ Special Investigation – Case #22-015491** Officer: RICHARDS, Patrick #7227 Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted] **SDPD: Event #22040012462**

CRIME SCENE REPORT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0400 hours.

While driving to the crime scene, I noticed traffic conditions were light and the sky was clear. The temperature was approximately 62 degrees. I arrived and joined other members of Homicide Team III at 0400 hours.

I parked my vehicle on the south curb line of 11000 Tierrasanta Boulevard, north of the crime scene. This is a residential neighborhood in San Diego known as Tierrasanta. This area of the city is patrolled by Eastern Division and is on Beat 312.

When I arrived, I noticed the scene was cordoned off. A northern perimeter was established at the intersection of Rueda Drive and Tierrasanta Boulevard, an eastern perimeter at the intersection of Viacha Drive and Rueda Drive, and a western perimeter at the intersection of Viacha Drive and Viacha Court. The scene was primarily inside [redacted] Viacha Drive, so the front yard and driveway of the house were cordoned off to create an inner perimeter.

Homicide Personnel at Scene:

This case was assigned to San Diego Police Department Homicide Team III. During this investigation, Team III consisted of myself, Lieutenant J. Campbell (#6367), Sergeant C. Turner (#6518), Detective M. Perez (#4881), Detective J. Barrera (#6109), Detective C. Brown (#7085), Detective N. Mondello (#7304) and Detective B. Dower (#7123). Assigned to assist us in the investigation was Crime Scene Specialist (CSS) H. Hebert (#8926) and Criminalist A. Dutra (#8236).

Briefing:

> *On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.*

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours.

There was no evidence of the crime listed in the briefing.

Paramedic Falck 39 responded to the scene.

Sergeant Turner assigned me as the Crime Scene Investigator. CSS Hebert was assigned to assist me with the investigation.

The scene is in a residential area of the City of San Diego, consisting of single-family homes. The neighborhood is referred to as Tierrasanta, a community in San Diego.

OVERVIEW OF SCENE:

[redacted] Viacha Drive:

SCENE PROCESSING:

At 1045 hours, CSS Hebert began taking overall photographs of the scene. The photographs taken by CSS Hebert depicted the scene as we found it. After completing the overall photos, CSS Hebert and I began processing the scene for evidence.

During the course of the investigation, as evidence was located, each item was assigned a number. When appropriate, overall photographs were taken showing the relationship of each item of evidence to other items of evidence. Prior to the evidence being collected, when appropriate, close-up photographs were taken with the numbered placards in place. Outdoor measurements were obtained using a Roll-A-Tape (SN# PSMW28CL) to more accurately depict the location of the evidence. Indoor measurements were obtained using a Bosch brand laser measure (SN# 125304922). See included tables for measurements.

There were essentially two scenes. One was at [redacted] Viacha Drive, where Officer Richards was standing on the roof when he fired at Trussell and the side yard where the shell casings fell. The other scene was inside [redacted] Viacha Drive.

We climbed onto the roof and took photos and measurements from the approximate position Officer Richards was standing when he fired at Trussell. They are depicted in the below photographs.

CSS Hebert and I began identifying and documenting items of evidence located around [redacted] Viacha Drive. There were six (6) .223 caliber casings in the west side yard of [redacted] Viacha Drive.

I identified two reference points (R1: south curb line of 11000 Viacha Drive & R2: the west exterior wall of [redacted] Viacha Drive) that I used to demarcate the evidence prior to its collection.

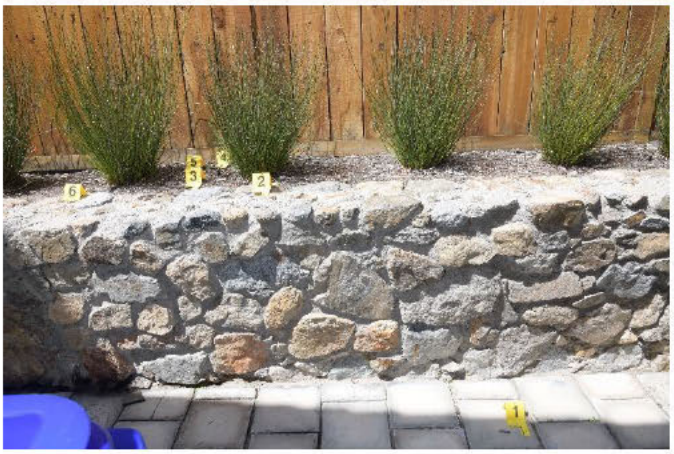

Reference	Location
R1	South curb line of 11000 Viacha Drive
R2	West exterior wall of [redacted] Viacha Drive

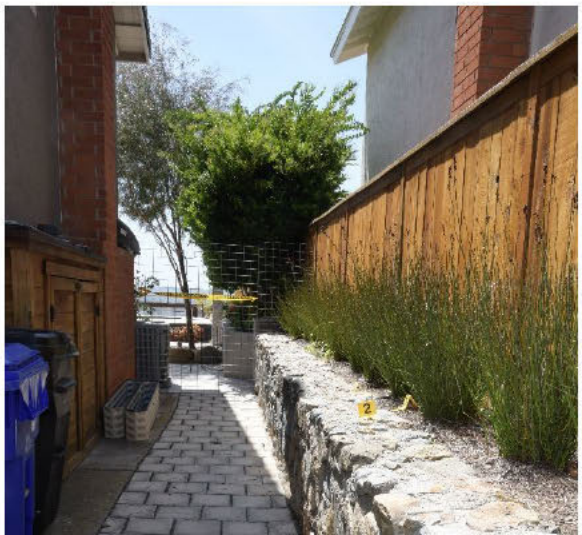

The below items were recovered from the scene and are listed with their corresponding placard.

Placard #	Item	R1	R2	Time
1	.223 Casing	52'5"	6'4"	1204
2*	.223 Casing	55'11"	7'10"	1205
3*	.223 Casing	57'1"	8'8"	1205
4*	.223 Casing	56'10"	9'8"	1206
5*	.223 Casing	57'5"	9'5"	1206
6*	.223 Casing	59'	8'9"	1207

**Items 2-6 were located on a planter wall that was 31" high*

Approximate location of Officer Richards during shooting
Direction of gunfire

24'11" to Window
8' to Edge of Roof

Placard #7 was a phone inside the White Honda Odyssey (CA# [redacted] later determined to belong to the registered owner and carjacking victim, [redacted] This was collected at 1158 hours.

CSS Hebert, Criminalist Dutra and I went inside [redacted] Viacha Drive and continued identifying and documenting additional items of evidence. The first room we processed was the family room, located in the southeastern corner of the first floor of the home. There was a Mississippi Valley Arms Co. double-barreled shotgun. There was a Steinmart bag containing property. There was a box of Gillette Sensor 2 Razors. There was a round from the revolver Trussell fired into the floor of the office that came through the ceiling of the family room and came to rest on the side of the fireplace. There was a hole in the ceiling of the family room where that round had come through.

I identified two reference points (R1: the north wall of the family room & R2: the west wall of the family room) that I used to demarcate the evidence prior to its collection.

Reference	Location
R1	North wall of family room of [redacted] Viacha Drive
R2	West wall of family room of [redacted] Viacha Drive

The below items were recovered from the family room of [redacted] Viacha Drive and are listed with their corresponding placard. The holes from the rounds fired during the incident were identified using lettered and numbered placards.

Placard #	Item	R1	R2	Time
8	Mississippi Valley Arms Co. Double-Barreled Shotgun (No Serial Number)	14'2"	6'7"	1355

CSS Hebert, Criminalist Dutra and I went upstairs to the southwest bedroom of the home and continued identifying and documenting items of evidence. There was a black "Superfly Tat 2" T-shirt on the floor. There was a .223 round in the top drawer of a dresser. There were holes in the wall from a rifle round that came through the office and into the bedroom.

I identified two reference points (R1: the north wall of the bedroom & R2: the west wall of the bedroom) that I used to demarcate the evidence prior to its collection.

Reference	Location
R1	North wall of the southwest bedroom of [redacted] Viacha Drive
R2	West wall of the southwest bedroom of [redacted] Viacha Drive

The below item was recovered from the southwest bedroom of [redacted] Viacha Drive and is listed with its corresponding placard. The holes from the rounds fired during the incident were identified using lettered and numbered placards.

We went to the office, located in the southeastern corner of the second floor of the home. This was the room where Trussell held [redacted] hostage and sexually assaulted her. There was a holster on the floor. There were pliers on the couch. There was a white towel on the floor. There was a purple wash mitt on the floor. There was a small tube of Vaseline on the floor. There was a tissue on the couch.

I identified two reference points (R1: the west wall of the office & R2: the south wall of the office) that I used to demarcate the evidence prior to its collection.

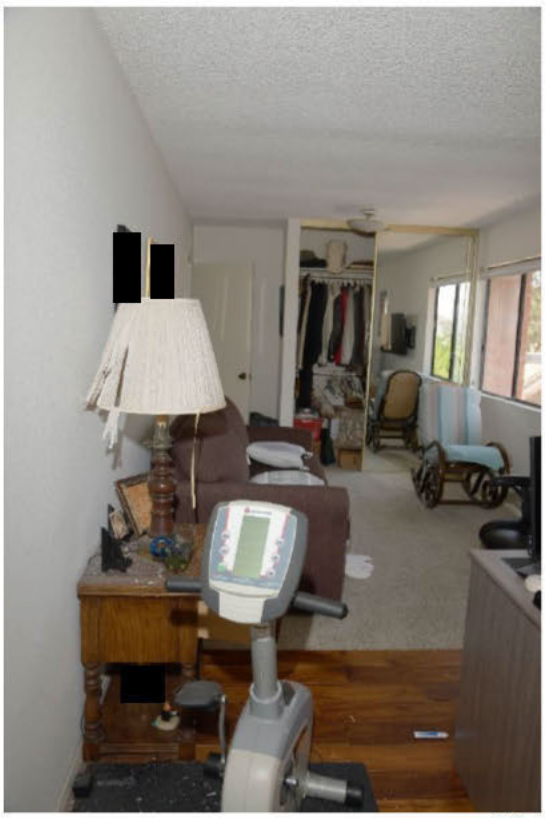

Reference	Location
R1	West wall of the upstairs office of [redacted] Viacha Drive
R2	South wall of the upstairs office of [redacted] Viacha Drive

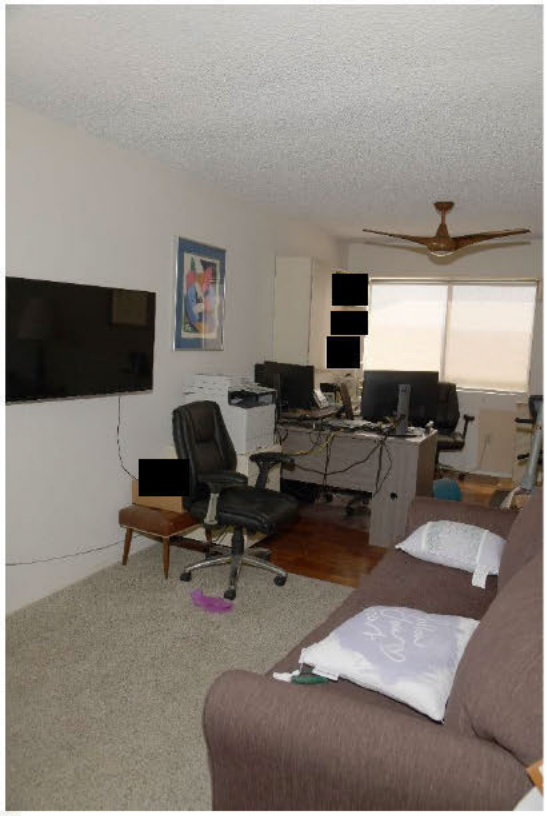

The below items were recovered from the office of [redacted] Viacha Drive and are listed with their corresponding placard. The holes from the rounds fired during the incident were identified using lettered and numbered placards. See photos on the following pages.

**Items 15 & 19 were recovered from a couch that was two feet off the ground*

Criminalist Dutra later went back to the office and processed it for DNA. He located one area on the floor that tested presumptive positive for semen. See his report for more details. CSS Hebert recovered one swab from here. There was also a hole in the floor where Trussell had fired a round from the revolver. The below items were recovered from the office of [redacted] Viacha Drive.

FACTS ESTABLISHING ELEMENTS OF CRIME AND IDENTIFICATION

On April 9, 2022, San Diego Police Dispatch received a phone call from reporting party, and victim, [redacted] called police to report an unknown black male in his 30s wearing beige knee-length shorts, had broken into her home. [redacted] father, [redacted] was also home. [redacted] reported she and her father were in an upstairs bedroom. When officers arrived on scene, they reported they could see a male in the upstairs bedroom, and a white mini-van parked in the driveway (CA License Plate [redacted] said the male entered the room she was in and had a gun. Officers made entry into the residence, and updated the male had a gun, and barricaded himself in the upstairs bedroom with a female hostage.

Officers updated they heard shots fired in the residence, and Officer P. Richards #7227 engaged the suspect with an exchange of gunfire. The suspect was not shot but surrendered to police at this time. The suspect was taken into custody inside of the residence and was positively identified as Demetrius Dontez Trussell (DOB: [redacted] and [redacted] both said the white mini-van parked in the driveway was not theirs. Officers on scene ran the license plate, which revealed the vehicle had been stolen out of the city of El Cajon on 04/08/22 (SDSO Case #22115378).

Based on [redacted] statement, [redacted] woke up some time early in the morning on 04/09/22. [redacted] saw lights on in her hallway, and thought her elderly father had gotten up in the middle of the night. While looking for her father, [redacted] saw a tall, muscular, black male masturbating in her upstairs bathroom (Demetrius Trussell). [redacted] and her father [redacted] were able to run into an upstairs bedroom. [redacted] called 911. During the 911 call, [redacted] said Trussell entered the room she was hiding in, and he had a gun. Trussell made [redacted] father leave, grabbed [redacted] by the hair, and held the gun to her head. (According to officers, they made entry into the house, and observed Trussell hold a gun to a female's head and push the female in front of him.) [redacted] moved away from the doorway with Trussell. At this time, Trussell, while wearing shorts, rubbed his erect penis against [redacted] buttocks several times over her clothes. Trussell put the gun down briefly and pulled his pants down. Trussell grabbed [redacted] hair and threw her onto a couch in the room. Trussell grabbed [redacted] head and attempted to pull her face towards his erect penis to oral copulate him. Trussell then grabbed the gun, and the gun discharged into the floor of the bedroom. Trussell threatened to shoot [redacted] in the knee. Trussell kept the gun in his left hand and sat down in a chair opposite [redacted] Trussell masturbated in front of [redacted] while holding the gun in his hand. Trussell ejaculated, and that is when [redacted] heard multiple gunshots. Trussell surrendered to police, and [redacted] ran out of the room, and to police.

Trussell was placed under arrest for 220 (b) PC – sexual assault with force, 460(a) PC – Burglary of an occupied dwelling, 210.5 PC – false imprisonment for purpose of using victim as shield, 207(a) PC – kidnapping, 245(a)(2) PC x 2 – assault with a firearm, 246.3(a) PC – negligent discharge of a firearm, 314.1 PC x 2– indecent exposure, 243.4(a) PC – sexual battery with restraint, 3056 PC – violation of parole, and 10851 VC – stolen vehicle. Additional 460(a) PC cases are pending.

In a post-admonishment interview with Trussell, he told detectives he did not remember what happened prior to police custody.

INVESTIGATOR'S REPORT

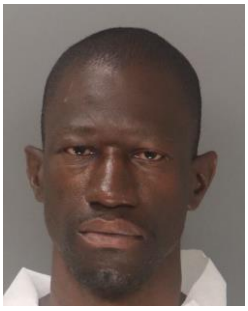

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

SUBJECT INTERVIEWED: **TRUSSELL, Demetrius Dontez**
DOB: [redacted]
Transient
San Diego, CA
Phone: [redacted]

SUSPECT STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0408 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. After the briefing I was assigned to interview the suspect, Demetrius TRUSSELL.

At 0933 hours, Det. N. Mondello #7304 and I interviewed TRUSSELL. See his statement below. The interview was audio and video recorded. TRUSSELL'S statement is paraphrased and not verbatim, for his exact wording refer to the recordings for further details. I admonished TRUSSELL per my PD-145 and he replied, "Yes," to Q1 and "No," to Q2. Initially no statement was obtained from TRUSSELL.

As we were leaving the interview room, TRUSSELL indicated his desire to speak with us. I confirmed TRUSSELL understood his rights and did not have to speak with us. TRUSSELL affirmatively stated he would like to speak with us.

TRUSSELL'S clothing had been collected during his processing and he was wearing a paper suit. He unzipped the paper suit down to his waist. Throughout the interview, TRUSSELL continually touched himself until I asked him to stop. After the interview finished, TRUSSELL urinated in our trash can in the interview room and lied to us when I questioned him about it.

SUSPECT STATEMENT:

I woke up in a police car, I don't remember. I don't remember what house I was in. Call my shrink. I don't know what I'm diagnosed with. My shrink is [redacted] she works at a [redacted] in San Diego, I don't know which one. I call her, I don't know her number. I've seen her for a year. I'm on medication. I take [redacted] and [redacted] I took my meds yesterday. I take [redacted] at night and [redacted] at night and [redacted] I feel normal when I take my meds. When I don't take them, I forget a lot. LATENT PRINT UNIT REPORT

VICTIM:	[redacted]
SUSPECT:	TRUSSELL, Demetrius
CHARGE:	459 PC
CASE #:	22-015393
INCIDENT #:	22040011365
HOMICIDE TEAM III:	Detective N. Mondello, ID #7304
EXAMINER:	Nik Zamora

EVIDENCE EXAMINED:

Barcode #11363261: One envelope containing five latent print cards documented by J. Thim, ID #1779, as coming from various surfaces in a bathroom and a hair gel bottle. Only impression "A" on latent print card 1 and impression "A" on latent print card 2, were examined at this time.

Barcode #11363946: One envelope containing five sheets of major case prints from suspect Demetrius Trussell

METHODS USED:

Visual analysis performed by the examiner
Manual comparison performed by the examiner

OPINIONS AND INTERPRETATIONS:

Two impressions from the bathroom shower wall under the window, and on top of the window ledge in the shower, were determined to be suitable for a comparison.

The impressions from the shower wall, and the window ledge in the shower, and the Trussell major case prints have been compared and identified as coming from the same source.

Identifications are based on the friction ridge detail observed to be in agreement between the latent and known impressions. This level of agreement is not expected to be observed in impressions originating from different sources.

The major case prints have not been compared with the remaining latent print evidence.

DISPOSITION:

The latent print evidence will be placed in the Latent Print Unit file for return to the Property Room. The major case prints will be temporarily retained in the Latent Print Unit awaiting additional work requests.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence):	April 09, 2022 (Saturday)
TIME (occurrence):	0218 hours
LOCATION:	[redacted] Viacha Drive, San Diego CA (Beat 312)
SUBJECT:	**OIS/ Special Investigation – Case #22-015491** Officer: RICHARDS, Patrick #7227 Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted] **SDPD: Event #22040012462**

Evidence Collection [redacted] La Cuenta Drive:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0412 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

> *TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.*

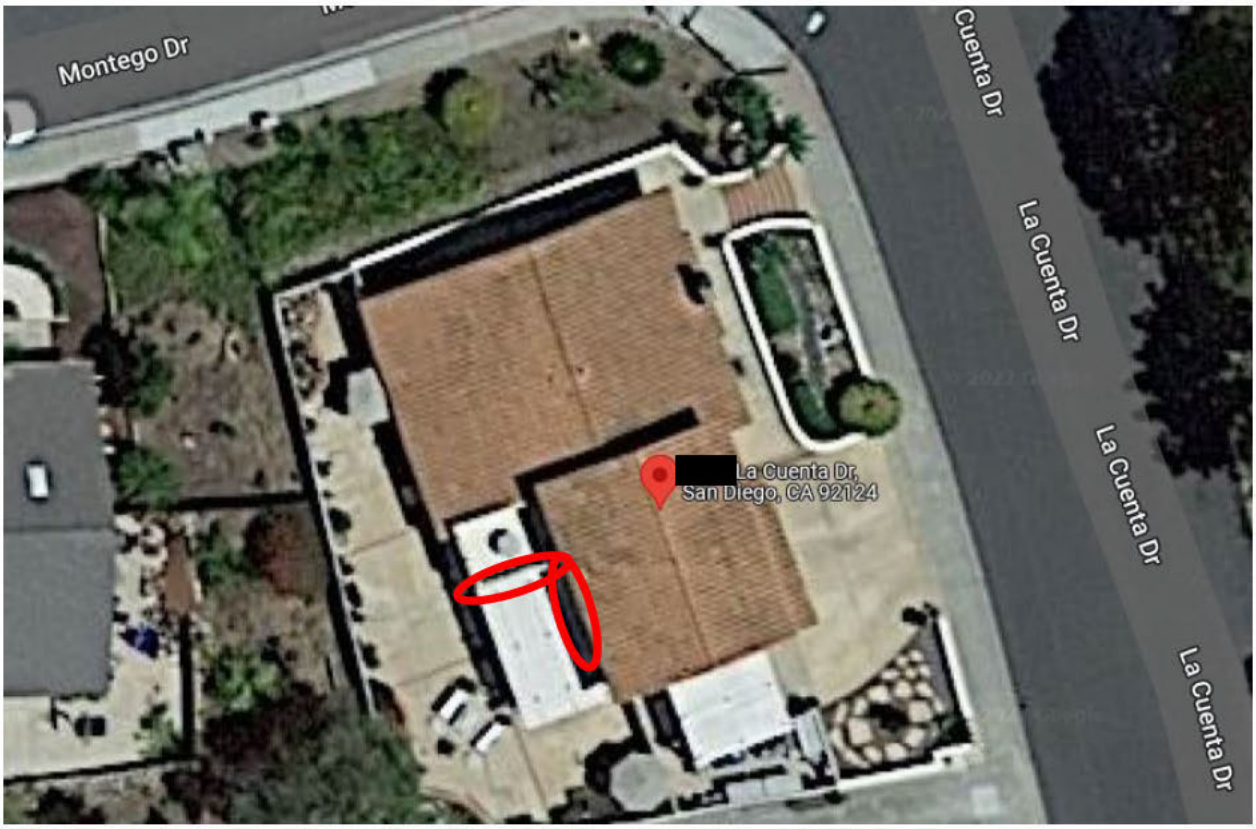

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

On April 9, 2022, at approximately 1232 hours, I conducted follow-up at [redacted] La Cuenta Drive in the City of San Diego. Based upon the initial investigation for the Officer-Involved Shooting which occurred the same day (Case #22-015491), it was believed the suspect in the case, Demetrius TRUSSELL, attempted to burglarize [redacted] La Cuenta Avenue prior to the Officer Involved Shooting. [redacted] is the resident at [redacted] La Cuenta Drive.

At 1238 hours, I met with [redacted] at his residence. I spoke with him about the attempted burglary the night before and collected his statement. [redacted] would later provide a statement regarding the events to Detective N. Mondello #7304. Please review her follow-up for [redacted] statement.

[redacted] walked me around his residence, a two-story house on the [redacted] of La Cuenta Drive and Montego Drive. Additionally, [redacted] showed me the two sliding glass doors which the suspect attempted to access during the burglary attempt. [redacted] walked me into his backyard to provide me with a different perspective.

After collecting his statement, I left the residence at 1307 hours, returning at 1403 hours to collect DNA swabs at the scene.

(Overhead view of residence, location of sliding glass doors highlighted)

The sliding glass doors permit access to the kitchen and main bedroom, both situated on the ground floor. The interior door is the sliding glass door, locked by an internal latch, as well as a dowel place within the sliding area to prevent the door from opening. Outside of that is a screen door. The screen is not locked.

(Image from backyard, sliding doors highlighted)

The backyard was surrounded by wooden fencing, a portion on the south side of the residence being just about chest height. [redacted] noted the lock clasp of the fence door along the south side of the residence was bent. He had since bent the lock clasp back in place.

I collected digital images at the scene. Additionally, I collected DNA swabs from the exterior door handles of the screen door, as well as the sliding glass door. [redacted] signed a DNA reference sample consent form. I washed my hands with soap and water before collecting a DNA reference sample from [redacted] and again before I collected DNA swabs from the exterior of the residence. I used a new set of plastic gloves between each collection. (Of additional note regarding the Officer Involved Shooting scene at [redacted] Viacha Drive, at no point did I enter that residence. This was done to maintain the integrity of evidence collection at Viacha Drive, as well as evidence collection at any other scene.) Images were collected of the areas, labelled in the images for identification.

The following swabs were collected and later impounded at Headquarters for the event E22040012374:

Identifier	Swab Location	Time Collected	Barcode
AA	Bedroom Screen Door Handle	1431 hrs.	11363415

CRIME SCENE RECONSTRUCTION REPORT

VICTIM:	SDPD Officer RICHARDS, Patrick #7227
SUSPECT:	TRUSSELL, Demetrius
CHARGE:	OIS/Special Investigation
CASE#:	22-015491
INCIDENT#:	22040012462
HOMICIDE TEAM III:	Detective C. Bernard
DATE OF INCIDENT:	April 9, 2022
SCENE LOCATION:	[redacted] Viacha Drive

BACKGROUND:

On April 9, 2022 at approximately 0443 hours, I was notified by Crime Scene Specialist Heidi Hebert that my response was needed at the scene of an Officer Involved Shooting (OIS) at the [redacted] Viacha Drive. I was further informed that the scene had a possible sexual component and that there were indoor and outdoor aspects of the scene.

[redacted] resides at [redacted] Viacha Drive with her elderly father, [redacted] called 911 to report that a man (Demetrius Trussell) was in her bedroom. [redacted] locked herself in the upstairs office. Trussell masturbated in the upstairs hallway bathroom and kicked in the door to the office. Trussell grabbed [redacted] by her hair, held a gun to her head, and pushed her into a chair in the office. Trussell put the gun down, masturbated in front of [redacted] forced her face to his groin, then sat down and completed masturbation, wiping on a towel. Trussell picked up the gun and shot it into the floor. Officers heard the shot as they were attempting entry. An officer on the roof of the next-door neighbor [redacted] Viacha Drive) fired six shots toward the office. Nobody was wounded by the gunfire. Trussell was taken into custody.

At the scene, I was shown video footage of the shooting officer, showing the officer on the roof of [redacted] Viacha Drive firing toward the southwest (in the direction of [redacted] Viacha Drive).

SCENE DESCRIPTION:

[redacted] Viacha Drive was a two-story home in a residential neighborhood. It faced the north and sat at the end of a T-intersection where Rueda Drive terminates into Viacha. A reportedly stolen white Honda Odyssey [redacted] was parked in the driveway upon arrival at the scene. The downstairs had a bathroom, a formal dining room, a living room, a kitchen, an informal dining area, and a family room. The family room was in the southeast corner and had a sliding glass door on the southern wall leading to the patio. The garage was present in the northeast corner, north of the family room. The sliding glass door of the family room was shattered, reportedly by officers upon entry. Apparent glass shards and apparent bloodstains from a canine officer were present through much of the downstairs. The upstairs had a large bedroom in the northwest corner with an en-suite bathroom (Northwest Bedroom). South of the Northwest Bedroom was another bedroom (West Bedroom). South of both the stairwell and the West Bedroom was another bedroom (Southwest Bedroom). East of the Southwest Bedroom, in the southeast corner of the upstairs, was an office with a window on the east wall. North of the office was a bathroom.

[redacted] Viacha Drive was a two-story house directly east of [redacted] Viacha Drive. The houses were separated by a fence with narrow side yards between the houses and the fence.

SAN DIEGO POLICE
DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

EVIDENCE RETURN TO DELIA FAMILY:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] *heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.*

> *TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.*

The briefing ended at 0535 hours. After the briefing, I was assigned to interview victims, and witnesses. During the investigation, I learned a Breitling watch, and a gold wedding band were taken off TRUSSELL post arrest. The watch and the gold band were given to me on April 09, 2022 in attempt to locate the owners of the items.

I took photos of the watch and the gold band. Victim [redacted] identified the Breitling watch as his. Both [redacted] and [redacted] explained the gold band had been taken out of a small box in [redacted] room. The gold band belonged to [redacted] late wife's parents. Both items were returned to the [redacted] family on April 13, 2022.

Prior to meeting with [redacted] to return the jewelry, I had asked her if she located any clothing in her father's room that did not belong to him. On April 11, 2022, [redacted] told me she found a dark blue pair of sweatpants in [redacted] closet. [redacted] confirmed the sweatpants did not belong to him. I asked [redacted] to use a pair of gloves to put the sweatpants in a plastic bag for pickup.

On the same date I returned the jewelry, I picked up the sweatpants as evidence. The sweatpants were impounded in the property room at Headquarters under Barcode #11364553.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

EVIDENCE VIEWING:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0400 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours.

During our subsequent conversations with [redacted] he expressed an interest in the return of his gray zip-up sweatshirt and blue Champion brand shorts that Trussell had been wearing during the incident. I spoke with Deputy District Attorney Meghan Cox about this and she suggested an evidence viewing to document the items so prior to returning them.

On June 21, at 1000 hours, I met with DDA Cox and District Attorney Investigator Ted Mansour at Headquarters and escorted them to the Property Room. CSS Heidi Hebert had checked out the sweatshirt (barcode: 11369836) and shorts (barcode: 11369846) and was waiting for us in the Evidence Viewing Room.

CSS Hebert removed the items from their bags and photographed them. She was the only person who made physical contact with the items.

At the conclusion of the viewing, CSS Hebert put the clothing into one brown paper bag and checked them back in with the property clerk. I then checked the items out in anticipation of returning them to [redacted]

I called [redacted] and told her I could bring the clothing to her father later that afternoon. She said they did not want the shorts but would take the sweatshirt.

I separated the clothing into two bags and impounded the shorts in the Property Room. I drove to the [redacted] residence and returned the sweatshirt to [redacted] who signed a property release form.

REPORT NARRATIVE

SYNOPSIS:

On 04/09/2022, at approximately 0051 hours an unknown suspect attempted to force entry into a residence at [redacted] La Cuenta Dr., in the City of San Diego.

BACKGROUND:

None.

ORGIN:

On 04/09/2022, at approximately 0051 hours, I was on duty, in full uniform, and driving a marked police vehicle when I responded to [redacted] La Cuenta Dr., San Diego to investigate the report of an attempted residential break in. The reporting party stated he witnessed an unknown black male in his backyard. The reporting party also stated the sliding doors in his backyard that lead to the back of his house and his bedroom were open.

INVESTIGATION:

I arrived on scene and I contacted the reporting party, later identified as [redacted] via his California Drivers License [redacted] He provided the following paraphrased statement:

PARAPHRASED STATEMENT OF [redacted] (REPORTING PARTY/VICTIM):

[redacted] essentially stated the following.

[redacted] stated he was alerted to the attempted break in when he heard his screen door opening. [redacted] was in his bedroom, which overlooks the backyard. When [redacted] looked outside of the glass door into the back yard, he noticed an unknown tall, thin/muscular build, bald, black male wearing a black shirt with white letters in his back yard. [redacted] stated the male was possibly 20-30 years old. [redacted] stated he knocked on his window and the suspect turned around. [redacted] stated when the suspect turned, he was able witness his description. At that point, the suspect walked out of view heading south-bound in [redacted] back yard. [redacted] then activated his home alarm. [redacted] stated he would be able to positively identify the suspect if seen again.

END OF STATEMENT.

I took photos of the open screen doors in the back yard that lead to [redacted] bedroom and to [redacted] dining room. Officers, with the assistance of ABLE, checked the area for the suspect, but no one matching the description was found in the area. I completed my investigation at the scene and provided [redacted] with a case number (#22015466) and a Marcy's card.

INJURIES:

None.

PROPERTY DAMAGE:

None.

EVIDENCE:

Photos of the scene were downloaded on Evidence.com.

REPORT NARRATIVE

SYNOPSIS:

On 04/09/2022 at approximately 0020 hours, an unknown subject broke a window screen to a bedroom window, which lead to an occupied bedroom, in attempt to gain access to a residence. The incident occurred at [redacted] Rueda Drive.

No injuries were reported.

The victim, [redacted] estimated the damage to the window screen to approximately $50 to get the screen fixed / replaced.

The suspect was not contacted.

ORIGIN:

On 04/09/2022 at approximately 0035 hours, I was dispatched to [redacted] Rueda Drive, regarding a burglary in progress. I arrived on scene at approximately 0040 hours. I was in full Police uniform, driving a marked San Diego Police vehicle. The reporting party was [redacted]

BACKGROUND:

None.

INVESTIGATION:

When I arrived on scene, Officer Colvin #1534, Officer Weaver 1578 and Acting Sergeant P. Dayes #6166 were already on scene, speaking with the victim, who was later identified as [redacted] through her California driver's license.

I took over the investigation and contacted [redacted] I obtained a statement from her.

STATEMENT OF [redacted] (VICTIM)

[redacted] essentially stated the following.

Today at approximately 0020 hours, I was asleep in my bedroom. All of a sudden, I heard my son [redacted] yell, "Mom, Mom! There is someone outside our window." I immediately got out of bed and went to my sons' bedroom and the first thing I noticed is that the light outside my sons' bedroom window, was not on. I then looked out through my sons' bedroom window and I saw a shadow in the driveway. Although, I was not able to see the suspect. Shortly after is when I called the police.

The window that leads to my sons' bedroom, was locked at the time the incident occurred.

Regarding my window screen, its going to cost me approximately $50 to get it fixed / replaced.

The only people who live in the house is myself and my kids [redacted] and [redacted]

END OF STATEMENT.

After speaking with [redacted] I contacted her son, [redacted] I obtained a statement from him.

STATEMENT OF [redacted] (WITNESS)

[redacted] essentially stated the following.

At approximately 1220 hours, I was in my room, sleeping in the bottom bunk bed. My brother [redacted] sleeps on the top bed. As I was sleeping, I was woken up by a "tapping" sound that was coming from my window. When I looked up towards my window, I saw a person outside my window, fumbling with my window lock. When I saw that, I immediately shouted, "Mom, Mom! Someone is outside my window." After I yelled, I heard the subject who was outside my window, sprinting down the rocks, towards the driveway. Once my mom came inside my room, her and I went to the living room and looked out through the blinds of the living room window and saw a white minivan was parked in our driveway. The headlights to the minivan immediately turned on and I saw the van backing out of our driveway. Once the vehicle pulled out, it immediately sped off, heading north bound on Rueda Drive.

The subject who I saw outside our window was a male, wearing long pants, tall, slim build, possibly wearing navy blue pants, possibly wearing gloves and possibly wearing a black jacket. It was really dark outside, so it was really hard to get a suspect description.

The only thing I can remember of the van is that it was white in color and that the van appeared to be a minivan.

END OF STATEMENT.

After speaking with [redacted] I then spoke to his twin brother, [redacted] I obtained a statement from him.

STATEMENT OF [redacted] (WITNESS)

[redacted] essentially stated the following.

At approximately 0020 hours, I was asleep on the top bunk. My brother [redacted] sleeps on the bottom bed. As I was sleeping, I was woken up by a "tapping" sound, coming from our bedroom window. After I heard the "tapping" sound, I then heard my brother [redacted] yell, "Mom! Someone is at our window. My brother [redacted] and mom both went towards the living room to call the police. I stayed in my bedroom and looked out though my window to see if I can see anyone. I was able to see a shadow of a person, who was running away from the window. After I saw that, I then went to the living room with mom and brother. I did not see a vehicle at any moment.

The subject who I saw was tall, wearing dark clothing, possibly wearing navy blue jeans.

END OF STATEMENT.

After speaking with [redacted] I took photographs of the residence and the damaged window screen. (The photographs were impounded at the Eastern Division, under barcode # 11363331).

After taking photographs of the scene, I collected the broken window screen and impounded the screen as evidence. (The window screen was impounded at the Eastern Division, under barcode # 11363332).

I provided [redacted] with a Marsy's card and a case number. Officers checked the area and were unable to locate additional witnesses.

EVIDENCE:

I took photographs of the residence and the damaged window screen. (The photographs were impounded at the Eastern Division, under barcode # 11363331).

I collected the broken window screen and impounded the screen as evidence. (The window screen was impounded at the Eastern Division, under barcode # 11363332).

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.
An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours.

After the briefing, I was assigned to assist Detective Conner Brown #7085 with a follow up at [redacted] La Cuenta Drive located in the City of San Diego.

On 04/09/22, at approximately 1230 hours, Detective Brown and I arrived at [redacted] La Cuenta Drive. Detective Brown requested I check for surveillance cameras and additional victims at the neighboring residences.

I checked the following addresses:
[redacted] La Cuenta Drive: There was no answer at the door. There were no surveillance cameras seen.

[redacted] La Cuenta Drive: [redacted] answered the door. [redacted] residence does not have cameras. [redacted] was not a victim.

[redacted] La Cuenta Drive: [redacted] answered the door. [redacted] residence does not have cameras. [redacted] was not a victim.

[redacted] Montego Drive: I spoke with [redacted] residence does not have cameras. [redacted] was not a victim.

[redacted] Montego Drive: I spoke with [redacted] residence does not have cameras. [redacted] was not a victim.

[redacted] Montego Drive: There was no answer at the door. There was a RING doorbell on the front door. I did not see any other surveillance cameras on the residence. I left my business card at the residence. The resident later responded and informed me that there was no surveillance video of the incident.

See Detective Brown's Investigator's Report for further details.

OPINIONS / INTERPRETATIONS

1) 11364654-4: Cartridge - R · P 38 SPL

This sample is unsuitable for comparisons because the results lack sufficient information.

2) 11365989-1: Towel - stain from side A (sperm fraction)
11365989-2: Towel - stain from side B (sperm fraction)
11365993: Swab - possible semen stain from carpet in the office (Placard 24) (sperm fraction)

Number of DNA contributors: 1
Very strong support for inclusion: **Demetrius Trussell**
Exclusion: [redacted]

It is 8.71 x 10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The DNA types will be searched against the national CODIS database.

3) 11365989-1: Towel - stain from side A (nonsperm fraction)

Number of DNA contributors: 2 (Ratio >99:<1)
Very strong support for inclusion: **Demetrius Trussell (>99%)**
Uninformative:
Limited support for exclusion: [redacted]

It is 9.64 x 10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The remaining contributor is unsuitable for CODIS searches.

4) 11365989-2: Towel - stain from side B (nonsperm fraction)

Number of DNA contributors: 2 (Ratio >99:<1)
Very strong support for inclusion: **Demetrius Trussell (>99%)**
Uninformative:
Limited support for exclusion: [redacted]

It is 8.65 x 10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The remaining contributor is unsuitable for CODIS searches.

5) **11365992: Swab - possible semen stain from the floor in the upstairs bathroom (Placard 20) (nonsperm fraction)**

Number of DNA contributors: 1
Very strong support for inclusion: [redacted]
Exclusion: [redacted] **Demetrius Trussell**

It is 6.27 x 10^{29} times more likely to obtain the DNA results if [redacted] is a contributor than if this person is not a contributor.

6) **11365993: Swab - possible semen stain from carpet in the office (Placard 24) (nonsperm fraction)**

Number of DNA contributors: 2 (Ratio 98:2)
Very strong support for inclusion: **Demetrius Trussell (98%)**
Limited support for inclusion: [redacted] **(2%)**
Exclusion:

It is 1.03 x 10^{31} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

It is 20.9 times more likely to obtain the DNA results if [redacted] is a contributor than if this person is not a contributor.

It is 6.99 x 10^{32} times more likely to obtain the DNA results if Demetrius Trussell and [redacted] are contributors than if neither are contributors.

Report Appendix attached

SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v03-16-2020

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

EVIDENCE EXAMINED/RESULTS

Chain of custody information for all tested items is available through the department evidence tracking system (i.e., Evidence-on-Q).

Differential Extraction

- separates samples into two fractions: a *sperm fraction* (contains DNA from sperm cells) and a *non-sperm fraction* (contains DNA from non-sperm cells)

Discontinued Samples

Analysis of items may be stopped and not "**typed for DNA**" for one of the following reasons:

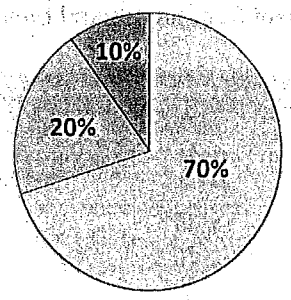

1. The amount of DNA recovered is too low and the sample is unlikely to provide informative results
2. An insufficient amount of male DNA is detected, or no sperm cells are observed (case scenario dependent)
3. A similar sample is being processed and it was deemed redundant
4. The requestor determined the work is not needed at this time
5. Possible blood or semen stain presumptively test negative for that fluid
6. Reference discontinued because associated evidence discontinued

INTERPRETATIONS/CONCLUSIONS

Conclusions within the DNA report do NOT address *when or how* the DNA came to be on the item.

DNA mixtures occur when more than one person's DNA is detected in a sample. Within a mixture, how much DNA each person is contributing can be *estimated*. This estimate is reported as a ratio (e.g., 70:20:10).

In the example to the right (3 person mixture), the "20% contributor" represents 20% of the total amount of DNA detected on the item.

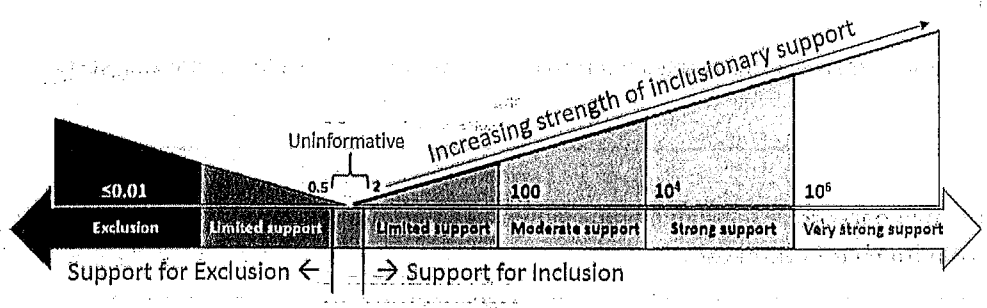

Likelihood ratios (LRs) are calculations used to evaluate the DNA results from the evidence under two different scenarios:

1. The probability of obtaining the DNA results if the person of interest is a contributor.
2. The probability of obtaining the DNA results if the person of interest is NOT a contributor.

For example, in the 3-person mixture from above, if a reference sample from John Doe was submitted for comparison to the DNA results from the evidence, the likelihood ratio could evaluate:

$$LR = \frac{Probability\ of\ the\ evidence\ if\ John\ Doe\ and\ two\ unknown,unrelated\ people\ were\ contributors\ \text{(scenario 1)}}{Probability\ of\ the\ evidence\ if\ three\ unknown,unrelated\ people\ were\ contributors\ \text{(scenario 2)}}$$

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

LR values **greater than 2** indicate more support for the 1st scenario.

LR values **between 2 and 0.5** are uninformative.

LR values **less than 0.5** indicate more support for the 2nd scenario.

LR values **less than 0.01** are deemed exclusionary.

The meaning of the LR value is described in the report with one of the following terms:

• Limited support for exclusion • Exclusion	• Uninformative - similar support for both LR scenarios	• Limited support for inclusion • Moderate support for inclusion • Strong support for inclusion • Very strong support for inclusion

For example, in the 3-person mixture from above, if there is support for John Doe's inclusion, the report will provide an estimate of his percent contribution to the mixture. (e.g., John Doe (20%))

Large Numbers: Common Scientific Notation Exponents and their Description

Likelihood ratio values are commonly reported in **scientific notation**. The following table is a list of common scientific notations and their meaning.

CODIS (Combined DNA Index System) - DNA database searching

All *eligible* profiles will be searched in CODIS to the fullest extent possible (e.g., local, state, or national). DNA profiles entered into the CODIS databases typically remain in the database indefinitely and are searched weekly. A notification will be issued if there is a hit in the database. DNA profiles from all qualifying adult suspects will be submitted to, and searched against, the local CODIS database. DNA profiles from victims, consensual partners, subjects, or witnesses are NOT entered, or searched, in CODIS.

INVESTIGATOR'S REPORT

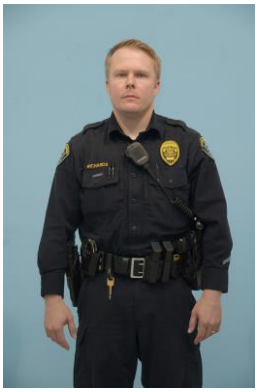

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

SUBJECT INTERVIEWED: **RICHARDS, Patrick #7227**
San Diego Police Department
1401 Broadway
San Diego, CA 92101

OFFICER STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Lt. Judson Campbell to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. Officer Richards was the lone shooter involved in the officer-involved shooting. I previously interviewed him on April 9, 2022.

On October 26, 2022, at 1249 hours, I emailed Attorney Edward Southcott a follow up question for Officer Richards. On October 31, 2022, at 1047 hours, I received an email from Attorney Southcott with Officer Richards' reply to my question. The following is the question and reply.

On April 9, 2022, while filling out the Officer-Involved Incident Checklist you stated you kept [redacted] rounds in your AR 15 rifle magazines. When the [redacted] magazines were recovered from your patrol vehicle there was a total of [redacted] rounds in the magazine from the left side of your plate carrier and [redacted] rounds in the magazine on the right side of your plate carrier. Do you recall how many rounds were in your AR 15 rifle magazines at the start of your shift on April 8, 2022?

> I thought I had [redacted] rounds in the magazine that was in my gun (that is what I always keep in the magazine that I use to "patrol ready" my rifle). I don't remember how many rounds were in the other magazine. I usually keep [redacted] in each but maybe I had forgotten to load up the other magazine to [redacted] after practicing possibly.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

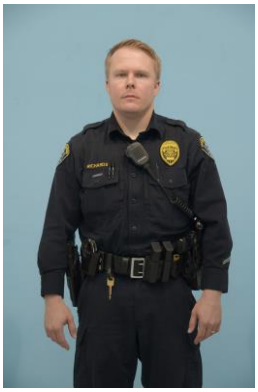

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

SUBJECT INTERVIEWED: **RICHARDS, Patrick #7227**
San Diego Police Department
1401 Broadway
San Diego, CA 92101

OFFICER STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Lt. Judson Campbell to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0415 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the

suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.
An Officer spoke to [redacted] *stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed* [redacted] *into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel.* [redacted] *heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.*

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] *Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at* [redacted] *Rueda Drive and* [redacted] *La Cuenta Drive in Tierrasanta.*

The briefing ended at 0535 hours.

At 0752 hours, Lt. Judson Campbell #6367 and I interviewed Officer Patrick RICHARDS in the Homicide Office at San Diego Police Headquarters. Attorney Edward Southcott was present during the interview. Prior to the interview, I filled out the "Officer-Involved Incident Checklist." The interview was audio recorded. The following is as close to a verbatim account of Officer RICHARDS' statement as possible but is still not intended to serve as a substitute for listening to the recording in its entirety. For the complete conversation, refer to the recording labeled: "Officer Richards statement #6518."

INTERVIEW WITH PATRICK RICHARDS

Q=Sgt. Cody Turner
Q1=Lt. Judson Campbell
Q2=POA Edward Southcott, Esq.
A=Ofc. Patrick Richards

Q: Sergeant Cody Turner. Today's date is April 9, 2022. The time is 0752 hours. This is the interview of Officer Patrick Richards. And once again, I'm Sergeant Cody Turner ID Number 6518 with Homicide team three.

Q1: Lieutenant Jud Campbell, Homicide 6367.

A: Officer Richards - Patrick Richards 7227.

Q2: POA Attorney Edward Southcott on behalf of Officer Richards.

Q: Is this a voluntary statement?

A: Yes.

Q: Okay. Have you had a chance to review your BWC of the incident?

A: No.

Q: Have you had a chance to confer with your legal representative?

A: Yes.

Q: With those questions in mind, are you willing to proceed with the voluntary statement?

A: I am.

Q: Okay. What was your assignment for the day?

A: I was working patrol on night shift in eastern division.

Q: So, night shift is? What are the hours?

A: 9:00 pm to 7:00 am.

Q: And what was your call sign?

A: 3-25 John.

Q: Okay. What area does that cover?

A: Del Cerro kind of, technically - well, that's 325 is Del Cerro.

Q: Okay. And, you're John unit, so were you riding with anyone or were you by yourself?

A: By myself.

Q: Okay. Do me a favor and, walk me through this incident from where you believe it began. So, if there are any prior incidents that we need to know about, go ahead and start walking me through that.

A: Okay. I don't remember what time the first call came out, but, probably an hour before this - the main incident, there was a call - it was a 459 hot call. I believe there was a child and a mother, the child saw a man trying to break into the bedroom window where he was sleeping. And then basically he saw him run away and get into a white minivan and flee the area before we got there. So, my role in that, during that call was to check the area. I was checking the area for the white minivan, the suspect description for that one. Never found them during that. And then shortly after that, another call came in, in the same area within a couple blocks. I believe of a prowler. I don't know if that was a an actual 459, the result of it, but I know there's someone in the backyard and the witness or the RP to that call says, "A black male…". I forget the details on it. But I know it was a black male and then he saw him leave. So, we thought it was similar or the same suspect because based on the time and so close together. So, I was still checking the area for the white minivan. And then, so I never found the

white minivan on that call either, but in the area. And then I started driving back to my area and then the call that we are here for came out shortly after that, maybe half hour later. I forget what time exactly. And I immediately started driving back to the area.

Q: What was the call?

A: A 459 hot call. Hot prowl.

Q: Do you remember what it was?

A: Yeah, so the RP was a female saying, she said that someone's in her house. She heard someone in her house downstairs, I believe. And then as I was driving there, she updated it, she heard him walking up and down the stairs. So that was the initial call. She wasn't sure how the suspect got in.

Q: Okay. So, what did you do?

A: While I was driving there and then as soon as she said, he's running up and down the stairs, I advised Dispatch, I was going to drive code 3 to the call. And I arrived with another officer and canine, shortly after that.

Q: Were there any updates along the way?

A: The last update that I remember was that she heard him going up and down the stairs. I forget the next update after that, but.

Q: Okay, so you arrive with canine. What happens?

A: Well, we were going to set up a perimeter. I think - I believe she was up in her bedroom. That, or at least that's what my thought was at the time. So, our thought was to set up a perimeter around the house. The front looked secure. The front door had a big old gate on it, so I know he didn't get in through there and it wasn't getting out most likely there. So, I went to the side of the yard with another officer, I guess it was the west side, front and we couldn't get the gate open. So, we hopped the fence to set up a perimeter on the back of the house. And then once we were in the back, I was checking the windows and stuff and I didn't see anything that was broken or anything, but there was a - it was a two-story house. So, like the front or I'm sorry, the back patio upstairs had a sliding glass door. I figured maybe that's how he got in. I wasn't sure about that. But we were just watching the back and then we heard the lady - or I'm sorry, excuse me, the reporting party start screaming. And at that point we had officers up front with canine and me and another officer in the back. So, I decided to force entry and break the glass door in the back - the black sliding glass door.

Q: Did you force entry in the back?

A: Yes.

Q: Okay. Who's with you at this point?

A: Officer Cadiente, Joe Cadiente.

Q: Okay. So, you forced entry on the back door. Do you go inside?

A: Yes.

Q: What happens?

A: I had a pretty good view of the whole downstairs. I didn't think the suspect was downstairs. Earlier you asked about updates. There was a suspect description of a black male wearing like tan shorts I believe, or something like that. Sorry to go back on that, but I just thought of that. So, anyway, after I entered the house, I didn't believe he was downstairs, and I heard the female screaming upstairs. So, I proceeded straight to the staircase, which is more towards the front of the house. Right when I rounded the staircase from downstairs, I saw the suspect grabbed the female from behind and hold a revolver or a - I don't know if it was revolver - a handgun to her head and pull her back into the - at the time I thought it was a bathroom, but I guess it ended up being a bedroom. It was directly straight, if you keep going up the staircase, it was directly straight ahead.

Q: So, you're at the bottom of the stairs and you're looking up and you see suspect behind victim, is that what you're saying?

A: He grabbed her from behind.

Q: Behind.

A: Yeah.

Q: Okay. And then you said he pointed a gun at her. How was he doing that? Can you describe?

A: From what I remember, he was waving it around too, but then there were times where he would point it at her, like at her head. He was yelling - she was screaming, and he was yelling, "If you don't back out I'm - I'll - I'll blow her head off."

Q: "If you don't back out," is that what he said?

A: Yeah. Like if we don't leave. Yeah.

Q: What would you say your distance from him was?

A: 20 - 30 feet, about.

Q: What was the lighting like?

A: The lights were on inside.

Q: Could you clearly tell it was a gun?

A: Yes.

Q: Can you describe the gun to me?

A: I want to say it was a revolver, but now that I'm thinking about it, I - now I remember it being a revolver. But I don't know, I can't really clearly remember if it was a revolver or handgun at this point, a pistol, But, I want to say it was a revolver from what I remember.

Q: Okay. Remember color or any of that?

A: I don't. I'm sorry.

Q: That's fine. So, your at the bottom of stairs. They are up on top of the stairs and he grabs her from behind, he has a gun in his hand. Do you remember what hand it was in it?

A: His right hand.

Q: Right hand. Okay. And you see him, he's waving the gun, then he points it at her head, and he tells you, "If you don't back out, I'll blow her head off." Is that what you remember?

A: Yes.

Q: Okay. And you got a clear view of what it is. So, what do you guys do next and what did they do?

A: Well, he kind of pulled her back into the room there, away from the stairwell. But he was - he was part of, well, part of his body and her body was showing from behind the door frame, in the room. But he kept poking his head back out to probably see what we were doing. And he continued to yell stuff. I don't remember what else he said, but, myself and other officers gave him commands to drop the weapon and let her go. And he did not do that.

Q: Okay. So, he pulls her back. Do you remember how many officers were in there with you at that time?

A: Initially it was just myself and Officer Cadiente, I believe. And then shortly after that, within moments probably. I know my Sergeant arrived and then a canine was there pretty shortly after that. We were all at the bottom of the stairs there.

Q: Okay. So, you guys were still at the bottom. They had backed out into a room, but he was sticking his head out every once in a while. He's yelling, but you don't remember. Can you remember anything that he said?

A: I think he repeated himself a couple times of what I said, what I heard him say. Basically, threatening to kill her if we don't leave. But, other than that, I don't remember what he said.

Q: Okay. Can you tell me what you were thinking at that point?

A: Well, I was very concerned for the female's or the RP's - I'm assuming she's the RP - for her safety, I thought he was going to kill her.

Q: Okay. What were your options at that point, did you think?

A: We were containing our position at the bottom of the stairs. I didn't - we didn't want to walk up the stairs, because like I said, he kept flashing the handgun out. And I didn't want him to shoot at us, you know, walking up the stairs. So, we were continuing our position at the bottom of the stairs. There wasn't anywhere for us to go besides where we came from, because of the front door. We could open the front door, but like I said, the gate was there, and it was locked. So, we couldn't open that. So, our options were to just contain where we were at and give him commands to give up essentially. Let her go, you know.

Q: Did you guys have your guns out?

A: Yeah, I was pointing my gun at him.

Q: Okay.

A: My handgun.

Q: At that point did you have your rifle?

A: I did not.

Q: Okay. Did he ever point the gun at you?

A: In my general direction, I don't remember specifically if it was pointing right at me, because everything was happening so fast. And, I mean, I think it pointed at us at some point, but in our direction, but I don't remember specifically pointing at me like directly, but...

Q: But you were worried about going up those stairs?

A: Yeah, I didn't want to. I felt like if we went up the stairs, he would've seen us or heard us because it would've taken at least five seconds to get up the stairs, which is a long

time and he could have shot us. We would have nowhere to go or no cover going up the stairs.

Q: When you were downstairs, did you guys have any cover?

A: Yeah, well we did. Basically, on the side of the stairs, there was a wall we tried to stand behind, but other than that, there was no cover to be able to still see upstairs.

Q: So, there's more concealment because of a wall or...

A: Or concealment, yes.

Q: Because the wall...

A: Correct.

Q: ...bullets could go straight through. So, you had concealment, but he knew you guys were there.

A: Right.

Q: What do you guys do next? You guys are down at the bottom of the stairs. He's backed into the room. What's your next move and what was your plan?

A: At that point I believe someone - I'm not sure who it was called, code 12 for a SWAT call out. And at that point, he was up there in the room alone with her, I believe. And it got a little crowded where I was at and I didn't want to be, you know, I wanted to be in a safe position. And so, I decided to go back out to get my rifle and maybe I could gain a better view of the room somewhere else, outside.

Q: At any time when you guys were inside and down below and you had eyes on him, did you think about using any of your other weapons that you had with you?

A: I mean the thought is always gone through my mind if there was something else that I could use to deescalate the situation. But at that point, I mean, I don't feel like there was an option for us at that point - or another option at that particular point.

Q: What kind of situation did you feel like you guys were in?

A: Life threatening.

Q: Okay. So, you go out, you grabbed your rifle, right?

A: Yes.

Q: And you said to get a better view. Where and what do you do?

A: Well, after I had my rifle, which was in my car, I went back to the backyard and there was that balcony, like I said, and Officer Cadiente was able to jump up on the balcony and the older gentleman was able to come out on the balcony. So, we removed him kind of from the situation or farther away, I guess. It was too far down for us to get him down. And he's probably a little too old for that, to be honest. So, I felt like we made him be in a safer position basically. And then I didn't go up there because from that point of view, I didn't have a view of the room next door, which is where the suspect was. So, I started looking around and I saw the house to the east had a roof that might have a view of the room. And I asked the older gentleman, I was like, "Hey, is the - the room next door, does it have a window facing that house?" And he's like, "Yes." So anyway, I went over there as I'm walking over on the west - I'm sorry. As I'm walking over on the east side of the - of the house, I hear a gun go off. It sounded like it was coming from where the suspect was. And I hear the female that was held hostage yell that it was his gun that went off. And then after that...

Q: So you're on the east side of victim's house. Is that where you're at, walking along when you hear the gunshot?

A: On the side of the house. Yeah.

Q: On the side of the house. And you said you hear her yell, "It was his gun." Do you remember what she said?

A: I think she said that it went off. I don't know exactly, or I don't remember exactly what she said, but something like it went off accidentally or it went off. I think she said on accident or something like that, but I know she said it went off, like it was his gun that went off.

Q: So, she yells that it's his gun that goes off. What are your thoughts when she's saying that?

A: Well, my thought was - my first thought was, I hope he's not shooting it at an officer or, you know, her or anyone else. That was my first thought.

Q: Do you know if he was or not?

A: I don't.

Q: So, at that point, you know, a round has gun off and female says it was his gun, but you don't know who or what he was shooting at?

A: I don't.

Q: Okay. What was your concern though? You said that he's shooting at her or another officer?

A: Yeah, her or an officer. Because at that point I - I had already seen him with a gun and

he threatened to kill her if we didn't leave and then I hear a gun go off and she said that it was his gun that went off. So, yeah, I was at that point, I was scared that he was either going to try and shoot one of us or her.

Q: So, what do you do?

A: Well, I proceeded to go down the east side of the house towards the front and I climbed up on their side gate, the victim's side gate. And I was able to climb over the wall. It was like a wall that connected both houses, basically. And I was able to get up on the roof to the east. And, so I just walked up on the roof till I had visual of the room and the room that they were in the window, the, sorry, the blinds weren't closed. It was wide open. Like I could see in the room.

Q: Okay. What happens next?

A: Well, I advised Dispatch that I had a view of the room and I could see that she was sitting down on the couch and he was like saying something to her. I'm not sure what he was saying, but it looked like he was like telling her something and then he - that was just for a second. And then he starts walking back and forth, in the room. She was sitting down on a couch or a seat or something. And, so I advised Dispatch that I have a visual of him and I didn't believe anyone else did.

Q: What are you thinking throughout this?

A: Well, just moments prior I had heard him shoot the gun that he had, and I felt like her life, like, I was still afraid that he was going to kill her. I mean, like I said, we had given him commands and warnings to give up and drop the weapon and let her go. And he refused all that. He threatened to kill her. And so he walked back and forth once or twice. And as soon as he came back into my view, I knew she was to the side, so I shot my rifle at him.

Q: Could you see if he had his - had the gun?

A: I couldn't clearly see in the room. It was kind of dark in the room itself.

Q: So when you start to fire, you said, start to fire your weapon at him. What causes you to start firing?

A: I felt like he was a threat to her life, and if I didn't shoot at him at that point, then he might kill her or go out of view and then shoot at one of our officers or something, you know.

Q: So, at that point, you have a view of him. How far away did you feel like he was, and this is just estimate how far you felt he was away from you?

A: Probably 30 feet, maybe. Maybe 40, I don't know.

Q: Okay. And you're looking into a window and was the light on in that room? You said it was a little dark.

A: It wasn't pitch black. It was like - it wasn't as bright as this room, like with all the lights on. It was like, it might have been the light from the hallway. Like I could see in the room enough to see the female on the seat or the chair. As I was looking to the room, she would've been on the right, like, against the wall. And he was walking. He started walking in the middle of the room back and forth.

Q: Okay. So he's basically pacing back and forth. Okay. Do you have a clear view of him?

A: Like, could I see him clearly, is that what you're saying? I don't...

Q: Just describe your view of him best you can.

A: I could tell for sure it was him. But as far as...

Q: What could you see?

A: I could see most of his body, not his whole head, but like maybe like the lower half of his head and he was walking back and forth. So, there was times where I couldn't see him that much. And then I could see him almost his whole body.

Q: Okay. So, the first shot you take, where is he and what kind of view do you have?

A: He walked back towards her, turned around and walked back towards the center of the room and he stopped and started turning. And I wasn't sure if it was in my direction or not, but he started turning and that's when I took my first shot.

Q: Okay. And how many shots do you think you fired?

A: I remember, I think four.

Q: Okay. As you're shooting, what do you see happening to him? Is there any reaction?

A: So, after my first shot, I'm not sure what the exact term would be, or what it's called, but the smoke from the barrel not smoke, but it distorted my view of the window after the first shot. But I took, I believe four shots, very rapidly. And, moment like two or three seconds after that, I had a clear view of the window again, and I saw him down on the floor. I could see his lower half of his legs and his feet. It looked like he his face down. And then I could see her still sitting in the chair, the same chair she was.

Q: What caused you to stop firing?

A: Well, I wanted to make sure that she didn't get up and run into my line of fire or - and I wanted to see what was happening with him at that point.

Q: Has the threat diminished at this point, do you feel?

A: Yeah, I feel like once I saw him lying on the floor. Well I wouldn't say the threat was diminished, but, because I couldn't see if he still had the gun at that time.

Q: What's going through your head at that point?

A: Well the female's safety. So, I saw her still sitting there, so I screamed at her, like, "Get out of the house," "run out of the house." And after two or three times of saying that she eventually got up and ran out of the house. But, like a moment before she ran out, she said, "He threw the gun." So, basically, she said, I heard her yell, "He threw the gun" and then I started yelling at her, "Well, run out of the house," you know. And then she ran out of the house. And then I could still see him moving around. He didn't get up, he just moving around on the ground.

Q: Okay. So, you fired your rounds. How long after you fired do you hear her say that?

A: Maybe 5 seconds.

Q: Okay. So, do you think that occurred after you had fired or before?

A: I felt like after I shot my rounds, he then after that, then he threw the gun. That's what I thought.

Q: That's what you were thinking as this is going on?

A: Right.

Q: So, at that point, she says he's thrown the gun. Has the threat changed for you at that point?

A: Well, if what she was saying was accurate, which I didn't have any reason not to believe her. I believed her that he threw the gun and after she left the room, then I felt better about the situation after she had left. And I heard that over the radio that she exited the room.

Q: Okay. So, you said he's still in there and he is moving around. Can you see what he's doing from your vantage point?

A: No. And even though she said he threw the gun, I didn't have a visual of it. He's still in the room moving around. So, that was still a concern of mine that he might try and grab the gun, that he threw.

Q: All right. What happens next?

A: Basically, I'm just airing on the radio everything that I see. And, I'd say maybe 30 seconds after all this occurred, after the female left, then officers aired over the radio

that they had taken him into custody. I didn't visually see that, but they aired it over the radio.

Q: So, you didn't actually see them take him into custody?

A: No.

Q: Where were you at that point?

A: I was still on the neighbor's roof.

Q: Okay. Do you ever get another - so you - when you're up there, do you ever see him get up or anything after that? Or it's just he's down on the ground and then officers take him into custody.

A: He never got up off the ground from what I could see. I was giving him commands to not reach for the gun. Let me see your hands. And, he moved around quite a bit after that, but he didn't get up or leave or anything like that.

Q: Okay. And then what do you do after that?

A: Well, after the officers aired that they had taken him into custody, I slowly got off the roof and went out front and put my rifle in my car.

Q: Do you unload your rifle or any of that? Or what do you do?

A: I unloaded it, yeah. And, stored it into my - the back of my vehicle.

Q: Do you store it in anything?

A: In my gun case, in the back of the secure area.

Q: And, I'm assuming at that point, there's a round in your chamber?

A: Yeah, when I first came down, yeah. There was a round in my chamber. And, so I removed the magazine and cleared the chamber and put that round back in the magazine.

Q: So, the round that was in the gun is put back in the magazine?

A: Yes.

Q: Will we know what magazine that is?

A: Well, if you're looking at my plate carrier, it would be on the left is the one I used.

Q: Okay. When - because I know you have an injury on your head, when does that

happen?

A: So, when I was exiting the house to get my rifle, I was running. So, the glass that I had broken, the glass door, the top of it hit my head as I was running out.

Q1: I got some questions I want to stay, right at this part though. When you climb up on the roof and you're looking in there, you said the blinds are wide open. Is the window open?

A: I couldn't tell. I could see like there was something there, but maybe just because of the lighting, I couldn't tell if it was closed or if it was like the screen part. I'm not sure.

Q1: But when after you shoot and you're yelling at, you know, her, like she's like, "He threw the gun." And you're like, "Get out of the room." Do you feel like she's hearing you?

A: I think she could.

Q1: Okay. I mean is she looking in your direction or?

A: I don't think she ever, like - I don't remember her looking at me, but I was yelling, screaming at her, like, "Get out of the room," and I felt like she could hear me. Yeah.

Q1: Okay. When you are on the roof do you have any cover up there?

A: No.

Q1: Okay. And what's your platform? Like how are you standing?

A: I don't really remember to be honest.

Q1: Okay. I guess what I'm asking is like, you know, if you were standing right here, you know, you could get into a regular shooting stance, like at the range or whatever, or if you're laying down, you know, you're prone down on your stomach or whatever. Do you remember like how you were standing or?

A: Yeah, I know I wasn't laying down. I don't remember if I took a knee or if I was standing to be honest. I know I didn't lay down. I do remember backing up from the edge because I felt like that gave me a little bit of like, cover or concealment, I guess. Because it was where I was at. It was higher than he was. And if I was away from the edge of the roof, then that gave me like - if I was to lay down, he would have been able to see me. If that makes sense, but, yeah.

Q1: Okay. Are you on a flat part of the roof or is this slanted?

A: It was slanted pretty steep.

Q1: Okay. When you look in - I just want you to go back and describe what you can see. You say she's on a couch. How much of her can you see?

A: If I walked a little more to the left, I could see her whole body, but I stayed where I was to have a better visual of him. So, I could still see that she was there. Like I could see a little bit of her, I guess it would've been her right side. And, I could see him as he was walking back and forth.

Q1: Okay, so you're looking at her right side. So, she's seated and you're looking at her right side. So, she's, you know, facing one way. And where is he in proximity to her?

A: During the whole time or during - or at what point? I'm sorry.

Q1: Yeah. If you can describe where he is and where he is moving in proximity to her, based on your vantage point.

A: When I first got up on the roof, he was very close to her, like standing directly next to her. And then the longer I was up there, he started walking back and forth. Like I said, so the farthest she got away from her was probably, like 8 feet. And then he walked back and forth to her.

Q1: And what you're looking through is one window. Are there multiple windows or what are you looking through?

A: It was just one window, probably 5 feet wide, maybe 6 feet wide. The upstairs window.

Q1: All right. I'm going to kind of go back to the beginning or, to a few things that Sergeant Turner asked and just kind of clarify some things. So, he asked you initially, had you had a chance to view your BWC and you said no. Why was that?

A: It fell off during the incident.

Q1: Okay.

A: I'm not sure where.

Q1: Okay. And then the first call that comes out the 459 hot prowl where you're checking the area. Are you actually assigned to that call?

A: Yes.

Q1: Okay. And then when the second call comes out, are you assigned to that call as well?

A: I believe I was, but I'm not sure if I was. I know I was on one of them because it came out so soon or close to each other. I don't know. I don't remember if I was dispatched to the second one, but I responded to it. It is in the same area. I was still looking for the suspect, so.

Q1: When the third call comes out, you said you were going back to your area, and it's aired. So, you turn around to come back in and you're going to roll code 3 based on what you've heard. Where were you when you got that call? Like how far away from the...

A: I just got on the 8. So, I was like at Fairmont and the 8 and I turned around, got back on the 8 and then 15 north. And then I started going code 3 at, like 15 and Aero.

Q1: Okay. And then when you arrived on scene, where did you park your car?

A: As I was approaching the house I kind of pulled to the - it would've been to the east and I angled my car towards the house.

Q1: Okay. And you're one of the first people there. So, are you one of the first couple cars?

A: I was the first car? Yeah.

Q1: You're in the back and you guys hear the screaming upstairs and you decide to force entry. How do you do that?

A: With my baton, I broke the back glass door.

Q1: Okay. With your expandable baton you took it out and you smashed the glass?

A: Yes.

Q1: Okay. Now, what I want to focus in is, you make entry and you're with Officer Cadiente that's right - right?

A: Yes.

Q1: Are you ahead of him or who's in front there?

A: I think, I believe that was the first one. Yeah, I mean, I think I was, yes.

Q1: And then you guys come to the stairs and as you round it, what you say is you see the suspect, he's at the top, he grabs the female and then, you know, is putting a gun to her head. How does he grab her?

A: He was standing behind her and I don't remember exactly, but I could tell he was controlling her by her body movements with his left arm.

Q1: So, when you say that, do you mean that she seems like she's trying to get away or struggling against what he's doing?

A: Yeah, it didn't seem like - it - it seemed like he was controlling her. Yeah. Like I could

see he had the gun in his right hand and she was being pulled back with his left arm and his body basically.

Q1: Okay. When you say pulled back, is, you know, is he jerking on her back or is he just the gun and she was walking back?

A: I don't remember. I was - at the time, I was just focused on that - on the gun. And, I just remember her, both him and her moving back into the - behind the doorway.

Q1: Is she saying anything or doing anything at that point?

A: Yeah, I don't - I mean, I know she was, but I don't remember. Yeah.

Q1: Because you're - because your primary focus is this weapon?

A: Yes.

Q1: Okay. What was his - I know that you told us, he said, you know, essentially, you know, "If you don't back out, I'll blow her head off." What was his demeanor when he said these things to you? Let me clarify. So, I mean, he could say it, you know, like calmly, "If you don't back out. I'll blow her head off." He could scream it at you. You know, what do you remember about the way he said it? His face, like how was he?

A: He didn't scream. He said it like in a very, I guess you could say like a very serious tone. Like he meant it. I don't think - I didn't feel like he was like – he just said it in a way that it was - I don't know how else to say it other than like a very serious tone, like - like not screaming, but definitely like a - I'm trying to think of the word. Sorry I'm sorry, I can't think of the word I'm trying to say, but, in an intimidating manner, like, "If you don't leave, I'm gonna blow her head off," you know.

Q1: Okay. And at that point, you guys are responding back to him. And what are you saying?

A: Drop the gun. Let her go. You know. Things of that sort.

Q1: You said, so eventually, you know, more people come, sergeant comes, canine comes and you're all kind of right there. You can't get out the front because the security door is going on. And you said it was crowded. You moved to go get your rifle and see if you could get a better vantage point. When you left, what were the - were the officers - what were they doing there at the bottom of the stairs?

A: Well canine was there. And I know there was an officer with a rifle and a another - and my sergeant with his handgun and they were just keeping an eye on where - at the corner of the door where he was.

Q1: Were they still attempting to talk to the suspect?

A: Yeah, the whole time they were, you know, commanding him to give up, to drop the weapon and let her go all this stuff. And...

Q1: Okay. So, you go back and get your rifle and then as you're coming around the east side, you hear a gun go off. Could you tell that it was inside the residence?

A: It sounded like it was, it didn't sound like it came from the outside.

Q1: Okay. And was it loud?

A: It was very loud. Yeah.

Q1: Okay. And then you continue on and that's when you get on the roof. That was it. See if I got anything else. After you fire from the roof, did you stay in the same position that you were at?

A: I did. Yeah.

Q1: Okay. So - and you held that position and what you're doing is you're airing what you're seeing so that they can figure out how to come up and approach the suspect?

A: Yeah, because I didn't - if I would've seen him get up, I would've aired that because that's important for the officers inside the house to know.

Q1: Okay. And when you're standing on the roof at a slant there with your rifle, do you have a sling on your rifle?

A: I do.

Q1: Okay. You're standing there with your sling. Is there any opportunity or any reason that you would've transitioned to a less lethal option or anything like that?

A: No, not that I can think of. Nothing that would've been effective.

Q1: And then the last question and I just want to have you answered this is, you responded to the 459 hot prowl. There was another call. And then there was this call, in your mind, was this the same suspect that was at all the three calls?

A: Definitely. The white minivan was in the driveway. I thought it was, yes.

Q1: As you're on scene there, did anybody ever run the van?

A: Yeah. I believe it came back to a 215 vehicle.

Q1: Okay. Do you remember when that was aired?

A: I don't because I don't remember hearing that on the radio. But I do know that

occurred. Yeah.

Q1: I think that's it.

Q: Yeah. So, first call is that 459, right?

A: The one with the child...

Q: With the child. So you've got a 459 with the child, hot prowl. And now you've got a second, 459 and then you've got a third, between any of those do you go to any other calls?

A: No.

Q: No. So is just 1, 2, 3. Are they all basically in the same area?

A: Very close to each other same neighborhood. Yeah.

Q: Okay. When you're going to that, what's your thought process?

A: Well my thought was that we didn't find the guy and now he's in someone else's house. That was my thought.

Q: Okay. And when you get there, do you see the van?

A: Yeah, the white van was out front. Yeah.

Q: So when you see...

A: I'm sorry. It was in the driveway.

Q: When you see that van parked there, what is your first thought?

A: Well, my first thought was, that's what we were looking for from the other two calls the white - well, the first call was a white minivan. The suspect description was - that's what that was. And then there was a white minivan in the driveway. So that's even more of a reason for me to believe that it might be the same suspect. From the other two.

Q: You possibly have a suspect that's onto his third, 459. The first two sounds like they weren't successful?

A: Right.

Q: Okay. But now you've got a third one. You've got a female reporting he's inside. You see the white van. And then you screaming, right?

A: Yeah.

Q: Okay.

Q1: When you're coming back around with your rifle and Cadiente is on the balcony, did you get - you didn't get up there as well, right?

A: I did not.

Q1: Were you there when the man was brought out there?

A: Yes.

Q1: Okay. Can you just walk me through that again? So, this is you've come back around with your rifle and you're in the backyard now, right. And you're looking up and Cadiente is on the balcony. How high is that thing?

A: It was 12 feet high. Maybe it was pretty high up.

Q1: So, it's like a second story.

A: Yeah. I mean, my first thought was to try and get him out there, get him down, but, I don't think we could have done that without him falling and hurting himself.

Q1: How big is the balcony?

A: It was kind of smaller probably. I don't know, 5 feet wide by 10 feet.

Q1: Okay. So very limited space there. So how does that occur in the back when you're back there, Cadiente is there and then what's happening? How does the man eventually end up on the balcony?

A: So, Officer Cadiente climbed up on the balcony. And the balcony is connected to their bedroom that's on the west - southwest side of the house. And the bedroom that the suspect was in was directly east of that. And the bedroom door was closed to the man's bedroom. So, anyway, Officer Cadiente climbs up on the balcony. And we didn't - I didn't even know he was up there, but he - I guess he saw Officer Cadiente, I think. And then he came walking out and we made him stand in the far corner of the balcony to get as far away as possible, I guess, you know. And, that whole time I'm still down below looking up and there was - next to - so the suspect or the bedroom where the female was at, there was also a window that faces the backyard too. So, we were keeping an eye on, an eye on that in case the suspect came out through that window or look out the window. So that's basically what we were doing back there at that point.

Q1: And, do you, and Cadiente, you know, communicate there, like, "Hey, we can't get him down." You know, "You stay there or I'm going to go this way."

A: Yeah. I said, "I don't think we can get him down." He can't climb down himself. And, I just don't think there was any way we could get him down without him falling. So, the best option at that point was for him to stand in the corner, the far corner of the balcony and Officer Cadiente was in front of him watching the closed bedroom door. Yeah.

Q1: Okay. And so, then you leave Cadiente with that - with the gentleman, you know, extracted as best you, can you go around and that's when you get on the roof?

A: Yeah. Yeah.

Q: You're on the roof, suspects in the room. Do you know what your backdrop is?

A: Yeah, I was kind of - that was a worry of mine because I didn't, you know, it's something you should always think of. But I felt like the angle I was at was as best as I could get basically the backdrop, so.

Q: Yeah. Did you know your relation to where the stairs and where officer, I'm going to pronounce it wrong...

A: Cadiente.

Q: Cadiente is, do you know where the relationship or where everybody is position wise, basically?

A: Yeah. I knew where the officers were. At the bottom of the stairs, they would've been far down to the right, basically from my vantage point. And then Officer Cadiente. I was kind of high up - higher up looking down at an angle. And he would've been, not directly in my line of fire from what I thought.

Q: So, based on where you were and what you saw, you felt like where everyone else was, you got the suspect in your backdrop. They're not in the line.

A: I didn't believe...

Q: For the most part.

A: Yeah. I didn't believe so. Especially the officers by the staircase. Definitely not in my line of fire or sight. And then also the female in the room, she was to the right of the suspect, so.

Q: Did you feel like when you fired, that was your best opportunity?

A: Yeah.

Q: Okay. Anything else? Anything else you think we need to know, to add?

A: Not that I can think of.

Q2: Can I ask him just a couple things...

Q: Yes, of course.

Q2: So, based on the fact that this was the third call in a row similar, and you said that you believed that it was the same suspect. When you're in the backyard of the house, you hear the female scream, go inside, see him pointing the gun at her, holding her. Was there any doubt in your mind at that point that she was truly a hostage?

A: No.

Q2: Okay. And then, you go back out, you get the rifle, get up on the roof. Now he has threatened to shoot her. You've seen him pointing a gun at her. He forced her back into another room where he presumably knows, now he's cornered. And when you see him pacing back and forth, does that give you any kind of indication of what his mindset may be at that point?

A: Yeah. I believe that he felt like, I mean he didn't - I don't think he thought he had anywhere to go and that was his hostage.

Q2: Okay. And did you - did he appear agitated as pacing back and forth while she was there?

A: He did appear agitated. Yes.

Q2: And what, based on the totality, his appearance, what he had done, the fact that he didn't let the hostage go, even knowing he had been cornered by the police, what did you think was going to happen if you didn't fire at him?

A: I felt like he was potentially going to kill her. Yeah.

Q2: That's all I have.

Q: If you don't mind, can we go back to when he made that comment to you, and I know Lieutenant had asked you like to kind of describe that and you had a little bit of difficult time describing it. Is it difficult because it was serious or was it that when he said it, he said it in such a way you're like, this guy's serious.

A: That's what I was - that's what I'm trying or that's what I was trying to explain or describe. And that would be correct that he said it in a way that was like, he meant it for sure. Like - like he - I believe him. I - I - he - he said it a very aggressive, serious way. Yeah.

Q: Because you've got, you know, where someone might say something where you're like, he's saying it, but I think he's just saying it to try to get away. There's the, he's

saying it and oh my gosh, I think this guy's going to do it. And it seems like, is that kind of where you're at? Like this guy is for real, this is going to happen?

A: Yeah, it definitely - I thought he was definitely - I thought he was going to do it. Yeah. That's what he - that's what I - sorry.

Q: It's okay.

A: I - I - I - I just thought that he was going to do it just based on how he sounded and the way he said it.

Q: Did you ever think at that moment, "You know what, we just need to back out?"

A: I mean, I thought about it, but I didn't want to leave. I didn't want to back out of the whole house because then based on like where we were at the bottom of the stairs, we could see the bedroom that he was in. And I didn't think he could leave without us seeing him. I mean unless he jumped out the window. But, I felt like where we were at the bottom of the stairs was a good position to hold. Because that's how you could get upstairs.

Q: Did you think her life might be in danger if you left?

A: Yeah. Yeah. I mean, definitely hers and ours, but there weren't really too many places to go without him having a line of sight on us. So that was pretty much the only spot where we could be and still see where he was at.

Q: Based on what you had experienced through this whole thing. Did you think at some point he was just going to let her go and...

A: No.

Q: ...walk away?

A: Not at all.

Q: All right. Anything else? All right, we're going to end it. Time is 0851.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence):	April 09, 2022 (Saturday)
TIME (occurrence):	0218 hours
LOCATION:	[redacted] Viacha Drive, San Diego CA (Beat 312)
SUBJECT:	**OIS/ Special Investigation – Case #22-015491** Officer: RICHARDS, Patrick #7227 Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted] **SDPD: Event #22040012462**

PROCESSING OF OFFICER RICHARDS:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] *heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.*

> *TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.*

The briefing ended at 0535 hours. After the briefing, I was assigned to assist in the processing of Officer Richards (#7227).

At 0725 hours, I met with Officer P. Richards and CSS Herbert in the Lab Processing room on the 6th floor. CSS Hebert started taking overall photos of Officer Richards at 0726 hours. Officer Richards' rifle was recovered from his patrol vehicle at the scene later that morning. See CSS Hebert's report for more details.

REPORT NARRATIVE

On 04/09/2022 at approximately 0219 hours, I was in full SDPD uniform and driving a marked patrol vehicle. I was dispatched to a burglary in progress where the male suspect, later identified as Demetrius Dontez Trussell [redacted] was running up and down the stairs inside the residence located on [redacted] Viacha Drive, San Diego, CA.

Upon arrival I assisted Officers with taking the Northwest perimeter of the residence. I positioned myself where I could see the front upstairs window and saw a black male walking around and then appeared to duct out of view. I ran back to my patrol vehicle to get my less lethal bean bag shotgun. I then heard yelling and screaming coming from inside the residence. I decided to attempt to enter the residence through the front door however there was a closed and locked front metal gate preventing me from getting to the front door. I suggested we break the fence to enter the residence. Officers who made it inside the residence opened the front door however I was unable to enter the residence because I was unable to open the front gate.

Officers began to yell out commands for the suspect to "Drop the gun." I then heard a single shot being fired, I did not see who fired. I handed my less lethal bean bag to Officers inside the residence through the closed front gate and ran back to the patrol vehicle to begin looking for a police shield to hand to officers inside. An Officer handed me a sledge hammer and I began to hit the lock of the front gate in efforts to force it open to allow more resources inside the residence. We were successful in forcing the front gate open. I entered the residence and was asked by officers to attempt to locate a police shield however I did not locate one. I ran back inside the residence and took my [redacted] firearm out of my holster and had it at a low ready.

I then heard multiple shots being fired coming from upstairs. I did not see who fired. A female then ran downstairs. I holstered my [redacted] firearm and I escorted her out of the residence and handed her to an officer on the outside perimeter. I returned back inside the residence. Officers began to give Trussell verbal commands and we moved up to the second floor of the residence. Trussell was laying face down already handcuffed by the time I reached the top of the stairs. I conducted a pat down on Trussell's for any weapons. I did not locate any weapons on his person during my pat down. I proceeded to check Trussell for any injuries and did not locate any. I asked Trussell if he was shot and he stated he did not get hit.

Origin:
On 04/09/2022 at about 0230 hours I volunteered to assist on a burglary hot call at [redacted] Viacha Way, San Diego. I was wearing full police uniform and driving a marked San Diego Police patrol car. While enroute to the scene I heard over the radio that the suspect had taken two hostages inside of the house. I also heard that the suspect fired shots and that police had fired shots at him, but he was not yet in custody.

Investigation:
I arrived at the scene, removed my rifle from the rack and entered the house. I learned from officers already at the scene that the suspect was hidden in a room upstairs. I pointed my rifle up the stairs into a dark room I believed the suspect to be hiding in. The suspect eventually crawled out of that room on his belly. The suspect laid at the top of the stairs and put his hands above his head. There was nothing in his hands and officers ordered him not to move.
I went up the stairs and ordered the suspect to put his hands behind his back. He complied and I placed handcuffs on his wrists. I patted him down for weapons and had the suspect stand up. Officer Becerra (#7917) took custody of the suspect and walked him outside.

On the ground, in a room on the same side of the wall as the stair case I saw a small revolver laying on the ground. The revolver was laying in the open doorway and was pointing away from the staircase. I visually examined the revolver, without touching or moving it, and saw rounds of ammunition loaded in the gun. The revolver's hammer was locked to the rear.

I remained at the scene and secured the inner perimeter, inside of the house until I was relieved. I was relieved at 0700 hours by Officer J. Tate (#5522) and I returned to the Eastern Substation.

REPORT NARRATIVE

On 04/09/2022 at approximately 0218 hours, I was in full police uniform driving a marked patrol vehicle when I responded to a radio call stating the reporting party heard a subject in her residence. The reporting party stated the male was a black male adult approximately 30 years old, 5'10"and thin build.

When I arrived on scene, officers had already set up a perimeter on the residence. I placed myself at the south side of the residence behind a patrol vehicle, facing the garage. I drew my [redacted] firearm and held it at a low ready position.

Approximately 10 minutes later, one of the victims of the incident who was held hostage came out through the front door. She was later identified as [redacted] Officer Weaver (#1578) and I contacted [redacted] and brought her to the far south end of the cul de sac where my patrol vehicle was parked. She provided me the following paraphrased statement:

PARAPHRASED STATEMENT OF [redacted] (REPORTING PARTY/VICTIM):
[redacted] essentially stated the following.

[redacted] stated she was asleep in her room on the second floor of the residence when she woke up to unusual noises coming from inside her residence. She also noticed lights were turned on in her residence that should have been off. [redacted] stated she lived with her elderly father, who has dementia. At this point, [redacted] stated she believed her father was awake and wandering the house. [redacted] left her bedroom to locate her father.

As [redacted] walked down the hallway, she witnessed an unknown, black male inside the bathroom. The male was later identified as Demetrius Trussell. [redacted] screamed "What the fuck where is my dad?!" to Trussell. [redacted] then grabbed her father and entered the office, which was located on the second floor of the residence. [redacted] and her father attempted to barricade the door with a suit case. [redacted] called 911 as she waited in the office with her father. [redacted] then stated Trussell kicked the door open to the office and walked in holding a firearm. [redacted] described the firearm as a small, black, round firearm that looked like a revolver. [redacted] believes Trussell told her father to leave the office as Trussell entered. At this point, Trussell grabbed [redacted] by the hair on the back of her head and pushed her up against the wall inside the office. Trussell continued to hold her hair with one hand. Trussell used his other hand to hold the muzzle of the firearm to the side of [redacted] head/neck area as he

continued to press her up against the wall using his body. [redacted] stated she felt Trussell's body moving "from right to left". [redacted] continued to state, "His penis was on my ass and he was moving left to right." [redacted] stated Trussell's pants were still on at this point.

[redacted] stated to Trussell that she had to use the bathroom. At that point, Trussell pointed at a basket that was in the office and told [redacted] to "use the basket" as he continued to hold [redacted] hair. [redacted] stated she would not be able to go to the bathroom in the basket. Trussell then pulled [redacted] by the hair and sat her in a chair. Trussell then attempted to take his own pants off. As [redacted] sat down in the chair, Trussell placed the firearm on the desk and then completely removed his pants. As Trussell picked his firearm back up from the desk, he discharged the firearm, with the round firing into the ground. [redacted] believed the discharge was an accident. [redacted] then said Trussell stated, "I thought the rounds were blanks, but THAT round wasn't a blank." Trussell then attempted to move [redacted] face towards his penis in an attempt to have [redacted] perform oral sex on him. [redacted] described the force used as a 3/10 strength, with 10 being the most force used and 1 being the least amount of force used. [redacted] stated she told Trussell she did not want to perform oral sex on him. At that point, Trussell released [redacted] head and stated, "Oh I thought you'd like this." Trussell then sat down in a chair in the office and masturbated until ejaculation. Trussell then grabbed a white bath towel that was located in the office and wiped himself off. At this point, [redacted] heard loud bangs, which she believed to be flash bangs from officers setting the perimeter of the residence. At this point, Trussell fell to the ground, threw the firearm, and surrendered himself.

I remained with [redacted] unit I was directed to leave the scene by Detectives so I could be interviewed. I left [redacted] with Officer McGurrell.

REPORT NARRATIVE

Officer's Statement:

On 04/09/2022 at about 0350 hours, while on patrol in a marked patrol vehicle and while wearing a full police uniform, I responded to [redacted] Viacha Drive in Eastern Division to assist with witness checks regarding an officer involved shooting at the location. I arrived at the scene at 0359 hours. There was no answer at the door for [redacted] Viacha Court. At [redacted] Viacha Drive, I spoke with and took the statements of [redacted] and [redacted]

Statement of [redacted] (not verbatim)

[redacted] was in her bedroom with [redacted] when she heard a dog barking aggressively from two houses down the street. [redacted] looked out the window, which is at the rear of her residence. [redacted] saw a flashlight beam in the backyard of her next door neighbors, at [redacted] Viacha Dr. [redacted] heard a male voice yelling "Back off!" repeatedly. [redacted] then heard a woman's voice

but she couldn't understand what the woman said. [redacted] heard police sirens arriving at the location then heard yelling of "Drop the gun!" [redacted] heard a loud metallic "banging" sound. [redacted] heard a single gunshot, then more banging followed by four to five more gunshots. [redacted] and [redacted] moved further into the residence for their safety and did not hear anything further.

Statement of [redacted] (not verbatim)

[redacted] was in his bedroom with [redacted] when he heard a dog barking. [redacted] did not go to the window with his wife to see what was happening. [redacted] heard some indistinct yelling and a metallic banging sound that sounded like someone kicking a garage door. [redacted] heard a single gunshot followed by a short silence, then five to six more gunshots. [redacted] did not look outside at any point to see the incident.

This ended my participation in the investigation.

REPORT NARRATIVE

OFFICER REPORT:

On 04/09/2022 at approximately 0406 hours, I was dispatched to [redacted] Viacha Drive, regarding an Officer involved shooting. I arrived on scene at approximately 0417 hours. I was in full Police uniform, driving a marked San Diego Police vehicle.

When I arrived on scene, I was instructed by Lieutenant Pich #6727 to assist Officer Becerra #7917 in placing paper bags on the suspect's hands to preserve evidence. The suspect was later identified as Demetrius Trussell. I assisted Officer Becerra by placing paper bags on both of Trussell's hands. I also assisted in applying tape around the paper bags, so the bags would not slip off.

After assisting Officer Becerra, at approximately 0432 hours, I was approached by Acting Sergeant Dyemartin #6642, who instructed me to stand post at [redacted] Viacha Drive, to preserve evidence located in a hallway that leads to the back yard of the residence. The evidence that I was preserving was 6 spent shell casings.

I stood post from 0432 hours, until approximately 0633 hours. Officer McNett #7177 relieved me from post at approximately 0633 hours.

REPORT NARRATIVE

On 04-09-22, at about 0800 hours, I responded to assist Homicide Detectives at San Diego Police Headquarters (HQ) with a suspect, Demetrius TRUSSSELL (DOB: [redacted] who was arrested earlier in the morning at [redacted] Viacha Driver, San Diego, CA. TRUSSSELL was on active Parole for burglary related charges.

I arrived at HQ in full Police uniform and a marked patrol vehicle. I took custody of TRUSSSELL from Officer W. Becera ID #7526. While still in handcuffs, I took TRUSSSELL to be processed by the San Diego Police Crime Lab. While removing his clothing as evidence, TRUSSSELL refused to take off his shorts/underwear. He moved his body away us while lifting his feet/legs so the Crime Scene Specialist could not pull them over and off of his feet. I grabbed TRUSSSELL'S right forearm and wrist, pushed him into the wall with my left forearm and bent his wrist toward his palm as a pain compliance technique. Once his clothing was removed, he was given a paper suit and plastic foot covers to wear.

The Crime Scene Specialist needed to take fingernail scrapings from each of TRUSSSELL'S fingernails. TRUSSSELL did not want to have this done and closed his fists, hiding his fingers, while moving his hands in each direction to avoid us steadying his hands or fingers. He was told this process was not an option but he still would not comply and continued making a fist and moving his hands. While TRUSSSELL was seated, I pushed his upper body forward, placed my left forearm on his back to keep him bent over and bent his left palm again at the wrist. I assisted the Crime Scene Specialist with pulling his fingers out of a fist and holding them still for her to obtain the needed fingernail scrapings.
Once TRUSSELL was processed and interviewed, he was taken to San Diego County Jail where he was booked in for burglary, sexual assault, kidnapping, assault with a firearm on a person, negligently discharging a firearm and numerous other charges. See the case report for further details.

REPORT NARRATIVE

On 04/09/2022, at 0630 hours, while on patrol, in full uniform, in a marked patrol car, I responded to assist officers who were on scene at an officer involved shooting at the scene of a how-prowl burglary at [redacted] Viacha Drive.

When I arrived on scene I assisted by relieving Officer HernandezDiaz (#7986) who was standing in the west side yard of [redacted] Viacha Drive (a location where multiple spent shell casings were on the ground). I relieved Officer HerhandezDiaz at 0633 hours.

At 0641 hours, Sergeant Clay (#6959) relieved me of my post and asked me to stand by with the victim [redacted] who was sitting on the passenger's seat of a patrol car on the road in front of the residences. I relieved Officer Torres (#1236) and Officer McGurrell (#1517) who were standing by with [redacted]

At 0705 hours, Detective Mondello (#7304) relieved me and escorted [redacted] to a detective vehicle for transport to SDPD Headquarters for further interview and processing.

I then proceeded to a neighboring residence at [redacted] Viacha Drive where an elderly male (the other resident of the house) was standing by with several neighbors. I assisted by speaking with the neighbors, the elderly resident, and assisted in insuring they were able to contact friends and relatives, and were in a comfortable location while the scene was processed.

I then assisted by providing general scene security on the east perimeter of the scene (exterior road perimeter).

I observed there was a white minivan (CA: [redacted] in the driveway of the residence at [redacted] Viacha Drive. Detective Bernard (#6957) identified this as the suspect vehicle.

At 1210 hours, Detective Bernard (#6957) asked me to impound the suspect vehicle, (CA: [redacted] on an evidence hold (per 22655.5(a)CVC). I assisted by calling the tow and completing the impound form. The white minivan was a reported stolen vehicle during a hot-prowl burglary and carjacking the previous night (SDSO Case #22115378). I called TELETYPE and removed the vehicle from the SVS.

Tow driver Diaz (CA: [redacted] arrived on scene from Road One. I gave tow driver Diaz instructions not to touch anything inside the vehicle and I ensured he did not enter the exterior of the vehicle. I escorted the tow trunk to the Northwestern substation and impound the vehicle in the secure vehicle impound area (garage #3). I entered the vehicle wearing gloves just to put it into neutral and to steer it to safely park it. I secured the vehicle storage area using the attached padlock and key and I returned the key to the department lockbox.

I generated barcode #11363353 via the FileOnQ evidence tracking system.

REPORT NARRATIVE

On 04-09-2022, at approximately 0630 hours, I responded to a radio call of a burglary hot prowl at [redacted]Viacha Drive, San Diego, CA. I was wearing full police uniform and driving a marked police vehicle.

Prior to my arrival, officers on scene had already taken a suspect into custody and were holding the scene for evidence collection. I was assigned a position outside of [redacted]Viacha Drive, from which shell casings from the incident were discovered. I stood at this position until the San Diego Police Homicide Unit was able to process the area, from approximately 0645 hours to approximately 1230 hours. During that time, I ensured no one was allowed to disturb or tamper with any evidence in the side yard located on the west end of the residence.

REPORT NARRATIVE

ORIGIN:

On 04/09/2022, at approximately 1515 hours, I was dressed in full police uniform and driving a maked patrol vehicle when I responded to assist officers on a radio call regarding an officer involved shooting. The incident occurred at [redacted]Viacha Drive, San Diego, at approximately 0241 hours. I arrived several hours later to relieve 1st watch officers and to help secure the scene.

OFFICER STATEMENT:

Upon arrival, I stood at the north perimeter of the scene (Rueda Drive/Tierrasanta Boulevard). I made sure no one except for authorized SDPD personnel entered the scene. I also assisted by redirecting passersby in a way which would not interfere with scene.

I remained at this side of the scene until dismissed by Homicide.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

PROCESSING OF [redacted]

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] *heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.*

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. After the briefing, I was assigned to interview victim, [redacted] As [redacted] home had to be processed by the scene detective, I asked [redacted] if we could speak at Headquarters. I explained to [redacted] we needed to process her clothing, and her person for evidence. [redacted] said she understood, and I retrieved a change of clothes for her from inside of the residence. [redacted] had exited the residence barefoot during the incident. I grabbed her a pair of white socks and black tennis shoes. [redacted] and I left the scene and arrived at SDPD Headquarters at 0700 hours.

At 0735 hours, [redacted] and I met with Crime Scene Specialist (CSS) H. Hebert #8926 in the processing room at Headquarters on the sixth floor. CSS Hebert took her first photos at 0737 hours. [redacted] was wearing white floral pajama pants, a light-blue t-shirt, and the black tennis shoes I had provided her earlier that morning.

[redacted] is 5'8" in height, and approximately 200 pounds. She has blonde hair, and blue eyes. [redacted] told us the suspect had grabbed her by the hair at the crown of her head, and placed a gun to her right temple, and right-side of her neck. Based on that information, DNA swabs were taken from the crown of [redacted] head, and the right-side of her neck.

Below is a list of evidence collected from [redacted]

PROCESSING OF DEMETRIUS TRUSSELL:

On April 09, 2022, Demetrius TRUSSELL was arrested for multiple charges including: sexual assault during a burglary, carjacking, false imprisonment of a hostage, kidnapping, assault with a deadly weapon (firearm), sexual battery, indecent exposure.

At 0830 hours, Det. C. Bernard and I met with Crime Scene Specialist (CSS) H. Hebert #8926 in the processing room at Headquarters on the sixth floor. CSS Hebert took her first photos of TRUSSELL at 0830 hours. TRUSSELL was wearing a gray zip up hoodie, light gray shirt, blue sweat shorts, brown cargo shorts and white shoes. TRUSSELL was wearing a gold ring on his right hand. TRUSSELL was also in possession of a Breitling watch. TRUSSELL initially told me his name was [redacted] which was false. I audio recorded the processing of TRUSSELL.

The Breitling watch, gold ring, zip up hoodie, gray shirt, brown cargo shorts and blue sweat shorts were later determined to belong to [redacted] TRUSSELL became uncooperative when asked to provide a DNA mouth swab sample and when asked to remove the shorts belonging to [redacted] TRUSSELL eventually complied.

TRUSSELL is 6'3" in height, and approximately 152 pounds. He has black hair and brown eyes. TRUSSELL has the following tattoos: a Star of David tattoo on his right chest, a [redacted] inside a heart on his left chest, "Trussell" on the right side of his neck, [redacted] on the left side of his neck and a crown on his left shoulder. TRUSSELL has the following scars: abdomen, back right shoulder blade, right oblique, right arm, right forearm, right wrist, left shoulder, left forearm and forehead.

REPORT NARRATIVE

SYNOPSIS:

On 04/08/2022, I recovered a stolen 2013 Toyota Prius (CA[redacted] parked in front of [redacted] in unincorporated El Cajon, a community within San Diego County. The vehicle was unoccupied, both license plates were attached, and there was no damage to the vehicle.

Inside the vehicle, I found a brown leather wallet on the front passenger's floorboard. Inside the wallet, I found one social security card (SSN [redacted] and one Golden State Advantage card belonging to Demetrius Dontez Trussell. I also found one receipt for ROSS (retail store) from a purchase made on 04/08/2022 at about 1034 hours at store 1022.

I released the vehicle on scene to the owner/victim, [redacted] I notified Sheriff's Teletype and the vehicle was removed from the stolen vehicle system. I took photographs from the vehicle, all evidence, and the scene to document this investigation. [redacted] provided two oral reference swabs as evidence. I took two swabs of the vehicle's steering wheel as evidence.

There is body worn camera footage for this investigation.

ORIGIN:

On 04/08/2022, at about 2142 hours, I received an email from Vigilant Solutions notifying the license plate belonging to a stolen vehicle (CA/[redacted] had been scanned at 2411 Jamacha Road in unincorporated El Cajon, a community within San Diego County (CAD#E7750966).

BACKGROUND:

On 04/08/2022, at about 2151 hours, Sheriff's Deputies responded to several burglary and one carjacking radio calls on [redacted] in unincorporated La Mesa, a community within San Diego County (CAD#E7750965 and CAD#E7750947). The suspect was described as a black male adult in his

thirties, wearing a dark blue shirt and bright yellow pants. For further details see Sheriff's case #22115378.

INVESTIGATION:

During a Sheriff's Records check of the license plate, I received an inquiry match from the Stolen Vehicle System (SVS). The inquiry revealed a 2013 Toyota Prius (CA[redacted] was a reported stolen vehicle.
ORIGINATING AGENCY: San Diego Police Department
CASE NUMBER: 22301946W
DATE OF THEFT: 04/08/2022

At about 2154 hours, I arrived on scene and observed the vehicle appeared to be unoccupied. The vehicle was parked in front of the Chevron Gas Station, which is located at 2411 Jamacha Road. I parked at the intersection of Hilton Head Place and Hilton Head Court and maintained visual observation of the vehicle.

At about 2231 hours, I approached the vehicle and ensured it was unoccupied. I opened the front passenger door and found a brown leather wallet on the floorboard. Inside the wallet I found one social security card (SSN [redacted] and one Golden State Advantage card belonging to Demetrius Dontez Trussell. I also found one receipt for ROSS (retail store) from a purchase made on 04/08/2022 at about 1034 hours at store 1022.

I contacted the clerk at the gas station, who later notified me the surveillance cameras were not working for the day. I observed no cameras pointing to the location where the vehicle was parked. I contacted the vehicle registered owner/victim, [redacted] via telephone. [redacted] told me the wallet didn't belong to him. [redacted] agreed to go to the location to recover his vehicle.

I conducted a record check through law enforcement databases (SDFusion and jail booking records) and discovered Trussell has prior convictions for burglary and vehicle theft. I contacted Deputy McCarthy #0301 and notified him I found Trussell's wallet on the recovered stolen vehicle. I told Deputy McCarthy Trussell's description matched the one of his suspects (see Sheriff's Case# 22115378 for further details).

I contacted Sheriff's Teletype and removed the vehicle from the Stolen Vehicle System (SVS). I took photographs of the vehicle, all evidence, and the scene for documentation. [redacted] later arrived on scene and provided the following summarized statement.

STATEMENT OF [redacted] (VICTIM):

On the night of 04/07/2022, [redacted] left his vehicle keys on top of his backpack inside of his house located at [redacted] in the City of San Diego. On the morning of 04/08/2022, [redacted] noticed his vehicle keys were no longer on top of his backpack. [redacted] walked out of his house and noticed his

front door was unlocked. [redacted] believed he left his front door unlocked. [redacted] walked outside and noticed his car was no longer there.

[redacted] spoke with his neighbor, who told him at about 0530 hours, he saw an African American man taking his vehicle. [redacted] didn't obtain a suspect description. [redacted] told me the San Diego Police Department (SDPD) officer who investigated the vehicle theft spoke with the neighbor. [redacted] told me he also noticed all items inside of his bathroom were in disarray, as if the suspect had used his bathroom. [redacted] told me he was missing the key fob.

[redacted] told me he is the sole driver of the vehicle. [redacted] told me no one else had driven his vehicle within the last couple of months.

INVESTIGATION (CONTINUED):

[redacted] consented to submit an oral swab sample for evidence. [redacted] provided two oral swabs as evidence. I took two swabs from the steering wheel of the vehicle. [redacted] told me a plastic bag containing a pack of boxer briefs and socks didn't belong to him. I seized these items as evidence. [redacted] took possession of his vehicle. This concluded my preliminary investigation.

EVIDENCE:

FACTS ESTABLISHING ELEMENTS OF CRIME AND IDENTIFICATION

On April 9, 2022, San Diego Police Dispatch received a phone call from reporting party, and victim, [redacted] called police to report an unknown black male in his 30s wearing beige knee-length shorts, had broken into her home. [redacted] father, [redacted] was also home, [redacted] reported she and her father were in an upstairs bedroom. When officers arrived on scene, they reported they could see a male in the upstairs bedroom, and a white mini-van parked in the driveway (CA License Plate [redacted] said the male entered the room she was in and had a gun. Officers made entry into the residence, and updated the male had a gun, and barricaded himself in the upstairs bedroom with a female hostage.

Officers updated they heard shots fired in the residence, and Officer P. Richards #7227 engaged the suspect with an exchange of gunfire. The suspect was not shot but surrendered to police at this time. The suspect was taken into custody inside of the residence and was positively identified as Demetrius Dontez Trussell (DOB: [redacted] and [redacted] both said the white mini-van parked in the driveway was not theirs. Officers on scene ran the license plate, which revealed the vehicle had been stolen out of the city of El Cajon on 04/08/22 (SDSO Case #22115378).

Based on [redacted] statement, [redacted] woke up some time early in the morning on 04/09/22. [redacted] saw lights on in her hallway, and thought her elderly father had gotten up in the middle of the night. While looking for her father, [redacted] saw a tall, muscular, black male masturbating in her upstairs bathroom (Demetrius Trussell). [redacted] and her father [redacted] were able to run into an upstairs bedroom. [redacted] called 911. During the 911 call, [redacted] said Trussell entered the room she was hiding in, and he had a gun. Trussell made [redacted] father leave, grabbed [redacted] by the hair, and held the gun to her head. (According to officers, they made entry into the house, and observed Trussell hold a gun to a female's head and push the female in front of him.) [redacted] moved away from the doorway with Trussell. At this time, Trussell, while wearing shorts, rubbed his erect penis against [redacted] buttocks several times over her clothes. Trussell put the gun down briefly and pulled his pants down. Trussell grabbed [redacted] hair and threw her onto a couch in the room. Trussell grabbed [redacted] head and attempted to pull her face towards his erect penis to oral copulate him. Trussell then grabbed the gun, and the gun discharged into the floor of the bedroom. Trussell threatened to shoot [redacted] in the knee. Trussell kept the gun in his left hand and sat down in a chair opposite [redacted] Trussell masturbated in front of [redacted] while holding the gun in his hand. Trussell ejaculated, and that is when [redacted] heard multiple gunshots. Trussell surrendered to police, and [redacted] ran out of the room, and to police.

Trussell was placed under arrest for 220 (b) PC – sexual assault with force, 460(a) PC – Burglary of an occupied dwelling, 210.5 PC – false imprisonment for purpose of using victim as shield, 207(a) PC – kidnapping, 245(a)(2) PC x 2 – assault with a firearm, 246.3(a) PC – negligent discharge of a firearm, 314.1 PC x 2– indecent exposure, 243.4(a) PC – sexual battery with restraint, 3056 PC – violation of parole, and 10851 VC – stolen vehicle. Additional 460(a) PC cases are pending.

In a post-admonishment interview with Trussell, he told detectives he did not remember what happened prior to police custody.

I declare under penalty of perjury that the foregoing is true and correct to the best of my information and belief.

REPORT NARRATIVE

SYNOPSIS:

While [redacted] was sleeping in his bedroom, an unknown subject entered his unlocked front door, used the shower and took a backpack and keys. The subject also took [redacted] car which was parked in the apartment complex lot. The value of the backpack and keys is approximately $105.

I interviewed a witness who saw the suspect leave the apartment and take the vehicle. The witness may be able to identify the suspect. The suspect is described as a black, male possibly in his 30s wearing a white t-shirt.

The vehicle was entered into the stolen vehicle system. Five fingerprint cards and one stick of deodorant was impounded as evidence. There is no one in custody for the 459PC-Burglary and 10851(a)CVC-Stolen Vehicle.

ORIGIN:

On 4/8/22 at approximately 1700 hours while in full police uniform driving a marked SDPD vehicle, I responded to investigate a residential burglary at [redacted] in San Diego. The reporting party was [redacted]

INVESTIGATION:

Upon arrival, I spoke to the victim, identified by his CDL as [redacted] stated that at approximately 1045 hours (4/8/22), he discovered that this backpack and car keys were missing. When he went outside to look for his car which had been parked in the parking lot in front of his apartment complex, he noticed it was missing and called police to make the report.

BACKGROUND:

None.

STATEMENTS:

[redacted] provided me with the following statement (paraphrased):

Statement of [redacted] Victim:

[redacted] stated that he had gone to bed at approximately midnight and woke up around 0830 hours (4/8/22). [redacted] believed that he most likely left his front door unlocked when he went to bed. At around 1045 hours, [redacted] noticed that his olive green colored backpack was missing and the keys

which were set on top of the backpack were also missing. [redacted] stated that when he went outside, he saw that his car was also missing. Additionally, [redacted] noticed that the towel in his bathroom was soaking wet and several items were moved around his bathroom.

[redacted] stated that he threw his deodorant in the trashcan because it had been used and he believed the suspect used his hair gel. [redacted] stated that he recently cleaned his bathroom and believed the fingerprints on the shower wall and mirror were the suspect's fingerprints.

[redacted] called the police to report the incident and as he was waiting, a neighbor from across the street at [redacted] Adams Avenue walked over and let [redacted] know that he may have witnessed the suspect leave the apartment and take the vehicle.

End of Statement.

INVESTIGATION CONTINUED:

[redacted] stated that no one else had permission to enter his apartment or drive his vehicle and could not think of anyone who may have committed the crime. The backpack and keys were on the chair located just inside the entrance of the apartment when they were stolen. The stolen backpack contained miscellaneous papers and books. [redacted] didn't hear any commotion in his house while he was asleep but he stated that he sleeps with his bedroom door closed and is a heavy sleeper.

While wearing gloves, I used my department issued fingerprint kit to lift prints from the shower wall ledge, the bathroom mirror and the hair gel canister. I also took the deodorant out of the trashcan and placed it into a paper bag to impound. I took photographs of each area the fingerprints were lifted from and the rest of the apartment.

After collecting the evidence, I went across the street and spoke to the resident at [redacted] Adams Ave. [redacted] was seated in a chair in front of the residence in the porch area and was identified by his CDL. [redacted] agreed to provide me with a statement.

Statement of [redacted] Witness (paraphrased):

[redacted] stated that at around 0530 hours, he was sitting in his chair in front of the house smoking, as he was during the interview. [redacted] saw a black male adult wearing a white t-shirt exit [redacted] apartment and walk down to the entrance of the complex parking lot. [redacted] sad that the subject had items in his hands and stood at the corner as if he was waiting for an "Uber." After standing on the corner for a few minutes, the subject got into the gray Toyota Prius and drove away.

[redacted] stated that it seemed suspicious but felt uncomfortable reporting the incident in case the subject was actually a guest of [redacted] [redacted] described the male as a black, male, wearing a

white t-shirt and was possibly in his thirties. [redacted] stated that the subject did not look homeless. [redacted] was unsure if he would be able to identify the subject.

End of Statement.

The approximate value of the keys and backpack totaled $105. The approximate value of the vehicle is $20,000. I was unable to locate cameras in the immediate area of [redacted] Adams Avenue. The vehicle was not equipped with a GPS system.

I called SDPD Teletype to have the vehicle entered into the Stolen Vehicle System at 1803 hours. I provided [redacted] with a Marsy's card and the case number.

BWC Recording.

EVIDENCE:

The photographs of the scene were uploaded to Axon Capture under incident #22040011365.

The following Evidence was impounded at Western Division Substation on 4/8/22:

SDPD: Event #22040012462

SUBJECT INTERVIEWED: [redacted] [redacted]

VICTIM FOLLOW-UP [redacted] LA CUENTA DRIVE (SDPD CASE #22015466):

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following: On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office. The male was later identified, as Demetrius Trussell, and was taken into custody.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in the Tierrasanta neighborhood of San Diego, CA. All these cases occurred in the early morning hours of April 09, 2022.

TRUSSELL had arrived at [redacted] home in a stolen white Honda Odyssey, CA license plate #[redacted] which led investigators to link TRUSSELL to two additional hot prowl burglaries, a stolen vehicle, and a carjacking. The first burglary and related vehicle theft took place at [redacted] Adams Avenue San Diego, CA on April 08, 2022 in the early morning hours. The second burglary, and carjacking of the white Honda Odyssey took place at [redacted] Brabham Street [redacted] El Cajon, CA on April 08, 2022 around 2151 hours.

During the investigation, it was revealed [redacted] had been a victim of an attempt burglary on 04/09/2022 at 0049 hours. [redacted] lives at [redacted] La Cuenta Drive in the Tierrasanta area, which is just 0.9

miles, or a two-minute drive away from the final incident at [redacted] Viacha Drive. SDPD Eastern Division Officers took a crime report at [redacted] residence under Event #22040012374, and Case #22015466.

Later in the day, on April 09, 2022, Detective C. Brown #7085 followed-up at [redacted] residence. Detective Brown took DNA swabs from the outdoor sliding glass doors [redacted] reported the male suspect tried to open. Please see Detective Brown's evidence collection report for further details. Detective Brown also relayed to me [redacted] believed he could identify the male suspect if seen again.

On April 11, 2022, I called [redacted] via telephone. I asked [redacted] if he would be willing to participate in a photographic lineup either at his residence or at Eastern Division. [redacted] asked if I could come to his residence, and we set a time for 1100 hours.

After speaking with [redacted] I reached out to Eastern Division, to see if a detective could assist me with a photographic lineup. I requested the detective have limited knowledge about the incident that had occurred on Saturday April 09, 2022, and no knowledge of the suspect. Acting Detective S. Gonzalez #7427 agreed to assist me with the photographic lineup.

A/Detective Gonzalez and I arrived at [redacted] residence at 1100 hours on the same day. I noted Tierrasanta Elementary School was just north of [redacted] home, so I could follow-up about video at a later time. I was unable to locate any residential cameras in the immediate area. [redacted] confirmed none of his close neighbors had video cameras.

I explained to [redacted] that A/Detective Gonzalez was going to present the photographic lineup to him per policy, as the investigating Detective could not show it. [redacted] said he understood, and I told him the lineup would be audio and video recorded. I exited the room, so A/Detective Gonzalez could proceed.

A/Detective Gonzalez told me [redacted] did not identify anyone in the photographic lineup, as he was not 75% - 80% certain he saw the suspect in the lineup.

Afterward, I told [redacted] I had some follow-up questions for him regarding the events that occurred in the early morning hours on April 09, 2022. [redacted] confirmed his information from the initial crime report and provided some additional details about the incident. [redacted] then walked me through the residence and showed me what happened during the attempt break-in to his home.

[redacted] told me every night before he goes to bed, he locks all of his doors, and sliding glass doors, and puts a dowel in the tracks. He then activates his alarm on the 'perimeter' setting. [redacted] explained that if anyone opened a window or sliding glass door, the motion alarm would activate.

[redacted] told me he believed the male suspect jumped the southeast gate to his backyard, as he had noticed the latch was slightly bent when he showed the officer who took his crime report. The southeast gate was locked. [redacted] also has another locked gate on the north-side of the house.

Based on [redacted] home location, the type of entry attempted by the suspect, and [redacted] description of the suspect, I believe the suspect to be Demetrius TRUSSELL.

Statement of [redacted]

[redacted] essentially told me the following:

Regarding the suspect description, what I told the dispatcher that night was the most accurate. The male had activated my backyard motion light when he was in my backyard. When I looked outside from my sliding glass door, it was very bright outside. The male suspect was a tall, black male, with a lean, but muscular build. He was at least 6'0" tall, and he had a very dark complexion. The male had a bald head or very short cropped hair. He had a long, oval shaped head as opposed to a round head. The male was wearing a black t-shirt with a white graphic or white lettering on it, and he was wearing dark colored pants. He was neatly dressed, and clean in appearance.

I sleep downstairs, and the bedroom is on the south-side of the house. There is a sliding glass door in the room. I was asleep when a noise woke me up. I turned in bed, and I saw the backyard motion light was on. I saw a silhouette of a man standing next to the slider. I knocked on the glass, and saw the silhouette move back. I knocked on the glass a second time and pulled the shade on the slider a little so I could look out. I saw the suspect standing a few feet away from me near my patio furniture. The guy kept looking around, like he was trying to figure out where the noise was coming from.

I opened my bedroom door, so the motion sensor alarm would go off. I let it go off for about 15 seconds and grabbed my gun from the closet in my room. I had the gun in my hand while I called 911. I didn't want to open any windows or doors while I waited for the police. I did not see which way the male went, but I'm guessing he jumped over the fence on the north-side of the house. I did not see a vehicle associated with the suspect.

Afterward, when I looked out, I saw the screen door to the slider in my kitchen (west-side of the house) was open about a foot and a half. The screen door to the slider in my bedroom (south-side of the house) was also open a foot and a half. I think that is the sound that woke me up.

The second burglary, and carjacking of the white Honda Odyssey took place at [redacted] Brabham Street [redacted] El Cajon, CA on April 08, 2022 around 2151 hours.

During the investigation, it was revealed [redacted] and her two juvenile sons, had been victims of an attempt burglary on April 09, 2022 at 0023 hours. [redacted] lives at [redacted] Rueda Drive in the Tierrasanta area, which is just 0.9 miles, or a two-minute drive away from victim [redacted] residence on La Cuenta Drive. The address on Rueda is just two blocks away from the final incident at [redacted] Viacha Drive.

SDPD Eastern Division Officers took a crime report at [redacted] residence under Event #22040012344, and Case #22015468. In the crime report, I read the recovered bent window screen from [redacted] house was taken and impounded as evidence under Barcode #11363331.

On April 11, 2022, I called [redacted] via telephone. [redacted] was shaken and upset about the attempt burglary. She told me her family has not been able to sleep well since the incident. [redacted] confirmed her information from the crime report. The only addition [redacted] added, was when her son yelled someone was at his bedroom window, [redacted] yelled she was going to get her "Gun." [redacted] believed that may have been what scared the intruder off.

[redacted] also confirmed she and her sons saw the tall, male suspect drive off in what they believed to be a white minivan. She said the vehicle exited her residence and went northbound on Rueda Drive.

[redacted] also informed me she was aware that someone called in to report seeing a white minivan drive through De Portola Middle School. [redacted] believed it would have been shortly after the minivan left her residence.

On April 12, 2022, I submitted a Lablynx request for the window screen taken as evidence from [redacted] home to be processed for prints and DNA.

Based on [redacted] home location, the type of entry attempted by the suspect, and the fact [redacted] and her two sons saw the suspect leave in a white minivan, I believe the suspect to be Demetrius TRUSSELL.

VICTIM FOLLOW-UP [redacted] VALLDEMOSA LANE (SDPD CASE #22015523):

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following: On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office. The male was later identified, as Demetrius Trussell, and was taken into custody.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in the Tierrasanta neighborhood of San Diego, CA. All these cases occurred in the early morning hours of April 09, 2022.

TRUSSELL had arrived at [redacted] home in a stolen white Honda Odyssey, CA license plate #[redacted] which led investigators to link TRUSSELL to two additional hot prowl burglaries, a stolen vehicle, and a carjacking. The first burglary, and vehicle theft took place at [redacted] Adams Avenue San Diego, CA on April 08, 2022 in the early morning hours. The second burglary, and carjacking of the white Honda Odyssey took place at [redacted] Brabham Street [redacted] El Cajon, CA on April 08, 2022 around 2151 hours.

During the investigation, it was revealed [redacted] and [redacted] had been victims of a completed hot prowl burglary sometime on 04/08/22 between 2300 hours and 0129 hours on 04/09/22. The [redacted] live at [redacted] Valldemosa Lane in the Tierrasanta area, which is just 0.8 miles, or a two-minute drive away from victim [redacted] residence. The Valldemosa address is almost the exact distance from victim [redacted] address on La Cuenta Drive.

An SDPD Eastern Division Officer took a crime report at the [redacted] residence under Event #22040012970, and Case #22015523. In the crime report, I read some calendar pages, and [redacted] tan leather wallet had been stolen. The family believed the burglary suspect made entry though an unlocked and open, rear-sliding glass door.

On April 12, 2022, Detective C. Bernard #6957, and Crime Scene Specialist (CSS) H. Hebert #8926 processed the stolen white minivan (CA [redacted] TRUSSELL drove to [redacted] residence. Inside of the vehicle, multiple pieces of stolen property were located. Detective Bernard notified me he found a tan wallet with cards in the name of [redacted] as well as calendar sheets matching those reported by the [redacted] as stolen. For full details regarding all of the evidence located inside of the minivan, please refer to Detective Bernard and CSS Hebert's vehicle processing reports.

On April 13, 2022, I called [redacted] via telephone. I told [redacted] we had located his stolen property, and I wanted to follow-up with him at his residence. [redacted] agreed to the follow-up and we set the time for 1045 that day.

Detective Barrera #6109, and I arrived at the [redacted] residence. While there, I told the [redacted] I wanted to confirm their information from the crime report that was taken in the afternoon on April 09, 2022. Detective Barrera left the residence at this time to search for video surveillance in the area.

I asked the [redacted] about their routine of locking up their house at night. They told me they lock the front door, and their side gates are closed, but do not have padlocks. (The [redacted] installed padlocks on their side gates after the break-in.) They told me they typically leave their rear sliding glass door in the kitchen unlocked and open at night. On the night of the incident, the screen door to the sliding glass door in the kitchen was shut, but the slider was open. I believe this is how the suspect made entrance into their residence. Both [redacted] and [redacted] had gone in and out of the sliding glass and screen door multiple times since the incident.

[redacted] said she went to bed around 2300 hours on the evening of April 08, 2022. [redacted] believed he woke up to the sound of police sirens around 0210 hours. [redacted] realized items were missing from the kitchen at 0600 hours on April 09, 2022. So, the suspect gained entry sometime between 2300 hours on April 08, 2022 and 0129 hours on April 09, 2022.

The [redacted] told me at first, they were not certain someone had been inside of their residence. However, after seeing the news about the incident on Viacha Drive, just a short distance from their home, they realized someone had broken in. Both were quite visibly shaken up by the reality someone had been in their home for some time while they were both sleeping.

While speaking with the [redacted] they pointed out several things in their home that had been taken or moved around during the break-in. [redacted] told me he had left his wallet out on the kitchen table, and noticed it was missing that Saturday morning. It prompted them to look around the house. [redacted] noticed sheets from her calendar she keeps on a clipboard were also missing as well as some unopened mail. Additionally, [redacted] remembered he had left two shirts out in the living room. One was a black holiday classic basketball shirt, and the other was a gray Acapulco t-shirt. (Both shirts were subsequently found in the white minivan on 04/12/22.)

[redacted] pointed out a beige towel had been moved from the dining room table chair and onto the kitchen counter. [redacted] is the only one who picked the towel up and put it back. [redacted] said she noticed a box on the ground in her pantry as well as a plastic pitcher. [redacted] had since moved the items and cleaned and used the pitcher. Lastly, [redacted] said she found both glass closet doors in her guest rooms (westerly facing rooms) open. Nothing seemed to be missing, so she closed them.

As no evidence had been collected by the reporting officer, I collected the beige towel from the dining area that the suspect picked up and moved. I also called for a patrol unit to assist me with the collection of fingerprints from the residence. Officer M. Rundgren #7985 responded to the scene. He attempted to collect latent prints form an exterior screen that had been closed and locked on the night of the incident. Officer Rundgren also lifted what appeared to be a fingerprint and partial handprint from one of the glass closet doors in the second guest room that [redacted] told me had been opened by the suspect.

The latent fingerprint cards were later impounded in the property room of Headquarters under Barcode #11364378. The towel was also impounded in the property room of Headquarters under Barcode #11364551. DNA reference samples were also taken from the [redacted] and impounded under Barcode #'s 11364620, and 11364621.

Based on the victim's home location, the type of entry made by the suspect, and the fact the [redacted] stolen property was in the stolen white minivan driven by TRUSSELL, I believe Demetrius TRUSSELL broke into the [redacted] home.

Statement of [redacted] (Victim):

[redacted] essentially told me the following:

I usually go to bed around 9:00 or 10:00 pm (04/08/22). I get up in the middle of the night to go to the bathroom, and I didn't hear anything when I got up. It wasn't until 6:00 am that I noticed anything was missing from inside of the house. At first, I notice my tan wallet was taken from the kitchen counter. We looked around the house after that to see if anything else had been taken. My wallet, some unopened mail, and two of my t-shirts were taken as well. The first shirt was a black basketball holiday classic shirt, and the other one was a gray Acapulco t-shirt. Also, there was a towel on one of the dining room chairs that was moved. I picked it up off the counter and put it back on the chair.

When we saw the news about the break-in at Viacha Drive, we thought our break-in might be related to the others.

Statement of [redacted] (Victim):

[redacted] essentially told me the following:

I went to bed that night around 11:00 pm (04/08/22). The sirens woke me up about 10 minutes after 2:00 am. Then I heard the gunshots. But no sound in the house made me wake up. After [redacted] noticed some things had been missing, I noticed some other things had been taken and moved around. There were some calendar pages taken off the kitchen counter as well. In my pantry, I found a plastic pitcher on the ground, and a box. I put them back and have used the pitcher since then. I also noticed both glass closet doors in the guest bedroom had been opened as well. Nothing was taken out of the closets. Our nephews stayed over two weeks ago, so it's possible the prints you see on the glass closet doors might be theirs. I haven't cleaned the doors since they stayed.

-End of statements-

A Lablynx request to examine the latent print cards was submitted on April 13, 2022.

All these cases occurred in the early morning hours of April 09, 2022.

TRUSSELL had arrived at [redacted] home in a stolen white Honda Odyssey, CA license plate #[redacted] which led investigators to link TRUSSELL to two additional hot prowl burglaries, a stolen vehicle, and a carjacking. The first burglary, and vehicle theft took place at [redacted] Adams Avenue San Diego, CA on April 08, 2022 in the early morning hours. The second burglary, and carjacking of the white Honda Odyssey took place at [redacted] Brabham Street [redacted] El Cajon, CA on April 08, 2022 around 2151 hours.

During the investigation, it was revealed [redacted] was the victim of a hot prowl burglary, and subsequent vehicle theft. An SDPD Western Division Officer took a crime report under Event #22040011365, and Case #22015393. The crime occurred sometime between midnight and 0530 hours on April 08, 2022.

In the crime report, I read an unknown suspect entered the residence through an unlocked door. While inside of [redacted] home, the suspect took a shower, and used a stick of deodorant from the trash. Before exiting the residence, the suspect stole an olive-green backpack and the keys to [redacted] Toyota Prius (CA license plate [redacted] The report stated a witness saw the suspect exit [redacted] residence and may be able to identify if seen again.

[redacted] Toyota Prius was recovered on April 08, 2022 at 2151 hours by San Diego Sheriff's Deputies at 2411 Jamacha Road (SDSO Case #22115383). Inside of the vehicle, deputies located a brown wallet with cards in the name of Demetrius TRUSSELL inside.

On April 11, 2022, I spoke with witness [redacted] The interview was recorded. I asked [redacted] if he was able to identify the suspect if seen again. [redacted] told me it was dark out when he saw the male and did not feel confident he could identify him. [redacted] confirmed on April 08, 2022 around 0530 hours, he saw a tall, slender black male exit [redacted] home. The male stood on the corner for several minutes, and then got into [redacted] Toyota Prius. [redacted] said he did not think too much of the incident as he saw the male exit [redacted] apartment, and then use keys to get into his vehicle.

On April 12, 2022, Detective Bernard #6957, and Crime Scene Specialist (CSS) Hebert #8926 located a canvas bag with personal property with [redacted] name in the stolen white minivan (CA license plate [redacted] TRUSSELL was driving.

On April 13, 2022, I called [redacted] via telephone. The interview was recorded. [redacted] confirmed his information in the crime report. He provided a few additional details in regard to a timeline of the break-in. I asked [redacted] if he was missing a small canvas bag along with some paperwork. The items had been located in the stolen white minivan driven by TRUSSELL on April 09, 2022. [redacted] confirmed the canvas bag with the paperwork inside of it was his.

Statement of [redacted] (Victim):

[redacted] essentially told me the following:

That night (04/07/22), I got home between 8:00 and 9:00 pm. I left my front door closed but unlocked. I took a shower at 10:00 pm and opened the window in the bathroom. I left the window open that night. I went for a walk later, but I left the door unlocked, because I hadn't gone to bed yet. I went to bed that night around midnight.

I woke up the next morning (04/08/22) around 09:00 – 09:30 am. I noticed a small pool of water on the floor. I also noticed my towel was soaking wet. I had taken a shower the night before, but my towel was not soaking wet. So, I thought that was very strange. I still wasn't sure what had caused that, so I just finished getting ready.

Around 10:30 am, I was getting ready to leave the house, and I couldn't find my car keys. While I was looking for them, I also noticed my green backpack was missing. I finally realized someone had been in my house, and I looked outside to find my car gone.

I called the police to report the break-in, and theft of my car. My neighbor [redacted] came over to tell he had seen someone exit my apartment, and I told that to the police.

When the Sheriff's gave me back my car, I noticed a plastic bag inside with a brand-new pair of boxers, and some socks. I also found a wallet that was not mine. I gave the items that were not mine to the Sheriff's.

-End of Statement-

On April 12, 2022, I submitted a LabLynx request to process the prints taken from inside of [redacted] bathroom by the reporting officer. On the same day, I received confirmation from the Latent Print Unit that the prints came back to Demetrius TRUSSELL. Additional DNA swab testing from the evidence taken inside of [redacted] vehicle is also pending.

Based on the fact TRUSSELL's fingerprints were located inside of [redacted] residence, TRUSSELL's wallet was found inside of [redacted] abandoned vehicle, and some of [redacted] property was located in the stolen white minivan TRUSSELL was driving on April 09, 2022, I believe Demetrius TRUSSELL broke into [redacted] apartment, and stole his vehicle.

VICTIM STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the

suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. After the briefing, I was assigned to interview victim, [redacted] As [redacted] home had to be processed by the scene detective, I asked [redacted] if we could speak at Headquarters. I explained to [redacted] we needed to process her clothing, and her person for evidence. [redacted] said she understood, and I retrieved a change of clothes for her from inside of the residence. During this interaction, [redacted] dry-heaved several times, and was visibly upset. [redacted] and I left the scene and arrived at SDPD Headquarters at 0700 hours.

My official interview with [redacted] took place in the Homicide conference room on the fourth floor of Headquarters. The interview began at 0805 hours. After the initial interview, [redacted] and I took a break, and resumed the interview at 0828 hours. [redacted] interview is not verbatim, for full details please refer to the audio recording.

After the initial interview, I asked [redacted] about her night-time routine regarding locking up the house. The questioning was simply to determine a possible point of entry by TRUSSELL. [redacted] told me she typically goes to sleep before her father, [redacted] said she wakes up early, so is usually in bed around 8:00 or 9:00 pm. Before she goes to bed, she puts a dowel in the sliding glass door, and tells her dad when she does. The front door and gate are always locked. The side gates to the house are usually locked, but it was garbage day Friday. [redacted] said her father takes the trash out, and it was possible he may have left the back gate unlocked or the pedestrian door to the garage unlocked. [redacted] said if the pedestrian door to the garage were unlocked, anyone could walk into the house through the interior garage door.

It is important to note, when [redacted] first saw TRUSSELL in her home, he was shirtless, and had light blue boxers on underneath beige shorts. [redacted] described TRUSSELL as a dark-skinned black male, with a shaved head, about 5'11" tall, and lean, but physically fit. [redacted] had never seen TRUSSELL before that night.

[redacted] wanted me to know she has had training to identify people under the influence of narcotics, and she did not believe TRUSSELL was under the influence of anything during the incident. [redacted] described him as being very lucid.

[redacted] did not recognize the gun TRUSSELL used to take her hostage, as belonging to her father. [redacted] was aware her father owned an older-model shotgun, and a small "belly" gun left by his deceased wife.

Statement of [redacted] (Victim):

[redacted] essentially told me the following:

I was asleep last night. I have no idea on time regarding when I woke up. But I did wake up. When I woke up, I put my eyeglasses on. The first thing I noticed was the lights were on in the hallway; When my dad [redacted] gets up in the middle of the night to use the restroom, he usually doesn't turn the lights on. So, I found it puzzling, and was immediately worried about him. I got up, and called out for my dad, but he did not respond. The light was on in his bedroom, and he wasn't there.

The upstairs bathroom door was slightly cracked, and the light was on. When I didn't see him in his room, I assumed my dad was in the bathroom. When I walked back to my room, I looked into the crack of the bathroom door. I saw a big, tall, shirtless black man with his shorts halfway down, "jagging off" in my bathroom. (*I clarified with* [redacted] *when she used the term jagging off, she meant "masturbating.")* The male was facing the mirror. While I was freaked out, my first thought was to slam open the door, and say "What the fuck. Where is my father?" and the male said, "I don't know, but he's here somewhere." I'm still standing there, screaming, "Dad, Dad!" My dad wandered out of the home office. I wondered why he was even in the home office.

At this point, dad is in the home office, and I run to him. We close the door, and dad tells me to call 911. The only phone up there is my home office phone. The guy left us alone for the most part while I was on the phone. We heard a lot of noises both downstairs, and outside. For a moment, we thought he had left. I don't know what the noises were. Then we heard the sirens.

When we hear the sirens, the male kicks in the door with force, and I immediately saw he had a gun. I had to drop the phone. He came up to me, grabbed my hair, and told dad to "leave" or "get out." [redacted] *physically motioned to show me TRUSSELL first grabbed her hair at the crown of her head while standing in front of her. He transitioned behind her while grabbing her hair and holding the gun to her head, when he exchanged words with the Cops.)* I can't remember the exact wording of what he said, but dad left. He put a gun to the right-side of my head while we stood in the doorway. I think he used his right hand to hold the gun. The Cops were screaming at him, and he was screaming at the Cops. At some point, I yelled at the Cops to leave, because he had a gun. I even prayed The Lord's Prayer, and I'm not religious.

During all of this, I moved away from the doorway with him behind me and was pressed against the wall. I was afraid I was going to get shot if the Officers tried to take a shot at him in the doorway. He was rubbing his erect penis against my buttocks while I was up against the wall. He moved the gun away from my temple and to the right-side of neck. He continued to rub up against me. He had shorts on, and I had my pajama pants on at this time.

I tried to start talking to him, to see if I there was anything I could do to help him. I told him I had to go to the bathroom, and he grabbed a basket up from the office and told me I could go in it. I told him he had to get out of the house. I suggested he jump out a window, and he said it was too high up. I

asked him about another way he could leave. He asked me about car keys. I told him my car keys were downstairs and said he could take my car. He said, "Oh, I'm not taking your car. I'm taking you with me." I just agreed and told him however he wanted to work it.

At this point, he was trying to take off his pants. There was a light on at the end of the room, but where we were was a dark corner. There was still screaming with the Cops going on, and he had threatened he was going to "Shoot me." Then he grabbed my hair again and threw me onto the couch in the office. I was sitting there hunched up. He put the gun down at the edge of the desk and took off his pants. He had already been shirtless when I first encountered him. I thought about making a run for it, but I decided it wasn't a good idea.

He came up to me on the couch and grabbed my hair again. He pushed my face up to his genitals, and I started to tell him I wasn't very good at that and didn't like it. He said, "Oh, I thought you would like that." Again, I just tried to talk him out of it, and told him we should just pass on that.

He seemed to realize I wasn't going to give him a blowjob, so he picked the gun back up off the edge of the desk. When he did that, the gun went off. I saw a red flash, and smelled smoke. He said, "Oh, I thought there were blanks in it, but that was a real bullet." At that point I thought to myself, I'm going to die.

He continued to hold the gun and sat on a chair directly in front of me. He held the gun, which was cocked, in his left hand. He held the gun off to the side. He masturbated himself with his right hand. While he was doing this, he was still yelling at the Cops. He said something like this was a "Mexican Standoff," and he was going to "Shoot me" in the knee. He ejaculated and stood up to wipe himself off with a hand towel. I don't know where he got the towel from.

I heard what I thought were flash bangs, but later realized you guys were shooting into the house. After the shots, he flew off the chair in a seated position with his hands up. Then he got on the ground and threw the gun.

I don't remember if I was being advised or if I did it on my own, but I ran out of the room past him, and down the stairs. You know the rest from there.

SAN DIEGO POLICE
DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

VIDEO SURVEILLANCE CHECK:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

> *TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.*

The briefing ended at 0535 hours. After the briefing, I was assigned to interview victims, and witnesses. During the investigation, I read a report written by Acting Sergeant A. Dyemartin #6642 that was attached to related SDPD Event #22040012374. The report was dated April 09, 2022 at 0050 hours. In the report, A/Sergeant Dyemartin was flagged down by a male named [redacted] in the DePortola Middle School parking lot located at 11010 Clairemont Mesa Boulevard San Diego, CA.

[redacted] told A/Sergeant Dyemartin he had seen a white, newer model minivan speed eastbound through the parking lot and exit onto Clairemont Mesa Boulevard. [redacted] said he saw the minivan just a few minutes before he heard the police helicopter and sirens.

Prior to this, there were two 911 calls in the near vicinity where victims reported a male suspect who attempted to gain entry into their homes. The first call came in at 0023 hours at [redacted] Rueda Drive (SDPD Event #22040012344). The second call came in at 0049 hours at [redacted] La Cuenta Drive (SDPD Event #22040012374). The La Cuenta address is also near Tierrasanta Elementary School located at [redacted] La Cuenta Drive. So, it is unclear which event [redacted] was referring to in regard to exact time.

On April 11, 2022, I called San Diego City Schools Dispatch to request video surveillance review. I spoke with Dispatcher Alyssa #0763, and provided a date of April 09, 2022 and a time frame of 0000 hours until 0125 hours. I described the white minivan and possible camera angles I was looking for. I asked that both exterior cameras for DePortola Middle School, and Tierrasanta Elementary School be reviewed for that date and time.

On the same day, Dispatcher Alyssa called me back to say she did not locate any video footage of the vehicle in that time frame on April 09, 2022.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

At approximately 1111 hours, I met with Acting Sergeant P. Dayes. A/Sgt. Dayes is currently assigned to Eastern Patrol.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Acting Sergeant P. Dayes (Witness):

It started off as a typical third watch. It was my squad's Monday in the 310s. We were short-staffed, as usual. An officer was called in for overtime to help out. There were other calls going on. We had a lot of calls holding when we started, which is typical of a Friday night.

The things that correlated with this event, around 0020 hours, there was a call at [redacted] Rueda Drive. That's in Tierrasanta, about a block away from the home-invasion. You can see it from there. It came out as an 11-7, prowler. No suspect description. All we had was the suspect fled in a white minivan. That was it. Nothing else whatsoever. Officers responded, at least half the division, including myself. We got there. Officers made contact with the victims, a middle-aged woman and her juvenile twins. It was the kids' bedroom window that was tampered with. The suspect tried to pull and bent the outer screen. It looked like the suspect was interrupted, which is kinda what we figured happened. They were unable to describe the suspect. They saw a silhouette or a shadow. The suspect ran to a white van and was last seen north on Rueda Drive. The mother was hysterical. I tried to reassure her that we were out looking for him, even though we didn't have a lot to go on.

Approximately, not even twenty-five minutes later, around a shade over a mile away, [redacted] La Cuenta Drive, there was another 11-7. This time there was no vehicle description, but there was a suspect description. It was a black male, bald head, 20s to 30s, wearing dark clothing. Units immediately flooded the area, checked everywhere. ABLE responded. We checked multiple backyards, made contact with the victim. ABLE continued to do orbits around and check.

The victim stated the person was in his backyard and tried to actively jiggle the handle and try to force the sliding glass door open. He got a good look at the suspect. The suspect was last seen running southbound through his backyard. Unknown where he went from there.

Media went on scene quickly on both incidents. Quicker than usual. I directed units to check the area. ABLE continued to do flyovers. Didn't see anything out of the ordinary.

For the first incident, I directed officers to do witness checks. At least knock on doors. The second one, I believe I directed officers to do witness checks.

I stayed in the Tierrasanta area because I felt this guy might be in the mix. Acting Sergeant Dyemartin put out something over the air about getting flagged down regarding a white van which may have been involved in the second incident in some fashion. We both checked the area. I think it was 11000 Clairemont Mesa Boulevard. I drove up and down. There were a ton of white vans. We didn't have much to go on. We ran some plates. But nothing happened.

I dropped that because a bizarre call that came out in Mission Valley, a person down, possible brain matter coming out of his head. It sounded like he was potentially bleeding out and not breathing. It was totally unrelated. I responded down there with several of my officers. It turned out it wasn't fatal. They were breathing. They were talking.

While we were on that incident, I heard a call come out over the radio. I couldn't tell initially all that was being said, the reception area wasn't the best for radio reception. It sounded pretty serious. Something about another hot prowl. Officers went on scene. Very quickly. I couldn't hear all the details, but then I heard the word "hostage." I heard a lot of screaming. Then I heard A/Sgt. Dyemartin run a license plate that was stolen. I immediately had my officers drop what they were doing and respond. We had a few people detained. We let them go. We couldn't find any fault at the other scene.

We all drove "Code 3" to get there. The Field Lieutenant had just shown up. I think we had all driven "Code 3." While en route, they were asking for a unit with a shield. I had one in the backseat, so I roger'd up and told them I was en route. By the time I got there, I parked outside the scene. I took the shield out of the backseat. I ran to where the officers were. They directed me to where they needed it inside the house. I had heard something about a shot fired at some point. I don't remember if it was when I was driving or just when I had got there.

There were a ton of officers there by the time I arrived. While en route, they put out "Code 12" very quickly, before I even had a chance to get a picture what was going on in my head. They called out, "Shot fired. Code 12." I got here with the shield and ran up inside where I was directed to the bottom of the staircase. I was told the suspect was upstairs with a possible female hostage, no further description.

Backing up, A/Sgt. Dyemartin had aired that the suspect matched the description of the second 11-7 call, black male, 20s-30s, bald head. It was a very close match to what they were describing on the second 11-7 call, an hour before that, in the same general area. It was a block away from the first 11-7 call from the night.

I figured this was probably the same guy. When I got there, I saw the white minivan. It was a newer, white minivan in the driveway. I figured it was probably related to that.

I was at the bottom of the staircase, covering A/Sgt Dyemartin with the shield. I never took my weapon out. I was trying to cover as much as I could with the shield. After a while, the shield starts to get heavy. I had it partially rested on the bannister, but I was also kinda moving with the shield. So, my weapon remained holstered.

Officers were giving commands. I heard a lot of commotion. He was yelling stuff. I could understand what he was saying. I had a hard time hearing him. I heard the female screaming.

At some point, I heard multiple 11-6's (gunshots) in rapid succession. I remained where I was. I was the only cover officer A/Sgt. Dyemartin had, I thought I'd stay where I was and pop my head down. A K-9 officer with a rifle had switched out with A/Sgt. Dyemartin. I believe it was Officer Duncan. I was covering him while he had the rifle over my shoulder, oriented where the threat was. When I heard the shots, I didn't know where they came from. I didn't know who was shooting or where they were going. I had no idea. I knew they were close.

At some point, I heard the suspect was down. I didn't see whether he was shot or not. I don't know. I was told he was on the ground. He was given commands to show his hands which he eventually did. The standoff lasted, from when I got there, maybe five to eight minutes. He eventually crawled forward, showing his hands. I went up with the shield with the arrest team, trying to block for them. He was placed in handcuffs.

I checked with other officers to check the bedroom to make sure no one was in there. I guess the father's bedroom, I believe. No one was in there.

Officer Cadiente was on a balcony, outside with the victim's father. They were "Code 4," no injuries. I couldn't see if the suspect was injured. I couldn't tell. I didn't cuff him. I was more focused on the "unknown" areas of the residence.

Before the suspect gave up, the female started screaming again. We directed her to come out. "He's on the ground," is what she said. We directed her out. She came out. Officers escorted her out. Then we took the suspect into custody. We took her out first, and then the suspect.

At that point, we went "Code 4." Everything happened really quickly I know throughout the incident, I was communicating with other sergeants, other officers. I think at one point, I told A/Sgt. Dyemartin, when Officer Duncan came in with his rifle, I asked A/Sgt Dyemartin to work the radio, since I was working the shield. He said no problem. He said he would work the radio so I could focus on what was in front of us. I heard the suspect was waving a gun and doing other things. He was continuing to yell. I didn't know what he was yelling. There was a lot of commotion going on.

Once we got the suspect out, we had the dad wait a little bit until we got him out and walked the father out. We were strapped for bodies. I didn't know exactly what we had. I didn't know the shooter. I didn't know how many shots were fired. I just heard a lot of shots. I don't know many I heard. Less than ten, but more than two. I couldn't tell you how many I heard.

I held and managed the scene as best I could from that point.

I asked A/Sgt. Dayes to elaborate on why there was no staging location prior to responding.

I didn't hear all of the beginning. I heard bits and pieces of it. I think it was because I was in a bad reception area. Also, I was yelling at the people we were detaining. One of them had pulled out a Taser. It was weird. The thing in Mission Valley. They were activating the Taser fifteen feet from us.

When I heard "hostage" and chaos on the radio. I had the officers drop the Mission Valley call, with one officer going to the hospital to investigate that. The victim was adamant that he fell. We let them go and responded to the more serious call.

I had more units respond to the call, until I got a clearer picture of what we had, I thought this sounded a lot like the person we were looking for earlier. I thought if he was brazen enough to do two incidents in the same general area, this is probably going to be our guy. This was in an hour and a half, two-hour period. They were within a mile and a half radius. I figured it was probably going to be our guy.

I know in the first incident, the window screen the suspect was removing was to a child's room. That was a red flag for me. I didn't know if the suspect had targeted them on purpose, or if it was luck of the draw for him. He was trying to get into a place. I had no idea. I knew we had to get there quickly.

I knew, as I heard more officer relay information on the radio, a lot of yelling, screaming, chaos, and commotion, I heard one officer say, "He's got a gun to her head," and, "This is a hostage situation." I knew at that point, we needed everybody to ensure we had a tight perimeter and use the resources we had. I heard K-9s on the air. I didn't request a K-9. By the time I got here, they were already here. I opted to not ask for a beanbag, because the male was already seen with a firearm.

The interview ended at 1132 hours.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

SUBJECT INTERVIEWED: [redacted]

WITNESS STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.
An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a

handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours.

I was assigned to speak with witness [redacted] and obtain surveillance video from [redacted] [redacted] lives at [redacted] Viacha Drive, San Diego.

At approximately 0553 hours, I collected [redacted] statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of [redacted] (Witness):

At approximately 200 or 230 am, I was sleeping upstairs in my bedroom when I heard what I believed was a distressing conversation coming from [redacted] and [redacted] house [redacted] Viacha Drive). I couldn't hear what they were saying. I could just tell by the tone that it was distressed. I felt like it was escalating, so I walked to the bedroom on the west side of my house and peeked through the curtains at their house.

From that vantage point, I could see the west side of their house and two windows that I believe are a bathroom and bedroom. I saw an African American male in one of the rooms. The light in the room was on. The male was in his 20s, had a medium build, short hair or bald head, and was wearing a gray sweatshirt or hoodie.

I didn't watch long enough to listen to more dialogue. I only saw him for about 10 seconds. I thought, "Oh crap, there is somebody in their house." I believed it to be an intruder. I went back to my bedroom and laid low because I wasn't sure if there were more people or what was going on.

I then heard approximately 3-5 consecutive gunshots coming from the area of [redacted] house. I don't remember hearing any gunshots before or after that. I heard what I believed was a police officer on my roof. I came out when officers started ringing my doorbell.

The interview ended at 0613 hours.

Detective Connor Brown #7085 provided [redacted] with an evidence.com link to upload her surveillance video. [redacted] uploaded several surveillance videos to evidence.com. [redacted] also emailed me several surveillance videos. I forwarded the emails to Sergeant Cody Turner #6518.

After I introduced myself, [redacted] told me he needed to use the restroom, and insisted on using the restroom in the garage of his residence. As the scene still needed to be processed for evidence, I explained I was unable to fulfill his request. I coordinated with the residents of [redacted] Viacha Drive, a house to the immediate west of [redacted] residence, to conduct the interview inside. [redacted] agreed. We walked to [redacted] Viacha Drive to conduct an interview.

As I spoke with [redacted] I noticed he would occasionally forget the latter part of some sentences, stop, or have a difficult time explaining events chronologically. I would ask questions related to [redacted] memory capabilities. He would tell me, "My mind doesn't follow through with my thought sometimes."

Our interview began at 0609 hours. The interview was audio recorded. Please see the recording for additional details.

Witness Statement [redacted] (Victim):

I live at [redacted] Viacha Drive. I bought the home in 1991. I moved out here in 1999. I moved from Chicago, from the North Side.

I worked all my life in Chicago. School, work… My mind doesn't follow through with my thought sometimes. I can't think of what I was going to tell you.

I worked until I retired in 1990. Wait…1995. [redacted] I came out here. I golfed a lot.

My wife, [redacted] lived with me here. She's passed away. My daughter, [redacted] lives with me now. I can't say how long she's lived with me. I think three or four years now. I guess you could consider her a caretaker. You can see how I get around.

I sometimes cook meals. Sometimes she cooks. We do our separate shopping sometimes. She doesn't like to drive with me. I drive by myself. [redacted] There's a lot of stores I like. It gets me out. I like to drive. I always did. I have not gotten lost lately. I'm old-school and use a map. No GPS.

I went to bed around 10 o'clock. When the news was over, I went upstairs. I got in bed. [redacted] wasn't awake. She goes to bed early. I always check the doors to make sure they're locked. I believe I checked them last night. It's my routine. I go in the garage, see that it's locked there. I check everything to see it's secure. I check the windows, the doors. I watch TV. When I shut it off and get ready to go to bed, I have to go upstairs. So, I usually go in the garage, and check that it's locked there. I'll see the lock is on the front door, and the stick is in the rear sliding door at night. Then I'll go upstairs and that's it.

When you go upstairs, my bedroom is the door to the right. Looking out the back, that would be the left side of the house.

I went up to bed around 10:00pm. I was in bed within a half hour.

I cleaned up. I can't even think…what happened? I went to the bathroom. Moved all the sheets so I could get in bed and straightened everything out. I went to bed and got to sleep.

I was not woken up. I had to use the washroom. That's when I got up. I didn't put any lights on, because I'm familiar with the house and don't need to do that in the middle of the night. When I came back from the bathroom, I could see someone was in my room. I was quiet. They didn't know I was there and saw him. I could see a figure there.

I do wear glasses, but only for reading. Not when I drive.

I usually flush the toilet. You'd think if I did, he would hear it. I really don't know. Did I come out and not flush the toilet?

Wait…wait… I heard some rustling in the yard of the house on the other side of me. Instead of going straight into the bedroom. I went into the office area. I looked out the window and that house has a light where if someone goes by it, it will go on, automatically. I stayed there maybe five minutes or so. I couldn't see anyone, but I could hear noises. I came out of there; I could see someone was in my room.

I heard the rustling after I used the restroom. What light? Did I say I saw a light? I didn't see any light. There's an automatic light in the yard. If someone goes by. It was on. That's why I looked to see why the light was on. I stayed there a while. It went on again and off again. I couldn't see anything out of the ordinary. I was in the back bedroom. Not the one I sleep in, but the one next to me. [redacted] in the front, I'm in the back. The room is like our office.

I went to the office and looked out our side window. The light went on and off a couple of times. I couldn't see anything. Sometime maybe an animal comes by and the light will go on.

Then I was going to go back into my bedroom to go to bed. When I went in there, I could see someone was in the room. I quietly went out. What did I do? I was trying to figure out what to do. I had nothing to defend myself. What did I do? I think I…I don't know. I was worried about my daughter. I didn't want to wake this guy up or let him know someone was in the other bedroom or anything. I tried to be quiet. I know I was in the bathroom, trying to figure out what to do and trying to listen to what he was doing.

My bedroom and the office are side-by-side. I quietly went into the office and laid on the couch to see what was going on. I could hear him there rustling around and things like that. Later on, he turned the light on in the bedroom to see what he was doing. Then [redacted] woke up. She hears something. So, she's thinking I'm up and something is wrong with me. She's calling for me. She goes in there. There's this guy there.

I did not see the two interact. I was on the couch in the office. Right next door is the bedroom. Down the hall a little bit is where the bathroom is. That's where she saw him, in the bathroom. I heard what was going on. She screamed and was calling my name. There was a lot of confusion. When I did see this guy, he was in my room, slipping on some of my new clothes. He was putting on a pair of powder blue shorts.

[redacted] called for the police. There was a lot of confusion. I could see this guy had a gun I didn't know what to do. I'm not capable of doing much in my condition now.

I don't recall him ever pointing the gun at me. [redacted] and I weren't together that much. I was back in the office. When she screamed, I think she was in the bathroom with him or something. I never saw [redacted] again. I guess she called. I heard all the sirens come. I don't know what was going on after that. I was staying on the couch, in the office.

I don't really know what to tell you happened. It was very confusing. We were all separated. Somehow, I got together with [redacted] locked the door in the office. That's when she called the police. That was before I heard the sirens.

I don't know how she got to me. There was a lot of confusion there. I know there was a stranger in the house. He saw her. She saw him. Like I said, a lot of confusion. Exactly what happened, I couldn't tell you. I was in the dark, too.

At this time, I allowed [redacted] *a break to collect his thoughts. The first part of the interview ended at 0629 hours. It resumed at 0631 hours.*

I heard several shots fired. I don't know if it was one, two, or five or six more. It sounded like it was close. I think I heard two shots, then a series of four or five.

I do own firearms in the house. I have a double-barreled shotgun. Twelve gauge. It's usually kept in the closet in my bedroom. I have it in a leather case. I did check the closet. The case was empty, and the gun was gone. I would see the shotgun every day when I go for my clothes.

I do have a .38, snub nose. That's also in the same closet. I had it packed in a box. For years, I never saw that thing. It's in the box. It's like a big carton-type, so nobody would think there's a gun in there. The carton is brown. The revolver is a Smith and Wesson. I believe it has a hammer on it. I never keep it loaded. I think there's some ammunition in the box the gun is in. Like I said, I put it away and that's where it's always been. That's my bedroom closet. The last time I saw the revolver was a long, long time ago. I did hide it. That's where it's been staying the whole time, unloaded.

I see a doctor. The last time I went was a couple weeks ago. Just for normal checkups. [redacted] I don't know what I'm diagnosed with.

I think my memory is fair. I think I know what's going on. I don't know what to tell you about the state of my memory. I remember everything I've been telling you. I don't remember where the guy came in through. He was in my bedroom when I saw him. I got up to go to the bathroom. He might've been in the house. Maybe he was downstairs when I got up. That I'm not sure about. How he got in, when he came upstairs, because there's only one way up and down. I was upstairs and in the dark. I went to the bathroom and didn't turn the lights on.

I'm not diagnosed with anything regarding my memory.

I did find one of his shirts. He took off a black t-shirt. It has some kind of logo on it. I did find that.

The person was a tall, thin, black man. He was putting on a pair of my shorts. The blue shorts. They're like a powder blue. I can't think of the style of his hair. He was a thin, black man. Rather on the tall side I'd say.

Maybe I would recognize him if I saw him again. I can't say for sure. I think my daughter got a better view of him than I did.

The gun seemed like a .38 or something like that. It was a revolver. I don't know if it was a short barrel or not. It wasn't a long barrel.

I don't know if the lights were on or off. I think I saw them when the police were pulling up. The sirens were going. That's when we were face-to-face with him. I saw he had a gun. There was a lot of confusion.

I was just worried about my daughter. She got stuck in the middle bathroom with him. That's where she came looking for me because she heard noises. I think when she came in from her bedroom in the front of the home to the bathroom in the hallway, that's where they ran into each other.

I was not involved. All three of us were separated. Her and the guy were in the bathroom. I was out in the hall somewhere. I don't know where. I was in the hall or office. I don't know.

At this point, I began to review [redacted] *statement. We returned to him hearing the rustling outside.*

When I came out of that bathroom, that's when I thought I heard rustling in the yard. They have a light that will go on if someone breaks the beam. I stood by the window and looked at the side yard to see if I could see anything. This was before I saw the person in my room. I looked out the window to see what the noise was about. Even the cat was looking out the window. I stayed there for about five minutes looking out. I heard noises in the yard.

I saw the male when I walked back into my room. He might've already been in the house and heard me. He may have laid quiet until I was clear.

When I saw him, I went to the office next to my bedroom to be quiet. I don't know what this guy's intention was, if he's going to injure or kill you. He definitely had the advantage. I didn't have any weapons. I only saw the gun after my daughter got up. She screamed. I saw him with his gun. I think later on, my daughter was hysterical. I didn't want to cause a commotion there.

I don't remember the logo on his shirt. I don't know if it was a black gang. I couldn't tell you.

I saw the gun. He had it in his hand. I couldn't say if he pointed it at me or [redacted] There was a lot of confusion. I was worried about her. How things happened after that, I'm not even sure.

I can't say when [redacted] came to me.

It seemed like a lot of time until the police showed up. The police didn't come until [redacted] got to the phone. Its hard for me to say how long it took for the police to get here.

I don't know where I was when the gunshots happened.

The man did not touch me at all.

I concluded my interview with [redacted] at 0652 hours.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours.

Prior to the briefing, Sgt. Turner directed me to speak with Lieutenant K. Impellizeri, the Field Lieutenant for the evening. Lt. Impellizeri has been a police officer for thirty-four years. I spoke with Lt. Impellizeri near the intersection of Viacha Drive and Viacha Court, at approximately 0434 hours. The interview was audio recorded. See the audio recording for full details.

Witness Statement Lieutenant K. Impellizeri (Witness):

I was responding to the "Code 12." I was on another call. They told me it was a 459 [Burglary] Hot Prowl. They gave me the address. I knew that earlier in the evening, there were two other attempted hot prowls. The car that was described in the other hot prowls was described in this one as well. My belief was that it was the same suspect. The other ones were within a half mile from here. I responded Code 3.

I got here in a few minutes. When I got out of my car, there were some officers by one of the cars there. I asked them, "Who's got this? Whose call is this?" They told me they were inside, the officers who had this. I was a little surprised. The call was that it was a "Code 12 Hostage." As I was driving here, I could hear them say, "I see him inside. He's got a hostage. He's got a gun to her."

When I got here, I expected it to be a perimeter, but officers were inside. I grabbed by shield. While I was grabbing my shield, I heard a gunshot. I asked what the gunshot was. They said it was the suspect. As I was walking, quickly trying to get in the house, I heard gunshots. There was an officer, Officer Richards, on the next-door neighbor's roof, firing through a window. I guess there were about five or six rounds that he fired.

I went in the front door. Officers were posted on the bottom of the stairwell. They were yelling up. There was a woman's voice yelling down. We were asked if she was hurt. She said no. We asked her if she could come out. She said yes. It was unclear where the suspect was. I believed he was probably hit with the gunfire. She came to the door and we told her to come down the steps. She was having a difficult time walking. She looked like she was in her 60s.

As quickly as she could, she made it down the steps. I had officers take her outside and get a quick debrief on her as fast as we can. Officers got her down there. We believed the suspect was probably down inside the room. They wanted to move forward and get him, but I didn't want them to because I

knew there was an officer on the roof. If that suspect had stood up, I didn't want there to be crossfire as we were going up the stairs, should the suspect fire again. We tried to get a K-9 in.
The K-9 came in and they were trying to put him on a thirty-foot lead. I think they were trying to tie it to a fifteen-foot lead so they could get the dog to go up there and drag the guy out or see if he was moving.

While that was going on, we were still calling out to the person up there. All of a sudden, we could see him crawling to the doorway. Me belief was he was hit, and he was crawling to get help from us. We gave him commands. He got to the top of the steps. Because we were able to see his hands, I made the call to go up. I asked who was "hands-on," who was "lethal." As we went up, they immediately went hands-on with him. I was told earlier there was an elderly gentleman, in his 90s, in a bedroom to the right.

As they went hands-on, I took the acting sergeant. I said, "Go, go, go! Let's go into the room to get the other hostage." As we went into the room, it was pretty clear that it was empty. I thought maybe he was hiding in a closet. As I pushed forward, I saw he went out on the balcony. There was an officer. The older gentleman was behind an officer, who had stepped in front of him. The officer was using himself to shield the gentleman from gunfire. He was using himself as a shield. I told the officer to get the old guy out. We got him down and we got him out.

At that point, I got on the air. I said, "We are Code 4 inside. The suspect is in custody. Nobody's hit. We're clearing the house."

The suspect did not struggle. There was no incident whatsoever to get him into custody. It's like he was completely giving up. We checked on him. I was sure he was hit, but he was not hit.

When I heard the initial gunshot, I asked, "Who was that?" I think I asked it on the air. I'm not sure. They said that was the suspect. I was thinking, "Hope we didn't shoot the hostage." Later on, they said they think [the suspect] "AD'd" (Accidental discharge of a firearm). With a revolver, it's kinda hard to do. I did see the revolver. It's cocked back to single action.

The interview ended at 0440 hours.

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

At approximately 1014 hours, I met with Officer A. Colvin #1534. Officer Colvin is currently assigned to Eastern Patrol.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Officer A. Colvin (Witness):

I stared today at 2100 hours, Friday evening on April 8th. It was pretty busy in the beginning. We were going call to call pretty much. There were a couple of 459s (burglary) or attempted 459s that we went to. It seems they are connected to the suspect we went to where the OIS took place. That's leading up to this incident, those are the two calls that stick in my mind. Immediately prior to going on scene at the OIS, I was on Hazard Center where there was a male who sustained a cut to his face and a broken leg. We were investigating that. Initially, the call came out as there was brain matter. When I went, I thought we were going to roll up on a homicide. I thought that's where the night was going to end. We got there. He was alive and conscious, just bleeding. Medics took him. As we were interviewing the reporting parties that found him, that's when the call for the OIS incident took place. We wrapped up the interviews and we booked it to where this call took place.

Initially, the call was a "hot prowl." I was still interviewing the reporting party for the last call, so I wasn't paying attention to the radio. Immediately, when I heard that there was a hostage situation and an officer called Code 12, that's when I know it was a higher priority. We had already been wrapping up our last call. Medics were en route with him to the hospital.

I remember vividly somebody on the radio mentioned the suspect had a gun and it was a hostage situation. Shortly after, a Code 12 was called. I started running, turned around to the sergeant and other officer, asked if they were good, ran to my car and responded to the call. Initially, I was driving normally so I could read the notes on the call. I saw where the location was. Then I responded Code 3.

I don't remember any other updates. I scanned the call and mapped the location. It took me five or ten minutes to get to the call. I was just thinking about getting there. Once I got there, I was taking it step by step. I knew we had a perimeter set already. I was going to figure out what they needed from me.

I got there and parked at the end of the cul-de-sac. There were a bunch of officers' cars already parked. I ran up and I saw two cars facing the garage of the residence. On the east car, there was an

officer with a rifle aiming up at the window. I immediately went up to the other car. I opened the door and drew my firearm out. I didn't know where the suspect was at that point. I drew my gun because I knew it was a hostage situation and I knew the suspect had a firearm. I didn't know where in the house he was at. I just knew he was in the house. In my mind, when I saw the officer aiming the rifle at the front of the house, I thought it could be that window. I had no idea. I was going to take cover and be ready for anything.

Somebody said there were officers already inside at the base of the stairs, at the front door. I didn't make entry. There were officers inside, and only one officer outside. I felt he was covering the south end of the house. From where I was, I could see the south and west end of the house. I stayed there.

Before Officer Richards climbed on the roof, I heard the sound of a gunshot inside the house. I told the officers behind me, "Hey, I think a round just went off." I think someone aired a round had gone off. In my mind, when that happened, I knew it was a hostage situation. I was thinking worst case scenario, that he just executed a hostage or something. It was just a single shot. Or he took a shot at officers. Or he could have committed suicide. Those were all the thoughts racing through my head at that point.

After that, I saw Officer Richards climb on top of the fence that leads to the backyard of the residence. He walked across the wall that connects the fence to the neighbor's yard. Then he climbed up on top of the neighbor's roof on the west side. I was watching him, because I knew he was one of the first officers on scene, and I knew that he knew where the hostage situation was taking place. Once I saw him climbing the roof, I thought the situation was in the second story somewhere. I saw him try to figure out the right leverage of the roof to see where he could see in through a window. I was seeing this from the car.

When Officer Richards found his spot, he shot four, maybe five times. After he shot, I remembered he backed up and tried to find his footing. He was on a sloped roof.

After he shot, I remember there was an officer who was like, "Hey, let's go." I remember me and one or two other officers were running through the front door. In my mind, after the single shot and seeing Officer Richards shooting, I thought they needed additional support.

When I ran inside, there were officers at the base of the stairs, aiming up. One of them, it could've been the K-9 officer, was like, "Hey, we have too many people in here. Let's get people out." At that point, I went back outside. I already knew the officers that were already in there for the duration of the incident knew more than I did. I thought if they didn't need any additional resources or extra bodies, and they're telling us to get out, then I'm going to get out. I went out to where I was.

From there, that's when one of the victims came running out of the house. Officers in the inside were telling her, "Get out! Go!" That's when Officer Weaver and I ran up. Then we grabbed her, one on each arm. We were running with her down to where our vehicles were at the bottom of the cul-de-sac, away from her residence.

We were trying to get her to a safe place away. She wanted to stop, but we were like, "No. We have to get behind a vehicle or something. Because we don't know what's going on now. Some shots have

gone off. Let's take some cover behind a car." We put her behind one of the vehicles on the trunk. I asked Officer Weaver, "Are you good with her?" He's like, "Oh yeah. I'm good."

As I turn around and I'm about to run, I turn around and ask, "How many people are in the house?" She said, "There's only one other person. It's my dad and the suspect." I confirmed it was just her, her dad, and the suspect. She said, "Yeah."

As I was going back to the original car where I was, that's where I aired, "According to the victim, it's only the suspect and the victim's dad who are inside. There's no one else in the residence." Then somebody aired they had the victim's dad in the backyard. Shortly thereafter, the other officers aired they had the suspect in custody.

After they aired the suspect was in custody, Officer Richards climbed down from the roof. I checked in on him and asked if he was good. He said he was good. He unloaded his rifle and put it in the patrol car I was behind for the duration of the incident. I saw him unload it, take out the magazine and take the round out of the chamber. He closed the trunk. I asked him again if he was good. He said he was. That's when Acting Sergeant Dyemartin came. He asked if Officer Richards was the one who took the shots. He took Officer Richards off to the side.

I went back to the victim who ran out of the house. I began to take her statement. I stayed with her the entire time. Once the scene was clear, we moved her closer to her residence. Me and another officer parked our cars side-by-side. One car had her father in it. My vehicle had her in it. That's where I stood by until I came here to the substation.

I reviewed Officer Colvin's statement. I asked him about the previous prowler calls.

The call came out that there was an attempted break-in into these two children's windows. When I arrived on scene, I saw their screen door was pulled off and damaged as if somebody tried to go inside. When I contacted the two kids, they were maybe [redacted] years old, they were twins sleeping in the bedroom. Their statement was they just saw a tall, dark figure outside their window, attempting to open the window. They didn't have any specific descriptor of the individual, other than he was dark and tall. It was two boys.

One of them mentioned when he started calling for his mom, the suspect left and jumped into a van that was parked in their driveway. He just sped off. He described it as an unmarked, white minivan. For that case, I believe it's related because the suspect at the OIS scene, there's a minivan parked in the driveway of that residence. It's a white, unmarked minivan.

The second call, as we were investigating that scene, a prowler call came out not too far from that residence. We arrived on scene. I contacted the resident. He didn't mention any minivan, but he saw looking out of his window the similar description of the suspect from the OIS. He described him as a tall, thin to muscular build black male in his twenties to thirties, wearing a black t-shirt with white lettering. He said he was bald. He closed all the screen doors. But both the screen doors that lead to his living room and bedroom were open. When he saw that, he manually turned on his house alarm to scare him off, which did.

The first two, I thought they could be related. It's in a pretty prominent area. It's not like there are a bunch of prowler crimes going on. For me, it could be coincident that they happened so close to each other, within thirty minutes of each other. It's not impossible. When this call came out, a white van with a similar described suspect, attempting the same crime, I feel like he could put all three together. For me, it was a lot of coincidences if they weren't related.

The interview ended at 1039 hours.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

At approximately 0804 hours, I met with Officer A. Paredes #7816. Officer Paredes is currently assigned to Eastern Patrol.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Officer A. Paredes (Witness):

I started today at 2:00pm for Eastern Patrol. Earlier in the night, we got a couple radio calls regarding some sort of white van driving through 312 and doing burglary-style actions, such as tampering with windows and something like that. I can't remember exactly where those calls were before, somewhere around Clairemont Mesa and La Cuenta. They were repeat calls. Typically, you don't get repeat calls with the same or similar suspect description within a couple hours or so. I heard it was a white minivan, and something about a black male with shorts.

Before this call, myself and another couple officers were on a call in the college area. The 310s units I was working with tonight were taking a report for one of the radio calls I mentioned in 312. We got a radio call at the Viacha address for a 459 (burglary) "hot prowl."

We got the call at the Viacha address. We start driving over, because the 310s units are wrapped up in whatever they had going on. The call was a 459 "hot prowl," or burglary in progress, where the reporting party lived at the house and she said she could hear a male going up and down the stairs in her house. We start driving over there. As we're driving over there, the reporting party is giving updates on the suspect description. She described the suspect as a black male, wearing knee-length shorts, 5'10". At some point, as we're driving over there, she said something about him running up and down the stairs closer to where they were locked in. Something to the effect.

Due to that fact, and officer just ahead of me and myself start going Code 3, because my perspective, I didn't want the guy kicking in the door and hurting them in any way, shape, or form. We don't know if he knows they're in there or not.

We show up at the house, and there's a white van parked in the driveway. Myself and the first responding officer split up. I took the northeast corner of the house, while I saw the first officer go towards the northwest corner of the house. I didn't know if he went to the front door or around the side. I was sticking on the northeast corner to see if I could see anyone try to run out the back, or if

there was any forced entry. We split up to set up a perimeter of the house. We did this in case the male was still inside, and he tried to run away, we could catch him as he'd try to run out.

I didn't see any signs of forced entry from my end. More officers started arriving on scene. At one point while I was at the northeast corner of the house, I heard someone say over the radio that they saw movement in the window facing the street where we parked. The window was facing directly northbound. When I first arrived, I saw that window directly up and to the right. I decided to back off and see if I could see any better movement.

As I started to back away, another unit ran the license plate on the van that was parked in the driveway. It came back to a stolen vehicle. As dispatch was airing the details of the stolen vehicle, I looked up to the window and saw a shadowy figure kind of stand up and quickly hunch down again out of view. At that time, there were no other signs of anyone in the house. Myself and another couple officers were trying to make sure our perimeter was set. We were trying to see where the reporting party was in the house and if she was safe. We didn't know if that shadowy figure was her.

Some unit got on the radio and started asking dispatch to tell the reporting party to lock the door of whatever room they were in. They asked if that room we were looking into is the one she was locked in, or if it was a different room. I think someone asked if the shadowy figure we saw was one of them, or the male she had described earlier. Minutes later, I remember hearing two loud bangs, and a woman screaming. It sounded like a bang against a wall or a door, as if someone is trying to break something.

Once I heard that, I immediately sprinted to the northwest corner of the house. I knew we had units in the backyard. I assumed we got in through that way. When we got to the northwest corner, there was a locked gate, which we forced entry to. We came to the backyard and found that the sliding glass door was already shattered. As I rushed into the house, I heard someone from across the house yell, "He's got a gun! He's got a gun!" I believe it was an officer. I had one foot in the house. I came around the corner from the kitchen into the hallway that leads to the stairwell. I see Officer Richards with his gun out, pointed up the top of the stairwell, yelling, "Drop the gun! Drop the gun!" he gives commands for a bit. The Sergeant, I believe Dyemartin, comes over. Officer Richards gives him an update that he's got a gun and he's pointing it at the reporting party's head. That's what I heard when we were all inside.

Sergeant Dyemartin came up to the stairwell, took out his gun, pointed it up the stairwell, and started screaming the same thing. K-9 came in and took over Officer Richards'' spot. I heard someone say, "Grab a long rifle," and, "Get that gate open." The gate they were referring to was the front door which had a locked gate that we couldn't get in or out of. In order to give us more space to get people in and out, we needed to get the gate open. It was locked from both sides. There was no easily identifiable mechanism to open it from either end.

Myself and Officer Richards run out. I grab a sledgehammer from my car, go to the front door where the gate is, and start trying to hit the lock to see if I can get it to break off to open the gate. After a couple minutes of hitting the lock with the sledgehammer, the gate comes loose. I'm able to open it. Once its' open, there's a lot more people inside. In order to not crowd the space, I went back around to the backyard. I saw Officer Richards on the ground floor of the backyard. Officer Cadiente was up in the patio or balcony that leads up to the backyard from the second floor.

Then I noticed that Officer Cadiente had a very old man with him. I then quickly learned that was one of the other occupants of the house. Officer Richards was there with his long rifle, watching the bedroom that the old man came from. It looked like it led to where the suspect was originally seen. I went around a bit to find a good position to watch. I saw there was a window to the right of the house, directly to the right of the bedroom where Officer Richards was watching. I started looking through that window. As we're sitting there, Officer Cadiente asks the old man if the room with the window I'm watching is the room the suspect is in. He says yes. Officer Richards asks the old man if there's another window on the east side of the house that would look into the room to see if we can get a better sight on the suspect.

Once the old man confirms there is a window, Officer Richards goes around to the east side of the house. I lose sight of him for thirty seconds to a minute. Then I hear five loud pops. I look over to the east corner of the house. I see multiple plumes of dust or drywall, whatever he was hitting on the side of the wall, come out from that direction.

From there, there was "shots fired" put out. I heard dispatch air something about being able to hear the suspect on the other end of the reporting party's phone saying he's giving up. Then a plan was made inside, from what I could hear over the radio, to go up there and confront the suspect since he was allegedly giving up and didn't have the firearm on him. I could hear the female screaming and crying as she ran out from that room. I could hear officers making their way up to the room.

They made their way up there. Someone put out over the radio that the suspect was taken into custody. Other units cleared the bedroom leading to where Officer Cadiente was. I advised them of Officer Cadiente's position because he was kind of hidden behind some drywall. Officers started clearing out the house. I was told to stay in the backyard. I stayed there. There was a shotgun found in the living room just on the other side of the broken sliding glass door. It was resting on the couch with its muzzle towards the ceiling. We didn't know if it was loaded or where it came from. I waited in that position until I was relieved.

I asked Officer Paredes if he heard any other gunshots besides those by Officer Richards.

In between me going into the backyard the second time and Officer Richards disappearing around the east side of the house, there was one gunshot heard. I heard the female upstairs scream, then say the word "accidental," but I could make out the rest of what she was saying.

I asked if the "hot prowl" calls previous to this call were in close proximity.

As far as I know, the original two calls were pretty close to each other. Within five to ten blocks. It was nighttime during both of those calls. In relation to those two calls and the final scene, they are in the same general area.

I asked if Officer Paredes observed any overhead lights on patrol vehicle.

I think it was mostly dark. I don't remember any overhead lights being on.

I asked Officer Paredes why he entered the house after hearing an officer say, "He's got a gun!"

Much like we responded, we went Code 3 to the call, the loud bangs I assumed was someone kicking in the door. The person screaming, I assumed was the reporting party. Out of fear for the reporting party's safety, God forbid this guy is trying to kick in the door to seriously injure them or worse, we went inside. I found Officers Richards and Cadiente inside.

I asked Officer Paredes how much time elapsed between hearing the first gunshot inside, and the gunshots fired by Officer Richards.

Probably no more than three to five minutes, if that.

I asked Officer Paredes what he was thinking when he heard the original gunshot.

I feared that either the suspect had killed the reporting party, or that the suspect had injured the reporting party in some way. Either by shotting them in the leg or trying to go for a non-fatal shot. My initial response was trying to take cover behind a little wall. I didn't know whether or not the bullet was intended for the reporting party or officers still trying to talk to the male, or for officers in the backyard. The room they were in had closed blinds facing the backyard. We couldn't see into the room whatsoever. The gunshot was after I opened the door with the sledgehammer.

The interview ended at 0832 hours.

No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours. Following the briefing, I was assigned to speak with witness officers at Eastern Division, located at 9225 Aero Drive in the City of San Diego.

At approximately 0741 hours, I collected Officer Alan Dyemartin's statement. On the day of the incident, Officer Dyemartin was working as an Acting Sergeant. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Alan Dyemartin (Witness):

On 04/09/22, I was working Eastern patrol as 325S3. I was at the Eastern Division substation when I responded to a Hot Call burglary in progress.

The reporting party stated there was a thin, bald, black male in her house when she woke up. The suspect was running up and down the stairs. The reporting party notified dispatch that her [redacted] father was also in the residence.

While en route to the radio call there was no mention of a weapon being involved. I had dispatch ask the reporting party if it was possibly a roommate or someone who came home unexpectedly. The reporting party informed dispatch that she did not recognize the person and it was only her and her father who lived in the residence. The reporting party was unaware of how the person got into the house.

I knew that several units, including a K-9 unit, were responding. Air support was requested, but there was no response from ABLE or ASTREA. K-9 and I asked the first responding units to set a perimeter and wait for myself and K-9 to arrive.

The last update from the reporting party upon my arrival was that the male was last known to be in the house. I knew that there were two officers in the rear of the house and at least one in front. K-9 Officer Gonzalez #7628 arrived almost immediately after me.

There was a parked patrol vehicle that had its overhead lights flashing. I turned off the lights to give us more of an element of surprise. I then started to approach the house. I noticed there was a person in the window that overlooks the driveway. The person was moving around frantically, going back and

forth, side to side. It appeared to be a black male with a bald head. He was backlit by the light in the room. Based on his movements, I believed he might be ransacking the room.

I confirmed with dispatch that the subject I saw in the window did not match the reporting party and matched the description of the suspect. I used my radio to notify units that I had a visual of the suspect and that he was doing something in that room.

I noticed there was a white van in the driveway. I was aware of two calls earlier in the night in the same neighborhood: a prowler and an attempt burglary. The first was a prowler call across the street on Rueda Drive (City of San Diego). The suspect fled prior to officer's arrival. The suspect was described as an unknown race male who fled in a white minivan. ABLE was unable to locate the suspect.

The second call was another prowler call on La Cuenta Drive that came in about 10-15 minutes after the prowler call. The reporting party stated that they saw a male in their backyard. The suspect tried to or did open the back door to their house. The reporting party described the suspect as a slender black male, bald head, wearing a black sweatshirt with white writing or design on it. Officers shifted their focus to that location. We checked for about 15-20 minutes and didn't come up with anything. ABLE was unable to locate anyone.

I parked in a school parking lot that was nearby to work on paperwork. I can't remember the school name. A person in the parking lot asked if I was looking for a white minivan. The person informed me that a white minivan had been speeding through the parking lot eastbound on Clairmont Mesa Boulevard. At that point, the time delay was about 35-40 minutes. Officer Richards and I checked the area, but we did not locate the vehicle.

This brings me back to this call with the white Honda Odyssey parked in the driveway. It sparked my memory of those other two calls and how this suspect's description matched. I aired the plate to dispatch, who informed me that it was a stolen vehicle taken in a carjacking. I wouldn't have aired the plate normally if it wasn't for those two other calls. The minivan otherwise looked like it belonged there. I then believed the Honda Odyssey was related to the other calls.

I had dispatch confirm with the reporting party that the suspect was not in the same room as them. Since the suspect was not in the same room, I requested they barricade themselves in a room and lock the door.

I knew that the victims were upstairs, so I requested if they could somehow exit the second floor safely to do so. I was not sure which room the victims were barricading themselves inside. I just knew they were not in the room with the subject I could see in the house from the street.

At that point, I knew the suspect was not in the same room as the two victims, and the victims were barricading themselves in the rooms they were inside. I knew that there was a K-9 on scene, and a perimeter was set.

We were trying to determine a plan to address the situation when we heard a super loud banging sound. It sounded like someone was actively kicking a door or wall inside the house.

I could hear it from the street. Almost simultaneously, as I heard the loud banging sounds, I heard a female start screaming. It was about two loud banging or kicking sounds before the female started screaming. The kicking and screaming then go simultaneously with each other.

In my mind, the suspect was trying to force entry into the room the female was barricaded inside. That was why she was screaming. We decided to force entry into the house because the woman's life may be in danger.

At that time, K-9 Officer Gonzalez, Officer Austin Paredes #7816, Officer William Becerra #7917, and I were in the front of the house. Officer Becerra had the less-lethal bean bag, and K-9 Officer Gonzalez had his dog. We had a contact team and lethal cover set up.

As she started screaming, we all started running for the front door. The patio area at the front door had an enclosure with a full security gate with a deadbolt. It was about 4 or 5 feet from the front door. It was locked. It was the type of lock that needed to be locked and unlocked with a key.

I aired that we couldn't make access from the front, and I needed the rear officers to force entry. K-9 Officer Gonzalez, Officer Paredes, and I broke the gate on the west side of the house to give us access to the rear. I instructed Officer Becerra to hold the front perimeter.

When we got to the backyard, I saw that someone had smashed the sliding glass door. I heard officers yelling inside the house. I believed Officer Patrick Richards #1065 and Officer Joseph Cadiente #1026 were in the house because they were the two rear perimeter officers.

We entered through the broken glass door, and I made my way over to where the officers were. The officers were at the bottom of the staircase, which is located near the front door. Officer Richards had his gun out and was pointing it up the stairs.

That is when I hear someone yell, "he has a gun." I pull my gun out and ask who has a gun. I position myself behind Officer Richards, which put me in a position to see up the staircase. Directly at the top of the staircase was an open door. Inside the room, I saw the same black male I had seen earlier from the front of the house.

The suspect and female were sucked partly into the room. Only half of the female's body was seen. The other half of her body was obscured by the wall. The suspect was almost completely concealed behind the wall and the female. The suspect was hiding behind the female and using her as a human shield.

Only the slightest part of the right side of the suspect's face was exposed. Directly in front of his face was the female's face. The suspect was peaking around her to look at us. I saw the suspect's right arm sticking out like a chicken wing. The suspect was holding a revolver in his right hand and pointed it at the victim's right temple. It was a black or darker color snubbed-nosed revolver with a hammer.

Someone started yelling hostage and aired it on the radio. K-9 Officer Jarrett Duncan #6961 aired that if there is a hostage, make it a Code 12. I confirmed on the radio that we had a hostage, the suspect

was armed, and I requested a Code 12. At that point, I had my gun drawn, and I was pointing in the suspect's direction.

The victim was saying things, but I don't remember what she said at that time. Her voice sounded worked up, frantic, and panicked. I would later hear her say, "what are you doing?" and "why are you doing that to me?"

I instructed Officer Cadiente to break the front security gate. I knew that would be the quickest way to get resources to us and extract potential casualties.

Officer Richards and Officer Cadiente retook positions on the perimeter of the house. K-9 Officer Duncan and K-9 Officer Gonzalez and I remained in the house at the bottom of the stairs. K-9 Officer Gonzalez had his dog with him. We started giving the suspect commands to "drop the gun", "put the gun down", and "let the female go." We gave a lot of verbal commands.

At some point, the suspect tucks back into the room and closes the door. We try to make verbal contact with him, and about 5 seconds later, he opens the door again. We continued giving him verbal commands. The suspect took the gun away from pointing it at the victim's temple. The suspect then points the gun at all three of us.

He initially points it at K-9 Officer Gonzalez, then me, and then K-9 Officer Duncan. The suspect then flags the gun back over us in reverse order before returning to pointing it at the victim's temple. I did not fire my gun because I did not have a clear shot. The suspect was definitely using her as a human shield.

At some point, K-9 Officer Gonzalez put his dog away and got his rifle. K-9 Officer Duncan also had his rifle. I was still at the bottom of the stairs with them, and I had my handgun out.
I was trying to coordinate and supervise the scene while being actively involved in it.

I tried to get a dialogue with the suspect. I asked for his name, what he wanted, and what we could do to end this peacefully. The suspect told me his name didn't matter. While trying to get a dialogue with him, he sucks back into the room and out of view.

The suspect would say things like, "you guys need to get out" or "get the fuck out." I told him that we weren't leaving, and he was completely surrounded. I told him that we wanted to end this peacefully, he needed to put the gun down, and to let the female go. The suspect responded with, "Well, I guess we have a Mexican Standoff then." I continued to try and gain rapport in order to open up a dialogue with him, but he was not cooperating. The suspect said at one point, "you better call the SWAT team because I'm taking her with me."

I did not have a visual of them, but I could hear her saying things like, "why are you doing that" or "what are you doing?" I thought that was an odd thing to say when someone has a gun to your head. I didn't know what she was referring to.

The suspect was letting the victim respond to us. She informed us that her dad was not in the room with them and that he was in another room. So, at that point, I knew I had one person upstairs in a room with a closed door and the suspect and victim in a room with an open door.

An officer aired that he had made it up to a balcony on the second floor. I pictured it as a balcony connected to the room where the suspect and hostage were inside. I didn't want to force the suspect into any situation that would cause him to do something, so I instructed the officer to get off the balcony. I couldn't hear half the radio transmission, so I don't know what the officer's response was.

My plan was for us to hold our position and not run into the room as it may provoke the suspect into shooting the hostage. Unless the situation changed, we would wait for the Code 12 resources that I know include emergency negotiation teams and SWAT resources. I wanted to bide our time until those elements could take over the scene.

More officers started to arrive. Acting Sergeant Paul Dayes #6166 brought in a ballistic shield for us to use. We placed that in front of us to give us more protection. We still had no visual on the suspect and continued to try and get a dialogue.

Then I hear one gunshot come from inside the bedroom. I assumed the suspect had shot the hostage. I yelled into the room to try and get verbal contact, and the female answered. She said, "I'm not injured," and "it was accidental." We did not get a chance to make emergency entry into the room because it was so quick between hearing the gunshot and the victim telling us that she was okay.

I believed she was okay, and I didn't want to escalate it by making entry. I told the suspect that if that was accidental, "see what could happen" and "put the gun away." I told him to throw the gun out. I did not receive a response.

At that point, things had started to calm down. I was the one who took over engaging with the suspect. I didn't want to have several officers yelling out commands. I noticed Sergeant Ross Bainbridge #6035, who is on the SWAT team, had arrived. So, I knew that the SWAT resources were starting to get on scene.

A few minutes after the initial gunshot, I heard a series of gunshots, maybe 4 or 5. I didn't know where the gunshots came from at first. My initial belief was he was shooting the gun and emptying out the revolver. But from my vantage point, I could see through the open door and at the window in the room where bullets were going through. I then realized that those were gunshots coming from the outside and not inside. I believed it was not the suspect shooting but someone shooting at the suspect.

After the gunfire stopped, I called out into the room to try and contact anyone in the room. The victim called out and sounded frantic. We asked where the suspect was, and she informed us that he was on the ground. I assumed he got shot, so I told her to run to us. The victim initially ran out of the door and down the hallway. We called her back, and she came down the stairs. She did not appear injured.

I asked over the radio for the officer who had visual in the room. The officer informed me that the suspect was face down on the ground. They were unable to tell if he was injured or breathing. I assumed the suspect had been shot.

K-9 Officer Gonzalez went back out to get his dog. While they were giving the suspect commands and setting up the long leash on the dog, the suspect informed us that he was coming out. The suspect crawled out of the room into the landing at the top of the stairs. I could see that he had nothing in his hands. It appeared that he was giving up. We moved up to take him into custody. I kept my gun pointed at him while he was taken into custody by another officer.

Someone yelled out that they had located the gun in the entryway of another room. The hammer was cocked back. I couldn't remember if the hammer was cocked back when the suspect had the gun to the hostage's head. I did not touch the revolver. We cleared the rest of the upstairs. We secured the male victim. The suspect was secured in a patrol car.

I noticed an older-style double-barreled shotgun leaning against the couch during the secondary search. I did not touch it, and I do not believe anyone else did either.

I moved from being actively involved in the scene to a supervisory role. I identified that Officer Richards was the officer who had shot through the window. Officer Richards had fired his rifle. I met up with him as he was coming down from the neighbor's roof. I did a safety brief with Officer Richards to see how many rounds he shot so that we could account for the rounds. We did a safety sweep, and I could not locate any rounds that exited the house.

We both turned off our body-worn cameras at that point, and I requested Peer Support for Officer Richards. I had a Peer Support officer take him back to the station.

I didn't see any apparent injuries on the suspect, but I wasn't sure, so I requested paramedics.

The neighbor of the house that Officer Richards was on top of came out and spoke with me. [redacted] identified herself as a witness, and she had surveillance cameras.

I clarified with Acting Sergeant Dyemartin if the shield was brought in before or after the first gunshot.

Acting Sergeant Dayes brought in the shield after the first shot was fired.

The interview ended at approximately 0847 hours.

On 04/09/22, at approximately 0855 hours, I conducted a second interview with Officer Alan Dyemartin.

I asked Officer Dyemartin how he felt when the gun was being pointed at him by the suspect.

It took a while to register and process that it was happening. I got scared. I knew with the victim in front of him that I couldn't protect myself by shooting. I ducked out of the way briefly until I thought he didn't have the gun pointed at us anymore.

It was pretty nerve-racking. I thought he would shoot the other officers and me. I didn't know what he was capable of. I thought it was going to end extremely badly.

The interview ended at approximately 0856 hours.

WITNESS STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours. Following the briefing, I was assigned to speak with witness officers at Eastern Division, located at 9225 Aero Drive in the City of San Diego.

At approximately 0858 hours, I collected Officer Andrew Campbell's statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Andrew Campbell (Witness):

On 4/09/22, I was working for Central Patrol as 528J3. Officer Stephanie Maciel #7766 texted me that there was a Code 12 in Eastern Division.

I switched over to Eastern Division's frequency and heard the Code 12 being announced again. I am a PRT officer. I aired on Central's frequency that I would be en route Code 3 from Pacific Highway and West Broadway.

I was not aware of the initial radio call. I was only aware that Code 12 was called. While en route I heard that the suspect had a gun to the hostage and that they were trying to make entry. I heard an officer air that he had a shot and could see him through the window. I then heard another officer air to hold your perimeter to get resources there. I then heard "shots fired" over the radio. It was then clarified that the suspect had fired.

Approximately 30 seconds before I arrived, officers aired "shots fired" again. An officer announced that he had shot, and the suspect was on the ground.

Upon arriving on scene, I grabbed my AR-15 rifle. I heard Officer Maciel volunteer to grab a shield, so I did not grab mine. As I ran towards the house, I saw a woman being escorted out of the house. She was frantic, so I assumed that she was the hostage.

I entered the residence through the front door. I saw a K-9 officer at the base of the stairs and Sergeant Ross Bainbridge #6035 with his gun facing up the stairs. I tried to assess if there was an additional hostage or what the situation was. Sergeant Bainbridge informed me that there was a suspect deep and a hostage in the room to the right.

I joined the officers at the bottom of the stairs. It was being discussed to push, and I believed that was the plan. Officers brought a K-9 dog in and started giving the suspect commands. L4 (Field Lieutenant) tried to see if the officer who fired the shots was still on the roof. He was concerned about crossfire.

As they formulated a plan, K-9 officers continued to give verbal commands. I then see the suspect's hands as he is crawling out toward officers. The suspect was a black male, 30s, bald, and wearing a gray shirt. The suspect's pants or shorts were at his knees, and I could see his underwear. I did not hear the suspect say anything and he did not look injured.

As the suspect presented himself and we could see his hands, Sergeant Bainbridge instructed us to push. We went up the stairs, and Sergeant Bainbridge held lethal coverage on the suspect. I grabbed his hands and put them behind his back. Another patrol officer placed handcuffs on him. I stepped over the suspect and covered the hallway. I did not know if there were any other suspects involved.

In the room next to the suspect, I saw a small snub-nosed black revolver with a brown grip on the ground in the threshold of the door frame. It was about 3 to 4 feet away from the suspect.
I then assisted with clearing the rest of the house. I saw an old doubled-barreled shotgun sitting on a recliner downstairs. I did not touch either of the firearms.

I was told the suspect was giving a few different names to patrol officers. I used my fingerprint scanner to assist in identifying the suspect.

I gave the fingerprint hit information to Officer Benjamin Cornish #7963.

The interview ended at approximately 0919 hours.

At approximately 0923 hours, I collected Officer Benjamin Cornish's statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Benjamin Cornish (Witness):

On 04/09/22, I was working for Northern Patrol as 114J3. I was scanning other division frequencies and I heard a call about a suspect with a gun inside a residence with two people possibly inside. I checked the address, and I saw I was approximately 10 minutes away. I was at [redacted] when I started heading toward the call.

I aired on Northern's frequency about the call because I knew Sergeant Ross Bainbridge #6035 was the PRT Leader. I got permission to head to the call. While en route, I learned officers were upstairs with a male in a bedroom, and there was somebody else in a different part of the house with a female. Based on that information I heard over the radio, I believed it to be a hostage situation.

Upon arrival, I saw a K-9 vehicle with a spotlight on the big window in the front of the house. I was aware from previous radio traffic that the suspect was on the second story. I grabbed my rifle and setup at the patrol vehicle closest to the house. I trained my rifle at the second-story window.

I heard a lot of commotion inside the house. I saw an officer running in and out of the open front door. I could hear officers inside trying to come up with a plan. I could hear them yell for a shield and talk about using the K-9 dog.

While I was still outside, I heard a gunshot. I had previously heard on the radio that the suspect had the gun to the female's head, so I thought the suspect had shot her. K-9 Officer Jarrett Duncan #6961 came out and informed me that we needed to push up.

I left my position from behind the patrol vehicle. I ran to just inside the front door. K-9 Officer Miguel Gonzalez #7628 told us that too many officers were inside and to pull out. I returned to my position behind the patrol vehicle and kept my rifle pointed at the second-story window.

Out of the corner of my eye, I could see that there was a uniformed officer on the roof of the house just to the east. The officer had a rifle. I believed he might have been trying to get an angle to see into the window. I heard him give some admonishment to the effect of "San Diego Police, drop the gun." Shortly after that, I saw and heard about 4 or 5 muzzle flashes from the officer on the roof. Someone aired on the radio that the suspect was down and possibly still moving.

I could see the officers at the bottom of the stairs from my position. I heard them challenging the suspect inside. I then heard officers were taking the suspect into custody.

I assisted the officer who had taken custody of the suspect with trying to identify the suspect. I asked the suspect for his name. The first name the suspect gave me was [redacted] with a date of birth of [redacted] I could not find any record of that person on my ARJIS phone. I asked the suspect again for his name. The suspect then gave the first name of [redacted] with the same last name and date of birth. I was still unable to locate any record for that person. Officer Andrew Campbell #7051 used his fingerprint scanner to positively identify the suspect.

I then assisted with witness checks at the following locations:

[redacted] Viacha Drive: I spoke with resident [redacted]
[redacted] informed me that she had surveillance video available.
[redacted] Viacha Drive: There was no answer at the door. There was a SimpliSafe doorbell on the front door.
[redacted] Viacha Drive: I spoke with [redacted] informed me that there was surveillance video available from their front door.

The interview ended at 0953 hours.

WITNESS STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0412 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself

against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

At approximately 0737 hours, I met with Officer C. Weaver #1578. Officer Weaver is currently assigned to Eastern Patrol.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Officer C. Weaver (Witness):

I started my normal shift at 2100 hours. I broke lineup and went to a handful of calls before this. The call before the 459 "hot call" was a person down. He had a severe laceration above one of his eyes. He was bleeding a lot. We were wrapping up there. It was medical only.

The 459 "hot call" came out. I was in beat 315. Units were already on scene. It started already developing. I heard them ask for K-9. While I was en route, K-9 arrived on scene. Everyone already made entry. I heard it over the radio that they made entry to the house through the front door. I heard the suspect had the hostage at gunpoint.

I parked on Claremont Mesa Boulevard, at the end of the street. There were already a bunch of police cars there. Some people from other divisions already started to beat me there. Officer Colvin and I arrived at the same time. Others were on scene with their cars staged. There were two K-9 units inside with three other officers. There was Officer Cornish outside, behind a patrol car with his long gun pointed at the front window where they saw the suspect ransacking.

When I arrived, I got behind the patrol car parked to the east of the house. It was about an eighty-yard walk to the house. I took a position behind that. I had my pistol out. I was trying to figure out where they needed people. We already had a perimeter set a long time ago. I was just trying to figure out what I needed to do on scene.

Then I saw Officer Richards, climbing a fence, climbing onto the roof. I saw him climb onto the roof. As he was climbing on the roof, there was the accidental discharge from the suspect. I saw the flash come off the two bathroom windows on the side of the house. I only know it was an accidental discharge because I was a scribe, after the fact. I figured out it was an accidental discharge. Before, we heard one shot fired. We only knew it came from the suspect. I didn't hear anything. The shot came from the second floor. I saw the flash through the two bathroom windows. I know they were bathroom windows because they were really high, really small. I saw the flash come up there. I let

Officers Richards know I just saw the flash come from the two windows. He continued to climb onto the roof. He crept onto the roof. He was looking for him.

Sergeant Dyemartin said, "Let's hold our positions and wait." No one really knew what happened. Maybe a minute later Officer Richards fired what I thought were five shots from the roof of the next door neighbor's house into the those windows. After the five shots, the woman victim came downstairs. I ended up grabbing her, getting her away from the scene, and putting her in the back of a patrol car to get her away. Officer Colvin took her statement.

When I observed the flash of the gunshot inside, I was at the patrol car. There were officers inside the house, downstairs. I only knew that because no one put out over the radio that they were going upstairs. There were at least six officers inside. There were no officers underneath where he shot, but I think there was an empty area underneath where he shot where officers could have been.

I never made full entry to the house. After Officer Richards shot, I remember someone saying, "We need to make entry now." Officers Colvin, Cornish and I ran inside. Dyemartin said, "We're not making entry. Everyone, go back to your original positions." That's when a couple minutes later the female victim came down.

My Body Camera was on when I arrived. I asked Officer Cornish where they needed people. He said we should hold the perimeter and wait because there were already multiple officers inside. I knew by the radio we had a perimeter secured.

I did not see the suspect inside at the time when the officers fired. I never saw the male inside.

Officer Colvin and I got her back to a patrol car at the end of the street. She didn't want to go in a patrol car right away. She was nauseous and needed something to drink. She just said, "I'm feeling very nauseous." I was like, "Okay. You just need to breathe. Control your breathing. Catch your breath." She was very shocked and frightened. I don't remember her exact words, but she stated she was shaken up. When I first grabbed her from the team that was on the inside and was getting her away from the house, she was panicking and wanting to go back in and get her dad. She was like, "Oh my dad. My dad. I'm scared for my dad. I need to see my dad." I kept pulling her away to make sure she was safe. She wasn't shaking or crying, but you could hear it in her voice.

I stayed with Officer Colvin for a bit, making sure the female victim was alright. Officer Colvin came back and began taking her statement. By the time that happened, they had the male in custody. I took up being scribe.

I asked Officer Weaver if any resources or tactics were utilized for the call.

Later on, I heard them ask for a shield. I heard them ask to set a perimeter for the call. I don't remember who, but they asked the dispatcher if they could get the people out of the house, so that way it's just the suspect in the house and not the two victims. I didn't remember what she said to that.

The interview ended at 0755 hours.

The briefing ended at 0535 hours. Following the briefing, I was tasked with collecting statements of several witness officers. These interviews were conducted at Eastern Division, in the Community Room.

At approximately 0928 hours, I met with Officer J. Cadiente #1026. Officer Cadiente is currently assigned to Eastern Patrol.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Officer J. Cadiente (Witness):

I started work at 2100 hours. Prior to receiving this radio call, we had two radio calls in the same location regarding a prowler or a residential burglary. I responded to both of those radio calls. The first call that case out on Beat 312, there was a description of a white van. On the second call, there was a suspect description, which was a black male, thin. We were unable to locate the suspect on both those calls. I know one of the calls you could see the driveway from the [OIS] location. They were all in the same beat, the three radio calls.

Before the OIS, I was on a radio call in the college area. It was a party call. This one came out. I realized it was in the same area as the first two. I answered up to go to the call. It was important to go because it was likely the calls were all related. It was all in Beat 312.

I responded to a residential burglary. The reporting party had seen a black male inside her residence. She also heard movement throughout the house. On the way, we requested for K-9. K-9 did show up. We also requested ABLE. ABLE was not available. We also requested ASTREA. They were also not available. Other officers made that request. We wanted K-9 and ABLE because they are a great resource for us, especially catching prowlers, and especially if they have a vehicle. ABLE has a better vantage point than officers have in their vehicles.

Based on the most recent update for the call, I had my lights and siren on. I believed that the reporting party still had a visual on the male that was inside her house. The female stayed inside the house. There was a mention of her elderly father who was in the house. I assumed she wasn't going to leave him.

Officers Richards, Becerra, Paredes and I showed up at the same time. Upon arriving, I gained access through the backyard through the right side. I claimed the fence. Richards followed me. I received an update from a unit out front that they saw a black male through the windows, upstairs. As I made my way around the backyard to the front left side of the house, I made verbal contact with the reporting

party's father, the elderly male. He was in the upper level bedroom, closest to the east side of the house. It was the southeast corner.

The conversation with the elderly male was brief. It sounded like a plea for help. I suggested him and his daughter get out of the house if they were able to. After I suggested that, five seconds later, I heard a female scream. I heard the sound of someone kicking down a door, and a struggle. I felt I needed to get in the house. I believed it was a life-threatening situation at that point. Richards was with me. He broke the sliding glass door with his baton.

We made entry to the house. I found my way to the stairs. I made it about half-way up the stairs. I'm still hearing a physical struggle at this point. I got half-way up the stairs. I looked up. I saw a female. I saw a black male behind her. All I could see was the right side of his eye. He's using her as a shield, and he has a snub nose pistol to her head with his right hand. He's holding her, using her as a shield, with his left hand. I can't recall if his finger was on the trigger. They were about six feet from me. I looked up. It took me a second to process what I saw. As soon as I did see it, I drew my gun and pointed it forward. I gave a verbal command to, "Drop the gun." I aired on my radio that the suspect had a gun.

More units arrived at the front door. It was deadbolted and needed a key to unlock on both sides. We didn't have that. I was given a beanbag shotgun through the gate. There were gaps through the gate. They could hand us firearms. I attempted to break down the gate with the beanbag shotgun and my boot. It was ineffective. We needed an exit plan, and additional resources could come in that way, instead of through the backyard and over the glass we shattered. The front door was directly in front of the stairs.

The gun was inches away from her head. It was pointed right at her head.

I retreated back. As soon as I retreated, I never had another look up the stairs. I had Officer Richards with "lethal" in front of me. I didn't want the suspect to have a two-in-one shot at us, since I was directly behind Officer Richards. If Richards would've been shot, I would've been shot if I was behind him. I was concerned he could shoot us. I believed this to be a deadly situation. He wasn't following our commands, and it was a hostage situation. He wasn't dropping the weapon or releasing the female. When I gave the initial commands, he starred at me while holding the gun to the female. I saw him hold the gun up to her for ten seconds. Even after backing down, he still held the gun to her. I then didn't see what was going on up the stairs.

The gate has bars to fit a shotgun and a rifle through, I don't know who gave me a beanbag. I didn't see if it was loaded. I tried to chamber it but couldn't. Because of that, I thought it was chambered. Had the suspect put the gun down and decided to do something else, or grab a different weapon, or if he had another weapon, I thought a beanbag shotgun could be effective.

I realized my Sergeant (Dyemartin), a K-9 with his dog, a K-9 with a rifle, and I saw Richards with his rifle. I told Officer Richards we needed to step outside and get another vantage point. We went out through the glass door we forced entry on. I set the beanbag down in the backyard.

I grabbed a grill and pulled it under the back patio. I climbed on top of it and climbed on top to the back patio. I saw the elderly man was in the room where the back patio leads to. I opened the slide

door. I called him out. I told him to stand right behind me. This was a potential victim. Him being elderly, I thought it was hard for him to understand the commands. I thought it was the easiest thing to have him stand in one place.

I stayed there with him the whole time. I heard a round get fired. It was a single round. I was notified by the officers downstairs that it was not police who fired the shot. I thought he shot the female he was holding hostage. I had my firearm out. To be honest, I started praying. Given the situation, what if he did shoot her? And what if he then runs towards me in the bedroom? I kept telling the man to stay behind me. He was concerned for his daughter. I think he mentioned his daughter was still there. Then I heard five or six shots. I heard a unit air that he fired shots and the male was still on the ground moving. When the shots were fired, through the glass window, I could see smoke coming out of the wall about two feet away from me. I realized they were bullets going through the wall.

I was outside on the patio. I saw bullets flying through the wall. I turned to make sure the elderly gentleman was okay.

The units downstairs called for the female being held hostage to step outside. Units went upstairs. That's when I made contact with the officers.

I went in the bedroom when it was clear. I did see a shotgun round on the dressing table. The elderly man told me it was his. Once the suspect was taken into custody, I walked the elderly male back downstairs. I took his statement, too.

[redacted] was his name. he has dementia. I'm sure you know that by now. He was getting forgetful with certain things. I found out for sure when I asked the officer who was watching his daughter. I asked if he knew about any health conditions for his father. She said dementia.

What I did get from him is he went to the restroom in the hallway. When he got up from the toilet, he looked in the bedroom and he saw the black male. He decides to stay in the bathroom and hide. From there he said he forgets everything. He couldn't recall everything. He doesn't believe he exchanged any words with the male. He doesn't believe the male even saw him there. That's all I got from him.

I believed had I not pulled him out of the bedroom, he would've been shot by some rounds. It was unknown if the suspect knew he was there. My goal was to get him as far away as possible from the bedroom door.

When I saw the rounds, I saw something coming through the bedroom wall. It was the same time as the rounds were fired. I was outside on the second-floor patio. I just saw smoke, or something go through the wall. I didn't know if it was coming from my position away, or away to me. I couldn't hear or see the male inside. The bedroom door was shut. If it was open, I would've been able to see the male. It could've been the impact to the building, but the whole wall releasing.

From the point when I looked up the stairs, I knew it was a deadly situation. He had someone at gunpoint. It was a hostage situation. I knew we needed to act quickly.

We broke the back door. There was exigency, once we heard the female screaming, I thought someone was going to die. I thought someone was going to hurt somebody. I was thinking about if it

was my loved ones in the house, I needed to get there as soon as possible. Right after I heard the kicking of the door and the female screaming.

I never got into a good position to use the beanbag shotgun.

The interview ended at 0955 hours.

The briefing ended at 0535 hours. Following the briefing, I was assigned to speak with witness officers at Eastern Division, located at 9225 Aero Drive in the City of San Diego.

At approximately 1043 hours, I collected Officer Jarrett Duncan's statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Jarrett Duncan (Witness):

On 04/09/22, I was working as a K-9 officer. My unit designator was 2909N. I was at the gas pumps at Central Garage when I heard a radio call of a 459 (burglary) hot prowl. I heard K-9 Officer Miguel Gonzalez #7628 was en route to it. I put myself on the call shortly after. I heard the details of a subject in the house, walking up and down the stairs.

When I was at the I-15 and the I-8, Acting Sergeant Dyemartin #6642 aired that the suspect was still inside and had taken a female as a hostage. I called for a Code 12 and responded to the scene Code 3. While still en route, I also learned that a gun was involved, and the vehicle parked in the driveway was stolen in a carjacking. I was aware that K-9 Officer Gonzalez already had his dog out. I heard someone request air support, but ABLE and ASTREA were unavailable.

Upon arrival, I grabbed my rifle because I wanted a weapon with more precision. I attempted to enter through the front door, but the security gate was still locked. I was informed that officers made entry through the rear, so I made my way to the rear of the house.

As I entered the house, I heard Acting Sergeant Dyemartin giving instructions to the suspect. The suspect was at the top of the stairs, and the officers were at the bottom of the stairs. K-9 Officer Gonzalez had his dog, and Acting Sergeant Dyemartin had his pistol pointed at the suspect. I took over the lethal cover with my rifle to allow Acting Sergeant Dyemartin to continue communicating with the suspect and try to deescalate the situation.

I saw the right side of a female's body through the open door at the top of the stairs. I saw an arm holding out a revolver, pointing it at her temple. The gun was a short-barreled revolver, black in color. The suspect was saying, "If you're going to get me, I'm going to take her with me," "you're going to need to call the SWAT team," and "this is a Mexican standoff." I believed he was not going to give up. The suspect told us to back out and leave the residence.

I had my rifle pointed at him, but I did not have an opportunity to get a clear shot on him because of the hostage and him not exposing enough of himself. I could really only see his hand and a part of his face. It was not enough to get a clear shot. The suspect was using her as a human shield.

At some point, the suspect pointed the revolver at all three of us. I could see the bullets in the revolver. I thought he was going to shoot the officers and me. I was afraid for my life. We all ducked out of the way. I think he had the gun pointed at us for a couple of seconds.

I instructed K-9 Officer Gonzalez to put his dog away because I wanted additional lethal cover. I didn't feel like we had enough officers at the time to keep the dog. I knew more resources were on the way because I had put out the Code 12.

As K-9 Officer Gonzalez put his dog in the car, the suspect closed the door and retreated into the room. Almost immediately, the door opened again. The suspect then retreats into the room. Acting Sergeant Dyemartin was still speaking with the suspect and trying to get him to show himself again.

I heard one gunshot from the room with the suspect and hostage in it. I believed the suspect shot the hostage. I planned to make emergency entry into the room to try and save her. Within a second of the shot, the hostage said she wasn't shot, it was an accident, and she was ok. That is why we didn't make entry into the room.

Around that time, I requested someone bring in a shield for us. I decided to go to the neighbor's residence to see if I could get to their second story, look into the target house, and hopefully get a better view of the suspect. I did not know there was another officer at the neighbor's residence. I knocked on the door and tried to go through the side door, but they were both locked.

As I was banging on the side gate, I heard five or six shots go off above me. I didn't know if it was the suspect or an officer shooting. I stepped back, and I saw the officer above me. I believed something had happened inside, so I returned to the bottom of the stairs in the target house. I thought we might need to make an emergency entry. I then heard what I believed to be someone tossing a gun. We called out to the hostage, and she came running down the stairs to us and evacuated.

We knew there was still another person upstairs who we believed could still be a hostage, and we didn't know the status of the suspect. K-9 Officer Gonzalez returned to his car and grabbed his dog again. We brought the dog back because the hostage was now out of play, we didn't know if he still had a gun, and the suspect was wanted for a felony. I knew that the second victim was not in the same room as the suspect.

Code 12 resources were starting to arrive. Several of the officers arriving were PRT officers and took a position at the bottom of the stairs. The Field Lieutenant was also with us at the bottom of the stairs.

Our plan was to long line the dog to the bedroom where the suspect was inside. While the dog "bites and holds" the suspect, we were going to secure the second victim while simultaneously contacting the suspect. While we were coordinating our plan, K-9 Officer Gonzalez and I gave several K-9 warnings. Our warnings let the dog know to start barking.

The suspect then said something to the effect of giving himself up. I don't remember exactly what he said. That's when the suspect started crawling out towards us, showing his hands. I think the dog prompted him to come out.

We were not going to send the dog because he gave up and showed us his hands, but we maintained lethal cover because we did not know where the firearm was. We moved up and took the suspect into custody.

While they took the suspect into custody, I held lethal coverage on the hallway to the left. I noticed the revolver inside another room to my left as I did that. It was the same revolver the suspect was holding earlier. I noticed the hammer on the revolver had been cocked back. I did not touch the firearm. I cleared the bedroom and then stood over the firearm until I was relieved by a patrol officer. I then assisted with clearing the rest of the house.

After clearing, I noticed a double-barreled shotgun with a wooden stock leaning on the couch in the living room. I did not touch the firearm.

The interview ended at approximately 1133 hours.

WITNESS STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and [redacted] Joseph away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours. Following the briefing, I was assigned to speak with witness officers at Eastern Division, located at 9225 Aero Drive in the City of San Diego.

At approximately 0957 hours, I collected Officer Miguel Gonzalez's statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Miguel Gonzalez (Witness):

On 04/09/22, I was working as a K-9 officer. My unit designator was 2912N. I heard a radio call for a 459 (burglary) in progress come out, and they requested a K-9 respond. The 459 was at a residence. I volunteered for the call and responded from near the I-15 and University Ave.

While en route, the reporting party stated they could hear somebody walking up and down the stairs. The reporting party was in a room. Because the suspect was in the house with the reporting party, I responded Code 3. An eastern sergeant approved the Code 3 response. I requested officers set a perimeter on the house.

Upon arrival, I asked the sergeant if a perimeter was set. I wasn't very familiar with the area. The sergeant informed me that there was an officer in the front and in the back. There weren't enough officers on scene yet for the sides of the house.

I turned my floodlight on and shined it on the big second-story window that faced the street. It was the only area of the house that wasn't well illuminated. When I did that, I could see movement through that particular window. I was not able to clearly see the person inside. The sergeant and another officer saw the movement in the window.

I asked where the next K-9 officer was coming from. I wanted another K-9 officer to be my lethal coverage so I could concentrate on deploying my dog and doing K-9 callouts. K-9 Officer Duncan #6961 was about 2 or 3 minutes out.

Prior to K-9 Officer Duncan's arrival, I learned of a commotion from inside of the house. I can't remember if it was from dispatch or another officer. There was some type of struggle with the people inside of the house.

We could not go through the front door because there was a security gate. My plan at that time was not to necessarily make entry but to push up to the front door in case we needed to breach it. We could do callouts from the front door.

Since the security gate prevented us from using the front door, we accessed the gate on the east side of the house and made our way to the rear. I noticed the rear sliding door was shattered. I didn't know who broke the door at the time.

When I made it to the shattered glass door, I heard someone say, "He has her hostage at gunpoint." Officers said they had one at gunpoint. I confirmed with the officers what they saw. They said he had a gun, and he had her at gunpoint. That is when we entered the house through the broken glass door.

I positioned myself at the bottom of the stairs where other officers were. I could see a female with a gun to her head at the top of the stairs. The suspect and female were standing at the top of the stairs. They were in a bedroom door directly behind the stairs. I could barely see the suspect because he used the female as a shield. The suspect was holding a gun in his right hand and pointing it at the right side of the female's head. The gun was a small black revolver.

I had my dog, so I was giving the suspect the K-9 warnings. I told the suspect to drop the gun and that we didn't want to have to hurt him. The female was our number one priority being the hostage, and we wanted to deescalate the situation. Several of us were giving him commands, but the suspect was not following our instructions.

The suspect then pointed the gun at us. I could see right down the barrel of the gun to the bullet. The female was standing right in front of him, so we did not have a clear shot. He also pointed the gun at Acting Sergeant Alan Dyemartin #6642 and K-9 Officer Duncan. I can't remember if the suspect said anything when he pointed it at us.

I transitioned the dog leash to my left hand, drew my pistol, and pointed it at him. Since I had no clear shot, I ducked for cover, believing he would shoot us. He didn't shoot, so we continued to give him instructions.

The suspect then pulled the female into the room. I can't remember if the door was closed or not. We tried to reason with him some more. The suspect said he wouldn't give up and call SWAT. He said he didn't care if he got shot or bit by the dog.

Shortly after that, I heard one gunshot coming from the bedroom. I believed the suspect had shot the female. We had planned to move up when the female told us it was an accident. The female did not say anything about being shot. Because she said that, we held our position at the bottom of the stairs and did not push forward.

After the shot was fired, I believed the dog was out of play. I did not want to send my dog into a gunfight. I tucked back into the kitchen area for cover. I heard K-9 Officer Duncan request a Code 12. I told officers to break the gate at the front door to allow other officers access and bring in resources.

The officers were successful in breaking the gate open. After they got the gate open, more officers came in. The area we were in was small, so I recommended some of the officers to back out.

After some officers cleared out, I secured my dog in the vehicle. I grabbed my rifle and returned to the bottom of the stairs. We continued to try to reason with the suspect and develop a plan. Shortly after that, I heard 4 or 5 shots. I didn't know who they came from. Immediately after, I heard the female screaming.

Someone had made verbal contact with the female and got her to come out. I did not see any physical injuries to the female. Officers grabbed her and escorted her outside the house. At that time, I believed officers shot the suspect, or he had shot himself.

Because the hostage was safely out of the house, I went to grab my dog again. I heard K-9 Officer Duncan give the suspect K-9 warnings. I planned to give him more K-9 warnings, and if there were no communication, the dog would be sent into the room to search and bite. I knew that there was another male upstairs still, so I was going to use a long leash to keep control of the dog.

While I was giving my warnings, the suspect said he was coming out. I instructed him to crawl out with no weapons in his hands. The suspect crawled out and showed us his hands. I did not see the gun in his hands, but I believed he may still have access to it. The PRT Leader decided to push up and take him into custody. I stayed at the bottom of the stairs until they advised that the suspect was in custody.

I then secured my dog. I assisted with clearing part of the bottom of the house that had not been cleared yet.

The interview ended at approximately 1036 hours.

On 04/09/22, at approximately 1037 hours, I conducted a second interview with Officer Miguel Gonzalez.

I asked Officer Gonzalez if he was able to give a description of the suspect.

I can't describe the suspect. I did not have a good enough view of him.

The interview ended at 1037 hours.

At approximately 0618 hours, I collected Officer Maciel's statement. The statement was audio recorded. Please see the audio recording for full details.

Statement of Officer Stephanie Maciel (Witness):

I arrived approximately one minute after the shots had been fired.

Upon arrival, I grabbed a shield and my rifle. I saw that there was an officer with a rifle using an engine block as cover. I saw that there was an officer on the roof of the neighbor's house. The officer using the engine block as cover informed her that everybody was inside. I immediately left him with the shield and went inside.

I saw six officers inside, set up at the bottom of the staircase. There was a lot of yelling going on. I saw the PRT Leader, Sergeant Bainbridge #6035, along with the Field Lieutenant. Officer Campbell #7051 showed up not too far behind me.

Officers informed me that the suspect was at the top of the stairwell, and it was unknown at the time if he still had the gun. I was aware that there was another hostage upstairs, but I didn't know where the hostage was.

I was aware that the female hostage was out of play because I saw two officers escorting the female out of the house upon my arrival. K-9 officers were on scene, and they were trying to come up with a plan on whether or not they wanted to use the dog.

As they were coming up with their plan, the suspect began to crawl out toward them. The suspect was still at the top of the stairs. They started giving him commands. I could see both of his hands. I never saw the firearm.

The plan going up the stairs was to keep a lethal option on the suspect while other officers made dynamic entries into the three open doors. The suspect was right in the middle of the hallway area

between the doors. K-9 Officer Duncan #6961 took the door on the left, Officer Campbell took the door deep, and I took the door on the right.

As I entered the room, officers behind me took the suspect into custody. When I entered my room, I saw an officer on the balcony with the second hostage. I then assisted with clearing the rest of the house for suspects and weapons.

The interview ended at 0622 hours.

At approximately 0858 hours, I met with Sergeant R. Bainbridge #6035. Sergeant Bainbridge is currently assigned to Northern Division Patrol. Additionally, on the evening of April 9, 2022, Sgt. Bainbridge was the Primary Response Team Leader. The Primary Response Team (PRT) is a component of SWAT.

The interview was audio recorded. See the audio recording for full details.

Witness Statement Sergeant R. Bainbridge (Witness):

As far as this incident is concerned, to me, after being there and hearing more details and what happened prior to us getting there: as far as the suspect's behavior earlier in the day, doing the armed carjacking, multiple home invasion burglaries or robberies, holding a woman hostage, pointing a firearm at officers while holding the woman hostage, firing off a round while holding her hostage, the fact that we were able to take that person into custody, the suspect wasn't even injured, none of the officers were injured, the hostage wasn't injured, neither the woman or the elderly gentleman, it's a miracle. It really is.

With what could have happened there: with him executing one of the hostages, forcing an officer involved shooting with the hostage in between himself and the officers at the bottom of the staircase, that was on the table. Forcing us to do emergency entry up the stairs into the room with her and potentially trying to negotiate a hostage rescue shot in close proximity to somebody with a hostage in there. You add all that up with the guy's criminal activity. I don't know if he was under the influence of drugs. I would think perhaps based upon some of the things he did, like parking the carjacking vehicle in the driveway is very unusual. You add all that up, the fact that none of us got hurt. I'm sure the victims are extremely traumatized by what happened, but they are not physically hurt. Even he wasn't harmed by us during the incident. It's a miracle. It really is.

I heard about the carjacking after the dust had settled. My night, prior to this, I was down in Pacific Beach monitoring bar break. I was over at 800 Garnet, in front of Maverick's. Thursday night had been pretty bad down there. We had some fights and drunk people that the Night Beach Team had to deal with. But last night, it was very calm down there. I don't think they arrested anybody. We didn't break up any fights. People seemed to be leaving, not hanging out down there as much as they normally do.

Around 2:35am, I was already leaving. The Night Beach Team guys were planning on doing line patrol. I hadn't eaten yet. I was planning on eating at the PB Storefront to heat up my lunch. I made it about halfway there, between 800 Garnet and 4400 Olney. Ben Cornish who is working the 110s got on the air. I don't remember exactly what he said, but he said something like, "Can you add me to the Code 12 in Eastern Division." Since I'm the PRT leader for 3rd Watch, my pager hadn't gone off. I wasn't quite sure what was going on. My pager wasn't going off. My phone wasn't blowing up with the other people that are on PRT letting me know an Emergency SWAT call is ongoing. For a few seconds, I wasn't sure if he just misheard what was going on. I told the dispatcher to put me on the Code 12. I switched over to Eastern to listen to it.

It sounded like a Code 12. He wasn't wrong. It sounded like a really serious hostage call after the first couple updates that I heard. I heard a lot of updates from the officers who were there. You could tell they were stressed, and things were chaotic. I had to factor that in with never working Eastern. I didn't know where that was. I had to use my phone to use my GPS to get there. Luckily it was a straight shot from Garnet onto Balboa through Northern into Eastern Division. It wasn't that hard to get there. I was a little worried that there were a lot of people coming to the call. I was worried about getting "T-boned."

As I'm trying to drive there Code 3 and navigate with my phone, I was listening to the call as getting there. One of the updates right around the time I was getting there, they said the suspect had fired a shot. Somebody aired that there was a shot fired. I think the next update was that the suspect had fired. It was advertised as a hostage situation with the suspect inside the house we arrived at. As I'm getting there, now the guy is not only holding a hostage, but he has fired inside the house. I saw there were quite a few officers already there. From SWAT training, it seemed like we were going to have to make an emergency entry to save the lady. He had already fired off the round. We are out of options at that point. This lady is clearly in danger. The guy is in her house and now he's firing a gun inside her house.

As I got there, I grabbed my patrol rifle. I made it about a step or two away from my police car when I heard the gunfire from Officer Richards engaging the suspect. To be honest, I saw him on the roof, I knew where the gunfire came from, but I wasn't sure if he was in a shootout. I just saw the muzzle flashes and I saw him. I knew he was firing at the guy. But I wasn't sure if the guy was shooting back at him also. It did occur to me, I'm like, "Oh my God, not only is this a hostage problem, but we may have to do an officer rescue off the roof of this house over here. Wow, this is awful." I ran up. Things happened out of order for me. You can't really plan for that. The gunfire surprised me so much I didn't have time to get situated and get my rifle ready. I didn't put a round in the chamber, check my optic, or do my normal functions check that I would normally do if it wasn't that serious.

I made it all the way up to the house. As I got in there, I was like, "Oh my God, I haven't even chambered-up yet." That's how fast things were happening. I had to turn my Eotech sight on. I was like, "Wow, this is happening so fast. I didn't have time to put a round in the chamber." I got that situated. I saw Lieutenant Impellizeri. I think I made some comment like, "We need to go," as in, "We need to go forward to rescue the lady." He told me to hold. He got on the radio and asked if the officer could see if the suspect was down or not. The shooting occurred, and before we pushed in there, he wanted to see if the suspect was down, then we could slow things down a little bit. That makes sense.

It would also let Officer Richards know we were going in, so not to be surprised if he sees us going in there.

Pretty quickly after he said that, the female hostage appeared at the top of the staircase. Officers were giving her verbal commands to come down the stairs, which she did. At that point, I wasn't aware that there was another hostage in play. I thought we were good. I thought there was one suspect and one hostage. If there's just the suspect upstairs, and we're unsure if he's down or not, we can back out, hold the perimeter, we could back out, call it a Code 11, get everyone else there, and really slow it down. It would just be basically a barricaded suspect inside that house. We would get everyone out of those really compromised positions at the bottom of the staircase, get everyone outside, lock it down, get the rest of the SRT guys there, and have robots and a gas plan, whatever. But we would really rachet it way back down. But then somebody said, "No. There's somebody else." There was another hostage to try and get. I wasn't aware of that until after the female hostage had come downstairs.

I called for the K-9 guy to bring the dog up. I wanted to, if the guy was down and not actually deceased, and we still had a hostage we were trying to get to, I wanted to have them send the police dog to try and get to bite the guy so we can take him into custody while the dog is on the bite, and/or see if we get a reaction from him. If he were deceased, the dog would either not bite him, or there would be no reaction. We would know if it was safer to proceed up the stairs.

They brought the dog up. The dog was barking in the direction of where the suspect was at the top of the staircase, through the first open door that you could see walking up the stairs. The dog barked briefly. I thought I could hear the suspect saying something. It kinda surprised me because I thought that he was deceased. In fact, it did shock me. I wasn't expecting to hear him respond. I thought he was probably deceased from the gunfire.

Shortly thereafter, I heard one of the K-9 handlers giving him verbal commands to come towards us. It seemed like he crawled out of the door. I could kind of see some movement at the top of the stairs. He slowly crawled so I could see both of his hands in view at the very top step. I believe I had Officer Campbell, who is also on PRT with me, and Stephanie Maciel was on my left. I let them know we were going to push forward and take the guy into custody.

I moved forward to the top of the stairs and held my rifle on him until I was able to step past him. Somebody took over for me so I could block the open door to the right. I could see out of my peripheral vision they started taking him into custody. It wasn't a very big room I ended up in front of. I did a quick search in there. I didn't find anybody else. I did notice it looked like some of the rounds had come through that window to the left and struck a lamp. I did notice a revolver on the floor. It did look like a .38 revolver on the floor there.

Once they got the gentleman in handcuffs, I could see the stress level was really high. It was a very intense call. I could tell by the way they were searching him that their adrenaline was way up. I instructed the patrol guys, "Slow it down. We need to search this guy really well." This was for two reasons. I wanted to see if he was hit, and where he was hit, in case we needed to render aid, and to really make sure that he was unarmed. They were moving kinda fast, rightfully so, because the adrenaline. They searched him I believed three times. I told them, "Check him again," because I was surprised, he hadn't been hit by gunfire. They checked him over really well. I was watching that. I was asking, "Did he get hit?" They're like, "No, he's not. He didn't get hit."

I think I called for medics prior to knowing that. I'm not sure. The guy didn't get hit.

We had the officers bring the suspect out. I heard the suspect had been secured outside. We worked on getting the elderly gentleman out. He wasn't moving very fast. I was at the bottom of the stairs when he came out. He didn't have any shoes on. There was a lot of broken glass from breaking the slider. I remember he was carrying some shoes down. I told him he should probably put his shoes on because of the broken glass. He seemed a little bit confused as to what happened. He was kinda frightened.

I spoke with Officers Campbell and Maciel. I told them, "we got everyone out, but we really have to make sure that this guy was by himself." We thought he was by himself, but we really had to make sure that this guy didn't show up with somebody else and we were going to have a really bad surprise here, if there was a second suspect we weren't sure of. I remember asking if they could debrief the younger woman to see if there was a second person that she saw. She said no, but we still needed to check. We did three searches upstairs and downstairs to really check and make sure there were no other suspects. I also had them check the backyard really well to make sure there was nobody out there. I didn't go into each room with them. They were looking for people to make sure no one was concealed or hiding in closets or under a bed. They're looking in crawlspaces to really be certain there were no additional suspects we needed to worry about, that there was one guy and one guy only, that there was no chance of anybody else that's hiding in there.

I had one officer stay with a double-barreled shotgun, which was on the couch downstairs. I thought that was unusual. Once the situation was "Code 4" I said, "You're gonna stay with that shotgun." Then we had somebody else stay with the handgun upstairs. I told them, "Don't touch anything. Your job is to make sure you're scene security inside the house. He's gonna be upstairs. You're gonna be downstairs. Keep an eye on the two firearms that were in play here."

On a day-to-day basis, for our department, we have the two SWAT teams. We have the SRT, which is full time SWAT, then we have PRT which I respond to calls when I'm at work. SRT they are going to respond from home when they're on call. I'm not on call. When I'm at work, if there's a SWAT related incident, I'm going to be heading there to deal with the initial onset of what's going on. I'll be accompanied by somebody to drive our Bearcat, our Special Equipment Vehicle, and usually four officers that are SWAT trained, PRT officers would respond to an incident where they're calling for SWAT. Then the SRT guys would be showing up later on during the problem if they're needed. A Code 12, that's the highest-level SWAT response you can request. It's basically an emergency deployment were all the available SWAT officers that are on call, that are at work, even if you're working overtime and not on the schedule, you would respond "Code 3" to whatever the situation is. This call was a Code 12, the highest-level response, because it was a hostage rescue situation. The hope is when I get there, and other PRT officers on the schedule get there, that we are going to develop a plan or immediately move towards rescuing the hostage. We would use our additional equipment and training to hopefully resolve that. It's different from other SWAT responses in that we're not even changing into our tactical uniform. We are grabbing a small amount of equipment and heading directly to where the problem is, using our training and equipment to figure out how to fix what's wrong as fast as possible. This would be one of the situations where it is completely appropriate to call a Code 12. You have an active hostage situation with an extremely dangerous guy. There were two hostages. That would definitely be one hundred percent Code 12 all day, every day.

> That's what it came out as. Whoever called that, the person was one hundred percent right. That's what it was.

The interview ended at 0920 hours.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence):	April 09, 2022 (Saturday)
TIME (occurrence):	0218 hours
LOCATION:	[redacted] Viacha Drive, San Diego CA (Beat 312)
SUBJECT:	**OIS/ Special Investigation – Case #22-015491** Officer: RICHARDS, Patrick #7227 Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted] **SDPD: Event #22040012462**

SUBJECT INTERVIEWED: [redacted]

WITNESS STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.
An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a

handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrsanta.

The briefing ended at 0535 hours.

I was assigned to obtain surveillance video from the occupant of [redacted] Viacha Drive located in the City of San Diego.

On 04/09/22, at approximately 1210 hours, Detective Connor Brown #7085 and I spoke with [redacted] at the residence. [redacted] did not witness the incident. [redacted] has a surveillance camera near his front door that faced the target residence, located at [redacted] Viacha Drive.

Detective Connor Brown #7085 provided [redacted] with an evidence.com link to upload her surveillance video.

[redacted] uploaded several surveillance videos to evidence.com

OPINIONS AND INTERPRETATIONS: [redacted]

One shot was fired from the office downward and toward the northeast, passing through the floor of the office, through the ceiling of the family room and terminating on the bricks of the fireplace on the east wall of the family room.

Six shots were fired from the roof of [redacted] Viacha Drive toward the southwest. Two shots terminated in the fascia of the eaves of [redacted] Viacha Drive. One shot likely hit a roof tile and fragmented. The fragments likely resulted in damage to the window of the office of [redacted] Viacha Drive and additional fragments likely struck the fascia of the eaves and the stucco of [redacted] Viacha Drive. Three bullets perforated the screen of the window of the office. One bullet passed through the west wall of the office, through the closet of the Southwest Bedroom and into the chest of drawers. The two remaining bullets likely struck the window frame, which destabilized their flight and/or caused them to fragment. These bullets or fragments struck and damaged the lamp and led to multiple impacts to the west wall of the office.

FIREARMS UNIT REPORT

ANAB ANSI National Accreditation Board ACCREDITED ISO/IEC 17025 FORENSIC TESTING LABORATORY

VICTIM: Officer P. Richards, ID# 7227
SUSPECT: TRUSSELL, Demetrius
CHARGE: 981000 ZZ / OIS/ Special Investigation
CASE #: 22-015491
INCIDENT #: 22040012462
HOMICIDE TEAM III: Detective C. Bernard, ID# 6957
INCIDENT DATE: April 9, 2022
INCIDENT LOCATION: [redacted] Viacha Drive

EVIDENCE EXAMINED:

Officer	Description	Methods	Results
P. Richards ID# 7227	·One Colt M4 Carbine chambered in 5.56mm caliber with serial number: [redacted]	·Firearm Examination ·Operability ·Maximum Shots Fired	·See Below[1] ·Operable ·Maximum likely 7 Shots
	·One 5.56mm caliber magazine labeled L.		
	·One 5.56mm caliber magazine labeled R.		
	[redacted] .223 REM caliber cartridges.		

OPINIONS / INTERPRETATIONS:
[1]The Colt carbine from Officer Richards was received with [redacted] unseated magazines, the bolt closed, the hammer cocked, the chamber empty, and the safety on. One magazine (L) contained [redacted] cartridges and the [redacted] magazine (R) contained [redacted] cartridges. The designed capacity of all the magazines is [redacted] cartridges; however, Officer Richards stated that he loads [redacted] cartridges in each magazine.

Per Detective Bernard, Officer Richards fired with the magazine labeled 'R,' and when he cleared the firearm at the scene, the cartridge from the chamber was placed in the magazine labeled 'L.' If both magazines were loaded with [redacted] cartridges, as was the magazine labeled 'R,' at the time of the incident, the evidence indicates that a maximum of **six** cartridges were fired from the firearm. If a different number of cartridges had been loaded into the magazine(s), then a different number of cartridges could have been fired.

All cartridges are consistent with the San Diego Police Department duty ammunition. The carbine was test fired and found to operate normally.

DISPOSITION OF EVIDENCE:
A Firearms Processing Packet (including test fires) was impounded in the Property Room as Barcode: 11367101.

REPORT NARRATIVE

SYNOPSIS

Between 2200 hours on 4/8/2022 and 0220 hours on 4/9/2022, an unknown suspect gained entry in to a residence at [redacted] Valldemosa Lane, San Diego CA 92124.

The suspect gained access in to the residence through an unlocked and open sliding glass door on the rear of the property.

The loss is a tan bi-fold wallet containing debit, credit and ID cards belonging to [redacted]

[redacted] was asleep inside the residence with his wife, [redacted] at the time of the incident.

No suspect has been identified in relation to this incident.

No witnesses have been identified in relation to this incident.

BACKGROUND

[redacted] VALLDEMOSA LANE is a single level, detached private residence.

[redacted] and [redacted] are the only occupants residing at the address.

On 4/9/2022 at about 0218 hours, a home invasion incident occurred a short distance away at [redacted] Viacha Drive, San Diego (reference SDPD Case 22015491).

A suspect was arrested during that incident and a vehicle impounded for evidence that may be related to this case.

ORIGIN

On 4/9/2022 at about 1227 hours, I was on patrol in full San Diego Police Department uniform and driving a marked San Diego Police Department vehicle.

I responded to a radio call of a 'burglary report' that occurred at [redacted] Valldemosa Lane, San Diego CA 92124.

INVESTIGATION

Upon arriving at the location, I spoke with the reporting party, [redacted] and her husband, [redacted]

[redacted] provided the following statement, paraphrased below.

STATEMENT OF [redacted] (VICTIM)

Last night I was asleep. I went to bed around 2200 hours. I heard sirens going down the street around 0230 hours I think. I thought it might have been a car accident but when the sirens continued for a while I knew it may be something else. This morning when I got up, I realized there were two pages of my calendar that was on the counter that had been ripped off. I thought my husband, [redacted] did it. I asked him about it and he denied it. [redacted] asked me where I put his wallet. I didn't move it anywhere. That's when I realized someone had entered the house. The sliding door at the rear of the home was left open overnight. I think whoever entered did so through that door. Some closet doors were opened but we already cleaned up and put everything back to how it was. The only thing actually missing is [redacted]

wallet, the calendar pages and a small sign we leave on the dishwasher that says "Clean". We don't have any security cameras. [redacted] and I were both asleep during the incident but did not wake up to any noises. END OF STATEMENT.

INVESTIGATION CONTINUED.

[redacted] confirmed [redacted] statement, adding that he was not woken by the sirens and slept right through the night. [redacted] also stated that had it not been for the event down the street (SDPD Case 22015491), [redacted] would not have thought to report his wallet theft to the police. [redacted] advised he has cancelled all the cards in his wallet already.

Due to the sliding door at the rear of the property being left open and the rest of the house having been tidied already, no DNA evidence was collected.

I took several photographs of the residence, later uploaded to Evidence.com via the Axon Capture App.

I provided a Marsy's Law Card to [redacted] with a copy of the case number before leaving the location.

My department issued body worn camera was activated during this incident.

[redacted] exited his vehicle (CA / [redacted] standing at the rear of the vehicle with the vehicle running and addressed the suspect. The suspect then approached [redacted] and pushed him out of the way, entering the vehicle. The suspect then departed the complex from the north entrance and was last seen driving eastbound [redacted] Street. [redacted] had taken a photograph of the suspect prior to the carjacking.

Deputies located a stolen vehicle at a Chevron within close vicinity to the Via Toscana apartment complex as the above incident was occurring. In the vehicle, the suspect left behind a wallet which had a Golden State Advantage card inside belonging to a Demetrius Trussell. Trussell looked similar to the subject that [redacted] had photographed before he stole the vehicle. Being that it was in such close proximity to the carjacking, Deputies showed [redacted] a prior booking photograph of Trussell and [redacted] believed him to be the suspect.

The vehicle was entered into the stolen vehicle system.

There is body worn camera footage available.

ORIGIN:

On 04/8/2022, at approximately 2140 hours, Deputy McCarthy #0301 and I were dispatched to a radio call of an unknown male attempting to enter an apartment located at [redacted] in unincorporated El Cajon (CAD: E7750947).

BACKGROUND:

On 04/8/2022, at about 2113 hours, Deputy McCarthy and I responded to a hot prowl radio call (CAD # E7750896). The suspect was described as a black male adult in his thirties, wearing a dark shirt and bright yellow pants.

INVESTIGATION:

The following is a summary of my investigation and is not intended to replace recordings of the incident. For exact statements, refer to Body Worn Camera (BWC) footage.

At about 2150 hours, I arrived on scene and contacted the initial reporting party, [redacted] advised me that an unknown black male attempted to enter her apartment at the above-mentioned address through an open window. [redacted] brother pushed the suspect and shut the window. The suspect left the immediate area and was last seen walking towards the middle of the apartment complex.

Deputies checked the complex but were unable to locate the suspect. While checking the complex, Sheriffs' Dispatch broadcasted that a black male entered through the window of a different apartment at the same address. The suspect then took a pair of vehicle keys from the apartment and left the area in a white Honda Odyssey. Dispatch advised that there was a language barrier with the victim, who only spoke Russian. While continuing to search the complex, Deputy McCarthy observed a male who was visibly upset and speaking what he believed to be Russian. Deputy McCarthy and I contacted the male who was later identified as [redacted] through his California Driver's License. [redacted] advised us a black male entered his white Honda Odyssey and drove away. [redacted] described the suspect as a black male between his 20s and 30s, wearing a black shirt and yellow pants. The suspect was last seen driving northbound on Jamacha Road.

Deputy McCarthy initiated a hot crime broadcast of the suspect and vehicle. Deputies canvassed the surrounding area but did not locate the suspect or the vehicle. [redacted] led us to Apt #[redacted] where we contacted his wife, [redacted] who was the second reporting party. While at the apartment, [redacted] contacted his sister via telephone, [redacted] translated for [redacted] and [redacted] who provided me the following synopsized statements.

STATEMENTS:

STATEMENT OF [redacted] (Second reporting party):

[redacted] was sleeping in the bedroom located at the back of the apartment. She woke up because she heard the bedroom door open. She saw a thin black male with short hair. Upon seeing the suspect, [redacted] began to scream. The suspect retreated out of the residence through the front door. While leaving the residence, the suspect dropped a pair of AirPods that belonged to [redacted] then called [redacted] and notified him of what had just occurred.

STATEMENT OF [redacted] (Victim):

[redacted] advised [redacted] of above-mentioned incident as he was entering the complex from the western entrance. [redacted] saw the suspect and got out of his car. While at the rear of his vehicle, [redacted] attempted to take photographs of the suspect. [redacted] was able to take one photograph of the suspect. The suspect pushed [redacted] entered [redacted] vehicle, and departed from the north entrance of the complex. The suspect was last seen driving east bound on Brabham Street. [redacted] did not fall to the ground and did not sustain any injuries. [redacted] stated he could positively identify the suspect if he saw him again.

[redacted] purchased the vehicle at a value of $24,900.

INVESTIGATION (Continued):

I looked around the apartment for signs of forced entry and observed a window screen with no visible damage on the floor. I observed the window that was located above the window screen and did not notice any visible damage to the window. There was no damage to any other windows or doors in the apartment. I utilized Deputy McCarthy's department issued iPhone to take photographs of the scene and items. I obtained the photo that [redacted] took of the suspect. I collected the AirPods to be submitted for fingerprints and DNA evidence. I canvassed the apartment for any items that were left behind by the suspect to be submitted for fingerprint or DNA evidence but did not locate any further items.

I went to the location of the carjacking outside the apartment and took pictures of the surrounding area. I provided [redacted] a case number.

After clearing from the call, Deputy Rodriguez #4101 located a stolen vehicle nearby at 2411 Jamacha Road in unincorporated El Cajon. Deputy Rodriguez found a brown leather wallet on the front passenger floorboard. Inside the wallet, Deputy Rodriguez located a Golden State Advantage card belonging to a Demetrius Dontez Trussell. Deputy Rodriguez advised Deputy McCarthy that Trussel may match the description of the afore-mentioned suspect (See Sheriff's Case # 22115383 for further details).

I conducted a record check through law enforcement databases (SDFusion and jail booking records) and discovered Trussell has prior convictions for burglary and vehicle theft. I showed [redacted] and [redacted] a booking photo of Trussell. [redacted] was unable to positively identify Trussell. [redacted] positively identified Trussell as the suspect.

I later burned a copy of all photographs taken during this investigation onto a compact disc and placed it into evidence. I processed the AirPods and placed it into evidence to obtain DNA.

I contacted Sheriff's Teletype #6416 and had the vehicle entered in the Stolen Vehicle Stolen (SVS) as stolen.

I concluded my investigation at this time.

There is body worn camera video footage during this investigation.

REPORT NARRATIVE

Officer's Statement:

On 04/08/22, while in full police uniform in a marked SDPD vehicle, I responded to a radio call of a burglary at [redacted] Adams Avenue in San Diego. [redacted] reported that someone entered his apartment overnight and stole his backpack and car keys. At approximately 1045 hours, [redacted] noticed his 2013 Toyota Prius was also missing from his driveway which is in front of his residence.

I spoke to a witness, [redacted] who lives across the street and stated that he observed a black male adult wearing a white t-shirt exit the apartment, stand on the corner for a few minutes then get in the Toyota Prius and leave. [redacted] stated that he was unsure if he would be able to identify the suspect because it was still dark outside.

[redacted] stated that he was not behind in payments and did not give anyone permission to drive his vehicle. I called SDPD teletype to enter the vehicle in the Stolen Vehicle System at approximately 1803 hours.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

BERLA FOLLOW-UP

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0400 hours.

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted], barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the suspect. Additional Officers arrived. TRUSSELL eventually dropped the gun and laid on the floor. He was subsequently taken into custody.

An Officer spoke to [redacted] stated she saw TRUSSELL in an upstairs bathroom. She barricaded herself in an upstairs office. TRUSSELL kicked in the office door while holding a handgun. TRUSSELL took her by the hair and forced her up against a wall while pressing himself against her. TRUSSELL pushed [redacted] into a chair then pulled down his pants and underwear while standing in front of her. He set the gun down on a table. TRUSSELL picked up the gun and a round went off into the floor. TRUSSELL masturbated in front of her then cleaned himself with a bath towel. [redacted] heard gunshots. TRUSSELL threw the gun and threw himself onto the floor.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

TRUSSELL was believed to be the suspect in one completed burglary at [redacted] Valldemosa Lane, and two prior attempt burglary cases from earlier in the night at [redacted] Rueda Drive and [redacted] La Cuenta Drive in Tierrasanta.

The briefing ended at 0535 hours.

During the investigation, I learned that the Honda Odyssey was registered to [redacted] who was the victim of a carjacking four and a half hours before the hostage incident. Evidence from other burglaries committed after the carjacking and before the hostage incident were found inside the van.

In an effort to find the exact whereabouts of the van – and presumably Trussell – when these crimes occurred, I determined it would be prudent to extract and analyze the Infotainment system from the vehicle. I applied for and was granted State Search Warrant [redacted] which was signed by the Honorable James Simmons on May 13.

On May 19, at 0700 hours, I drove to the Homicide Lot at Traffic Division, located at 9265 Aero Drive, and met with Detective D. Amato (#6774) so he could perform the extraction. After removing the system from the dashboard, Detective Amato determined the van's Infotainment system did not possess a GPS program and therefore would not render any valuable evidentiary information.

I facilitated the return of [redacted] van, and he picked it up from Traffic Division later that day.

CASE DESCRIPTION/SYNOPSIS:

On 4**/8/2022** at about 2151 hours, Demetrius TRUSSELL entered [redacted] apartment at [redacted] in the City of El Cajon. [redacted] was asleep at the time of TRUSSELL's entry. TRUSSELL picked up a pair of airpod headphone and entered [redacted] bedroom. [redacted] woke up and saw TRUSSELL and screamed. TRUSSELL dropped the headphone and fled the apartment. [redacted] called her husband, [redacted] who was driving his 2016 Honda Odyssey minivan while working for Uber. [redacted] arrived at complex and saw TRUSSELL. [redacted] took a photograph of TRUSSELL and TRUSSELL pushed [redacted] and got into the van and drove away.

On 4/9/2022 at about 0020 hours, two male juveniles were asleep in their bedroom at [redacted] Rueda Drive. One of the juveniles heard tapping on a window and woke up. He saw a male fumbling with the window lock and alerted his mother. His mother saw the male run away from the window and get into a white minivan and drive away. SDPD officers checked the area and were unable to locate the minivan.

On 4/9/2022 at about 0049 hours, [redacted] heard someone trying to open the screen door of his home. [redacted] home is about .9 miles away from the Ruedea Drive address. [redacted] knocked on his window and the male left. SDPD officers checked the are and were unable to locate the male.

On 4/9/2022 at about 0215 hours, [redacted] woke up and saw lights on in the hallway of her home, located a [redacted] Viacha Drive. [redacted] though her elderly father, [redacted] had gotten up in the middle of the night. [redacted] got up to go look for her father and encountered TRUSSELL in her hallway. [redacted] and [redacted] ran into their home office and called 9-1-1. TRUSSELL kicked in the door and was holding a revolver. SDPD Officers arrived and TRUSSELL was eventually taken into custody after an Officer discharged their service weapon.

On **5/18/2022**, I was contacted by Traffic Detective GOTTFRIED (ID#5051) and he asked me if I could assist SDPD Homicide Detective BERNARD (ID#6957) by conducting a Berla acquisition on a vehicle he had impounded. Detective GOTTFRIED was provided with the vehicle information and had determine data might be retrieved from the Odyssey's Infotainment system, if properly equipped. Traffic Division possessed hardware and software manufactured by Berla Corporation that allows for this data retrieval. I have received training from Berla in the use of this equipment.

Detective GOTTFRIED conducted a vehicle lookup using the Berla website and learned the vehicle may be supported by Berla. This year, make, model, and trim had multiple infotainment system options and a final determination as to whether or not data would be able to be retrieved would be dependent on which infotainment system was installed on the vehicle. This confirmation could only be made by removing the infotainment system and looking at the system to see if a hard drive was present on the right side of the system.

Detective BERNARD was primarily looking to obtain any location data from the infotainment system from April 8, 2022 to April 9, 2022.

AUTHORITY:

The Honda Odyssey is owned by [redacted] and had been stolen on 4/8/2022 at about 2151 hours. SDPD Detective BERNARD obtained a search warrant on 05-13-2022. The Honorable James SIMMONS, Judge of the Superior Court, approved the search warrant (Warrant Number: [redacted]

On **5/19/2022** at about 0725 hours, I met with Detective BERNARD at SDPD Traffic Division at 9265 Aero Drive in San Diego. I began by taking exterior photographs of the Honda Odyssey. I noticed when I opened the drive side door, the vehicle did not have any power.

VEHICLE DESCRIPTION:

The vehicle was a 2016 Honda Odyssey EX-L minivan and was white in color. The vehicle bore Vehicle Identification Number [redacted] The vehicle bore California License Plate: [redacted] on the front and rear bumpers.

REMOVAL:

Using the Berla instructions, I removed the trim around the center stack and accessed the module, which is attached to the rear of the screen. See Figure 1.

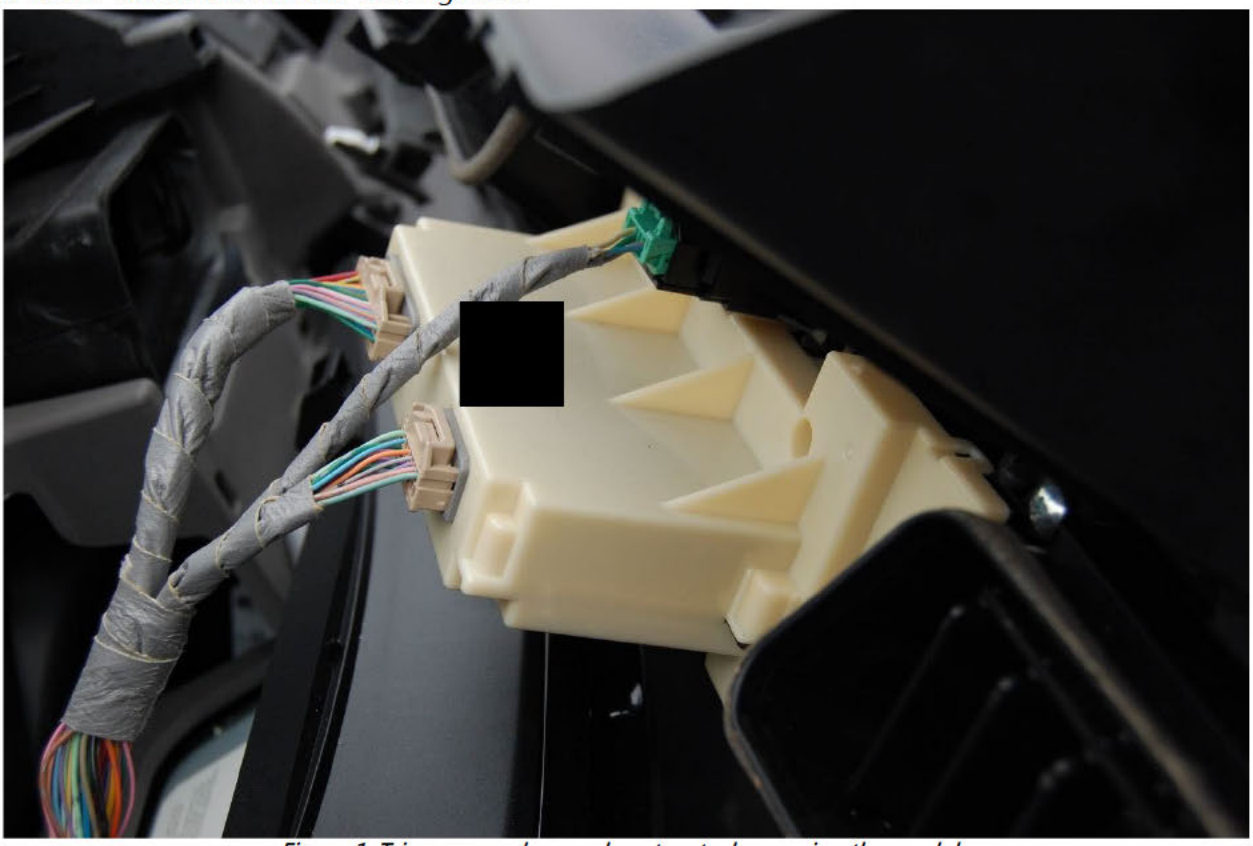

Figure 1: Trim removed around center stack exposing the module.

I unscrewed the module from the vehicle and then removed the cables from the module. Per the Berla instructions, a supported infotainment system will have a "Ref No" beginning with "BD7".

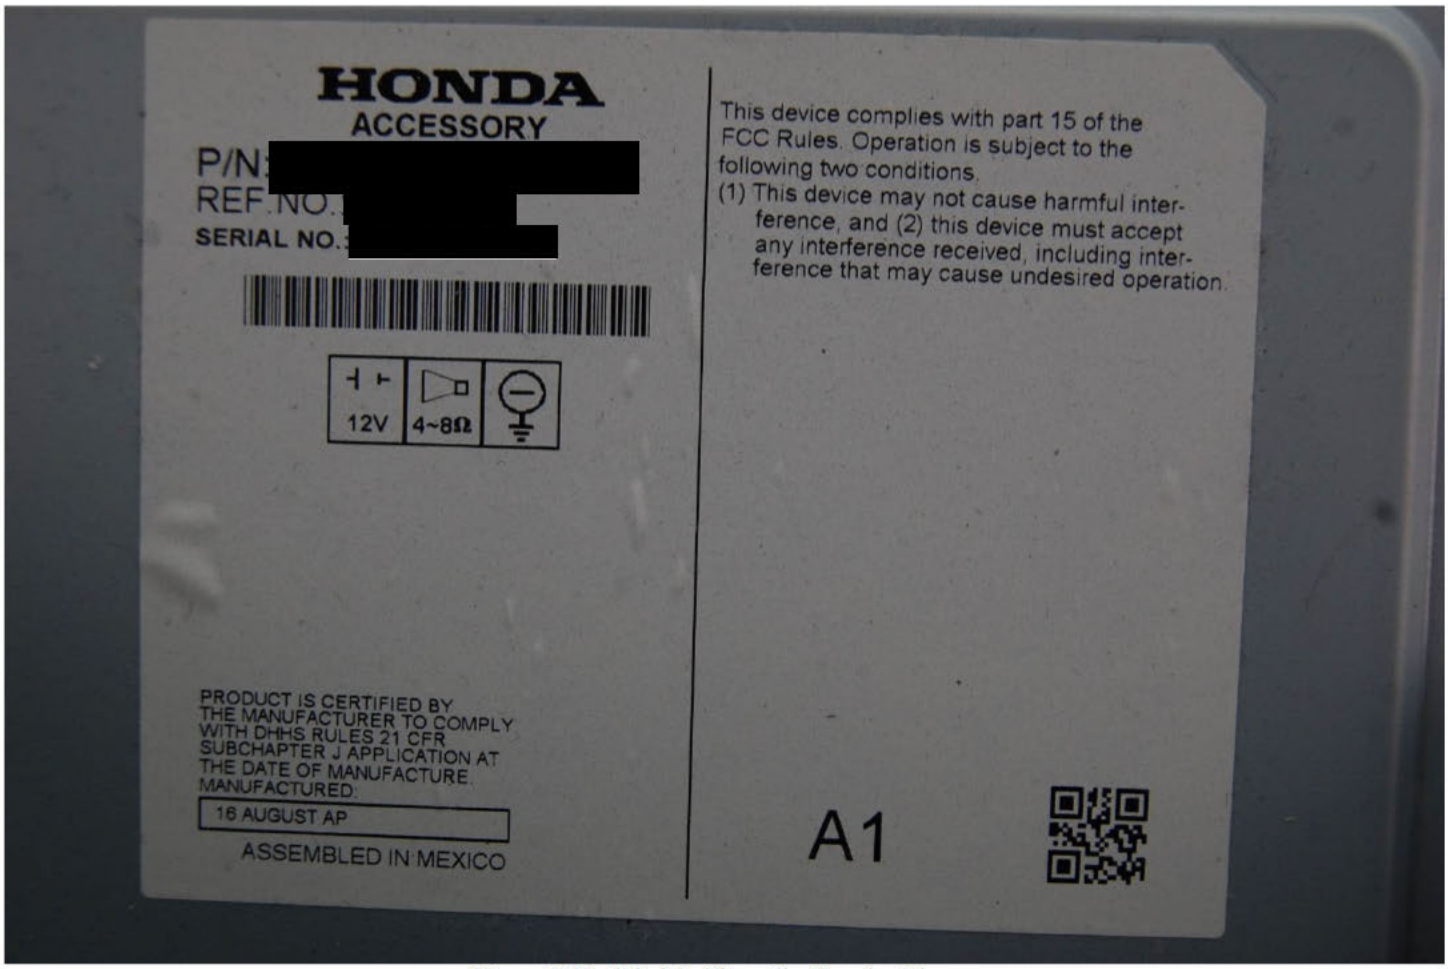

Figure 2: Module label from the Honda Odyssey.

I looked at the right side of the module and did not see a removable hard drive slot.

Since the infotainment system would not produce any results, I informed Detective BERNARD and I reassembled the dashboard.

TRAINING/EXPERIENCE:

I have been a San Diego Police Officer for more than 12 years and worked in the Traffic Division Collision Investigations Bureau (CIB) for more than 7 years. I have been assigned to the Traffic Investigations Unit (TIU) in the capacity of an Acting Detective since August 2021. In June 2022, I was promoted to Sergeant and currently assigned to Western Division Patrol.

I have received the following training related specifically to vehicle forensics using the Berla system:

REPORT NARRATIVE

On 04/09/2022 at approximately 0218 hours, I was in full police uniform driving a marked patrol vehicle when I responded to a radio call stating the reporting party heard a subject in her residence. The reporting party stated the male was a black male adult approximately 30 years old, 5'10"and thin build. See Officer's Reports for further detail regarding the incident.

SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT

DATE (occurrence): April 09, 2022 (Saturday)

TIME (occurrence): 0218 hours

LOCATION: [redacted] Viacha Drive, San Diego CA (Beat 312)

SUBJECT: **OIS/ Special Investigation – Case #22-015491**
Officer: RICHARDS, Patrick #7227
Suspect: TRUSSELL, Demetrius, B/M (40) DOB: [redacted]
SDPD: Event #22040012462

SUBJECT INTERVIEWED: [redacted] [redacted]

VICTIM STATEMENT:

On April 09, 2022, at 0310 hours, I was contacted by Sgt. C. Turner #6518 to respond to an officer-involved shooting scene at [redacted] Viacha Drive, San Diego, CA. Homicide Team III was assigned to conduct the investigation. I arrived at the scene at approximately 0405 hours.

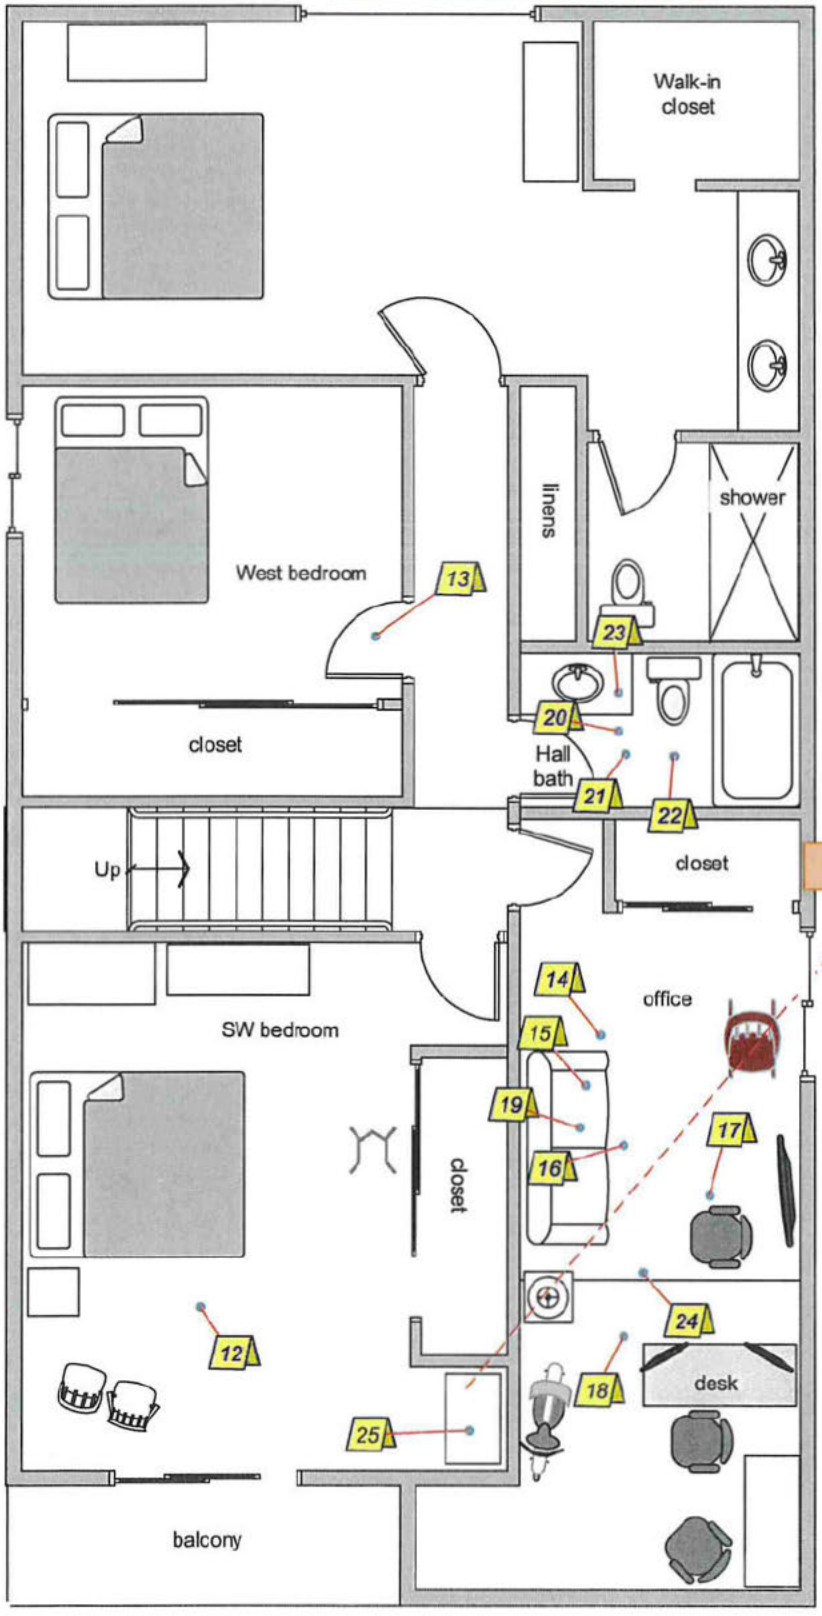

At 0502 hours, Acting/Sergeant Dayes #6166 gave a briefing on the incident. During the briefing, we essentially learned the following:

On April 09, 2022, at 0218 hours, San Diego Police received a phone call regarding a residential hot prowl burglary in progress at [redacted] Viacha Drive. The reporting party, [redacted] reported an unknown black male was inside her residence. She and her father, [redacted] barricaded themselves in an upstairs office.

Upon arrival, Officers observed a stolen Honda Odyssey (CA [redacted] parked in the driveway and a black male inside the residence on the second story. The suspect, later identified as Demetrius TRUSSELL, appeared to be ransacking the residence. TRUSSELL was seen with a handgun pointed towards [redacted] Officers stated TRUSSELL took [redacted] hostage. Officers requested Code 3 cover, and a Code 12 (Emergency SWAT Response). At one point during the incident, TRUSSELL fired the handgun into the ground. Officers forced entry into the rear sliding-glass door. Officers set up a perimeter on the residence. Officer RICHARDS set up on the roof of [redacted] Viacha Drive. At approximately 0239 hours, Officer RICHARDS fired around six rounds from a rifle into the southeast side of the residence. No one was hit by the gunfire. TRUSSELL yelled at officers and a standoff ensued. Officer CADIENTE climbed onto a second story balcony and directed [redacted] away from the

OPINIONS / INTERPRETATIONS

1) **11365915-A: Swabs - side A and edge of screen frame (11363331)**
This sample is uninterpretable because the number of contributors could not be determined.

2) **11365915-B: Swabs - side B of screen frame (11363331)**
This sample is unsuitable for comparisons because the results lack sufficient information.

Report Appendix attached

SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v03-16-2020

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

EVIDENCE EXAMINED/RESULTS

Chain of custody information for all tested items is available through the department evidence tracking system (i.e., Evidence-on-Q).

Differential Extraction

- separates samples into two fractions: a *sperm fraction* (contains DNA from sperm cells) and a *non-sperm fraction* (contains DNA from non-sperm cells)

Discontinued Samples

Analysis of items may be stopped and not **"typed for DNA"** for one of the following reasons:

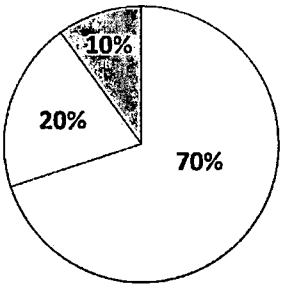

1. The amount of DNA recovered is too low and the sample is unlikely to provide informative results
2. An insufficient amount of male DNA is detected, or no sperm cells are observed (case scenario dependent)
3. A similar sample is being processed and it was deemed redundant
4. The requestor determined the work is not needed at this time
5. Possible blood or semen stain presumptively test negative for that fluid
6. Reference discontinued because associated evidence discontinued

INTERPRETATIONS/CONCLUSIONS

Conclusions within the DNA report do NOT address *when or how* the DNA came to be on the item.

DNA mixtures occur when more than one person's DNA is detected in a sample. Within a mixture, how much DNA each person is contributing can be *estimated*. This estimate is reported as a ratio (e.g., 70:20:10).

In the example to the right (3 person mixture), the "20% contributor" represents 20% of the total amount of DNA detected on the item.

Likelihood ratios (LRs) are calculations used to evaluate the DNA results from the evidence under two different scenarios:

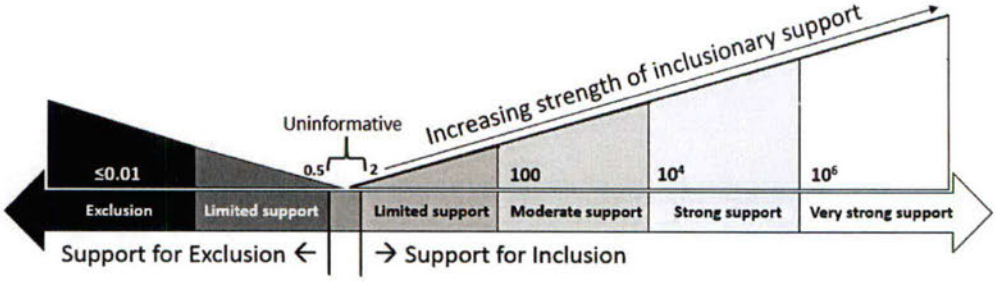

1. The probability of obtaining the DNA results if the person of interest is a contributor.
2. The probability of obtaining the DNA results if the person of interest is NOT a contributor.

For example, in the 3-person mixture from above, if a reference sample from John Doe was submitted for comparison to the DNA results from the evidence, the likelihood ratio could evaluate:

$$LR = \frac{Probability\ of\ the\ evidence\ if\ \textbf{John Doe and two unknown,unrelated people}\ were\ contributors\ \text{(scenario 1)}}{Probability\ of\ the\ evidence\ if\ \textbf{three unknown,unrelated people}\ were\ contributors\ \text{(scenario 2)}}$$

SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v03-16-2020

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

LR values **greater than 2** indicate more support for the 1st scenario.

LR values **between 2 and 0.5** are uninformative.

LR values **less than 0.5** indicate more support for the 2nd scenario.

LR values **less than 0.01** are deemed exclusionary.

The meaning of the LR value is described in the report with one of the following terms:

• Limited support for exclusion • Exclusion	• Uninformative - similar support for both LR scenarios	• Limited support for inclusion • Moderate support for inclusion • Strong support for inclusion • Very strong support for inclusion

For example, in the 3-person mixture from above, if there is support for John Doe's inclusion, the report will provide an estimate of his percent contribution to the mixture. (e.g., John Doe (20%))

Large Numbers: Common Scientific Notation Exponents and their Description

Likelihood ratio values are commonly reported in **scientific notation**. The following table is a list of common scientific notations and their meaning.

CODIS (Combined DNA Index System) - DNA database searching

All *eligible* profiles will be searched in CODIS to the fullest extent possible (e.g., local, state, or national). DNA profiles entered into the CODIS databases typically remain in the database indefinitely and are searched weekly. A notification will be issued if there is a hit in the database. DNA profiles from all qualifying adult suspects will be submitted to, and searched against, the local CODIS database. DNA profiles from victims, consensual partners, subjects, or witnesses are NOT entered, or searched, in CODIS.

DDA Buckner,

Evidence from this case was requested for DNA testing. It is necessary that a portion or all of the swabs (collected from the evidence items) submitted for DNA analysis be consumed in order to test it. Consuming the swab(s) provides the best chance of obtaining usable DNA results, which will increase our ability to provide meaningful comparisons. Consumption means that we will take the entirety of the swab(s) for analysis. Responding "*yes*" to this email indicates you agree to the consumption of this evidence based on the above reasoning. If a list of specific barcodes is needed, they can be provided upon request.

EVIDENCE PROCESSING REPORT

I received the evidence item listed below from the Headquarters Property Room on April 20, 2022. This item was processed using the following techniques: visual examination, cyanoacrylate ester fuming, magnetic powder, black powder, and swabbing.

11363331: One folded, window screen in a metal frame.

Results:

11365913: Seven latent print cards containing lifts of developed prints were collected.

11365915: This item consists of the following:

- Two swabs (A) [used simultaneously] of possible DNA evidence. This item was collected from the surface of side A of the frame, and the edge of the frame, after latent print processing.
- Two swabs (B) [used simultaneously] of possible DNA evidence. This item was collected from the surface of side B of the frame, after latent print processing.

DISPOSITION OF EVIDENCE

The processed evidence item and the resulting items, which were each assigned a unique barcode, will be impounded in the ***Headquarters Property Room***.

Seven latent print cards containing lifts of developed prints will be impounded under barcode *11365913*.

OPINIONS / INTERPRETATIONS

1) 11364654-4: Cartridge - R · P 38 SPL

This sample is unsuitable for comparisons because the results lack sufficient information.

2) 11365989-1: Towel - stain from side A (sperm fraction)
11365989-2: Towel - stain from side B (sperm fraction)
11365993: Swab - possible semen stain from carpet in the office (Placard 24) (sperm fraction)

Number of DNA contributors: 1
Very strong support for inclusion: **Demetrius Trussell**
Exclusion: [redacted]

It is 8.71×10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The DNA types will be searched against the national CODIS database.

3) 11365989-1: Towel - stain from side A (nonsperm fraction)

Number of DNA contributors: 2 (Ratio >99:<1)
Very strong support for inclusion: **Demetrius Trussell (>99%)**
Uninformative:
Limited support for exclusion: [redacted]

It is 9.64×10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The remaining contributor is unsuitable for CODIS searches.

4) 11365989-2: Towel - stain from side B (nonsperm fraction)

Number of DNA contributors: 2 (Ratio >99:<1)
Very strong support for inclusion: **Demetrius Trussell (>99%)**
Uninformative:
Limited support for exclusion: [redacted]

It is 8.65×10^{30} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

The remaining contributor is unsuitable for CODIS searches.

5) 11365992: Swab - possible semen stain from the floor in the upstairs bathroom (Placard 20) (nonsperm fraction)

Number of DNA contributors: 1
Very strong support for inclusion: [redacted]
Exclusion: [redacted] **Demetrius Trussell**

It is 6.27 x 10^{29} times more likely to obtain the DNA results if [redacted] is a contributor than if this person is not a contributor.

6) 11365993: Swab - possible semen stain from carpet in the office (Placard 24) (nonsperm fraction)

Number of DNA contributors: 2 (Ratio 98:2)
Very strong support for inclusion: **Demetrius Trussell (98%)**
Limited support for inclusion: [redacted] **(2%)**
Exclusion:

It is 1.03 x 10^{31} times more likely to obtain the DNA results if Demetrius Trussell is a contributor than if this person is not a contributor.

It is 20.9 times more likely to obtain the DNA results if [redacted] is a contributor than if this person is not a contributor.

It is 6.99 x 10^{32} times more likely to obtain the DNA results if Demetrius Trussell and [redacted] are contributors than if neither are contributors.

Report Appendix attached

SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v03-16-2020

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

EVIDENCE EXAMINED/RESULTS

Chain of custody information for all tested items is available through the department evidence tracking system (i.e., Evidence-on-Q).

Differential Extraction

- separates samples into two fractions: a *sperm fraction* (contains DNA from sperm cells) and a *non-sperm fraction* (contains DNA from non-sperm cells)

Discontinued Samples

Analysis of items may be stopped and not **"typed for DNA"** for one of the following reasons:

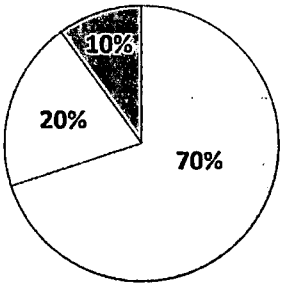

1. The amount of DNA recovered is too low and the sample is unlikely to provide informative results
2. An insufficient amount of male DNA is detected, or no sperm cells are observed (case scenario dependent)
3. A similar sample is being processed and it was deemed redundant
4. The requestor determined the work is not needed at this time
5. Possible blood or semen stain presumptively test negative for that fluid
6. Reference discontinued because associated evidence discontinued

INTERPRETATIONS/CONCLUSIONS

Conclusions within the DNA report do NOT address *when or how* the DNA came to be on the item.

DNA mixtures occur when more than one person's DNA is detected in a sample. Within a mixture, how much DNA each person is contributing can be *estimated*. This estimate is reported as a ratio (e.g., 70:20:10).

In the example to the right (3 person mixture), the "20% contributor" represents 20% of the total amount of DNA detected on the item.

Likelihood ratios (LRs) are calculations used to evaluate the DNA results from the evidence under two different scenarios:

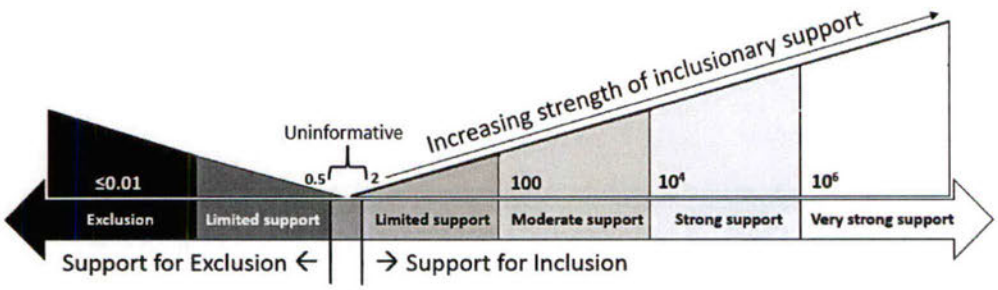

1. The probability of obtaining the DNA results if the person of interest is a contributor.
2. The probability of obtaining the DNA results if the person of interest is NOT a contributor.

For example, in the 3-person mixture from above, if a reference sample from John Doe was submitted for comparison to the DNA results from the evidence, the likelihood ratio could evaluate:

$$LR = \frac{Probability\ of\ the\ evidence\ if\ \textbf{John Doe and two unknown,unrelated people}\ were\ contributors\ \text{(scenario 1)}}{Probability\ of\ the\ evidence\ if\ \textbf{three unknown,unrelated people}\ were\ contributors\ \text{(scenario 2)}}$$

SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v03-16-2020

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

LR values **greater than 2** indicate more support for the 1st scenario.

LR values **between 2 and 0.5** are uninformative.

LR values **less than 0.5** indicate more support for the 2nd scenario.

LR values **less than 0.01** are deemed exclusionary.

The meaning of the LR value is described in the report with one of the following terms:

• Limited support for exclusion • Exclusion	• Uninformative - similar support for both LR scenarios	• Limited support for inclusion • Moderate support for inclusion • Strong support for inclusion • Very strong support for inclusion

For example, in the 3-person mixture from above, if there is support for John Doe's inclusion, the report will provide an estimate of his percent contribution to the mixture. (e.g., John Doe (20%))

Large Numbers: Common Scientific Notation Exponents and their Description

Likelihood ratio values are commonly reported in **scientific notation**. The following table is a list of common scientific notations and their meaning.

CODIS (Combined DNA Index System) - DNA database searching

All *eligible* profiles will be searched in CODIS to the fullest extent possible (e.g., local, state, or national). DNA profiles entered into the CODIS databases typically remain in the database indefinitely and are searched weekly. A notification will be issued if there is a hit in the database. DNA profiles from all qualifying adult suspects will be submitted to, and searched against, the local CODIS database. DNA profiles from victims, consensual partners, subjects, or witnesses are NOT entered, or searched, in CODIS.

Subject: SDPD Case #22-015491 - DNA Permission to Consume

Good afternoon,

Evidence from the above case was requested for DNA testing by the San Diego Police Department Crime Laboratory. It may be necessary to consume the evidence for DNA analysis. Consuming the evidence means that the entirety will be used for analysis, which increases the ability to obtain usable results.

Responding "yes" to this email indicates you agree to the consumption of this evidence based on the above reasoning. A list of specific barcodes can be provided upon request.

Testing cannot be conducted until you have granted permission to consume this evidence. Please respond promptly

Thank You,

Yessica Rivas

Description of Evidence	The following were tested against standards with the expected results:	ALS #CLBG2	2-Step AP
Packaging	Sealed	Brown paper bag	
Labeling (in part)	"Placard 16 One Pinkish White bath towel…collected from the carpeted floor EAST of the couch in the office.		

Item Name: Towel

One taped closed white paper package labeled in part "Evidence inventory paper" containing one pinkish-white bath towel with faint yellowish discoloration and light brownish stains. Possible animal hairs were present on the towel and left in place. One side of the towel was designated as side A. The other side was designated as side B for the purposes of analysis. Fluorescent stains were present on both sides of the towel. All stains on side A gave positive results for the presumptive test for semen. All but two stains on side B gave positive results for the presumptive test for semen. The positive stains on side B were all on one half of the towel. An attempt was made to mark the negative stains. Two stains were sampled for differential extraction.

PHOTO LINE-UP ADMONISHMENT

Case# 220154466

Eyewitness Name: [redacted]

Investigator: A/DET. S. Gonzalez #7427

Date/Time: 04/11/22 / 1131

Admonition:

You will be asked to view a series of photographs. In an effort to ensure fairness in this identification procedure, the investigator showing you these photographs either does not know who the person possibly responsible for the crime is, or does not know in which order their photograph will appear. You should not conclude or guess that the photographs contain the picture of the actual person who committed the crime. Do not be influenced by the fact that the photographs shown to you may have different background colors or lighting. The person responsible for the crime may or not may not be among the photographs shown to you. You are not under any obligation to identify anyone. Please do not feel compelled to make an identification. An identification, or failure to make an identification, will not end this investigation. This identification procedure is just one of several investigative processes. Please do not discuss this identification procedure with any other potential victims or witnesses.

Process:

You will be separated from other eyewitnesses when viewing these photographs. You will be shown one photograph at a time. After you have had sufficient time to look at a photograph please return it to the investigator, or ask to see the next photograph. You will only be allowed to look at one photograph at a time. Even if you believe you see the photograph of the person responsible for the crime, continue to view the remaining photographs with an open mind, as some of the pictures may appear similar. Do you have any questions before the identification procedure begins?

The City of SAN DIEGO

Police Department

Results:

Did the eyewitness identify someone from the line-up? Yes / No

If Yes, please ask the witness the following: "In your own words, tell me how confident you are in the accuracy of your identification."

Pursuant to Penal Code section 859.7, if a subject was identified, the Investigator MUST immediately inquire as to the level of accuracy of the identification and record, in writing, verbatim, the comments of the eyewitness. *As required by law, an electronic recording – both audio and video representations of the identification procedure, results, and comments - MUST also be made. Refer to DP 4.02 for specific instructions.*
