On 01/22/2026 12:40 hours Officers responded to the intersection of Euclid and Imperial Avenue for a report of a solen vehicle. The vehicle was desribed to be a white 2005 Lexus (CA [redacted] Officers checked area and could not locate the vehicle. The vehicle was reported to have been stolen from YMCA at 151 YMCA Way, San Diego. At 13:29 hours the vehicle hit on license plate readers at the intersection of Euclid Avenue and Imperial Avenue. Officer Bennett #1910 located the vehicle traveling east bound from the intersection. The vehicle initially yielded 5800 Imperial Avenue and then took off at a high rate of speed east bound 5800 Imperial Avenue. The vehicle was spiked by southeastern Officers at 62nd Street and Imperial Avenue at 13:33 hours. The vehicle's front tires became flat. The vehicle continued east bound on 6900 Lisbon Street to Jamacha Road.The vehicle continued east bound Jamacha Road under the 125 Freeway bridge where it finally crashed at 8833 Jamacha Road striking a light pole and coming to its final stop at 8801 Jamacha Road, Spring Valley. Officer Ingram #1994, along with other afore mentioned Officers, formulated a contact team and gave suspect commands. The suspect produced an object believed to be a gold colored revolver. A taser was deployed and impacted the subject, it is not known at this time whether that occurred before or after the shooting. It is also not known at this time which Officer depolyed their taser. In his safety statement, Officer Ingram advised he shot two rounds in a southern direction at the suspect. The time of shots fired was recorded as 1337 hours. The suspect was struck once on his upper right arm causing an arterial injury requiring surgury. A tournaquet was applied on scene. There are no persons outstanding. The suspect was subsequently taken into custody. The suspect was identified via finger print scanner and California Driver's license as Edwaun Thames. Thames is at Scripps Mercy Hospital.

ARRESTING OFFICER: **SD7560 - LE, ANDREW**	

FACTS ESTABLISHING ELEMENT(S) OF THE MOST SERIOUS OFFENSE AND IDENTIFICATION OF SUSPECT:

On 01/22/2026, at about 1240 hours the victim called into police communications to report their white 2005 Lexus vehicle bearing CA[redacted] had just been stolen by an unknown suspect in the area of 151 YMCA way, San Diego. They described the suspect as a Black male adult, approximately 29-30 years of age, about 5'8" tall, with a small afro, and wearing a black hoodie jacket. Officers met with the victim and confirmed the suspect to be a stranger. Officers took the report and inputted the vehicle as "stolen."

At about 1326 hours, automatic license plate reader (ALPR) systems alerted officers to the vehicle bearing CA[redacted] traveling eastbound on Imperial Avenue from 1040 Euclid Avenue, San Diego. At about 1329 hours, Officer A. Bennett #1910 located the vehicle in the area of 5800 Imperial Avenue, San Diego. Officer A. Bennett activated her patrol vehicle overhead lights and sirens to affect a traffic stop on the reported stolen vehicle.

The vehicle failed to yield, sped away, and a vehicle pursuit ensued traveling eastbound on 5800 Imperial Avenue. The suspect, later identified as Edwaun Walter Thames (CA/DL [redacted] drove on the wrong side of the street, traveling eastbound in the westbound lanes of 6000 Imperial Avenue in wanton disregard of public safety to avoid arrest. Thames drove faster than the posted speed limit and failed to stop for a posted stop sign located at 6100 Imperial Avenue. Thames also failed to stop for the posted stop sign at the intersection of Jamacha Road and Glencoe Drive, San Diego.

The vehicle pursuit ended when Thames crashed into a light pole at the intersection of Jamacha Road and Gillespie Drive, Spring Valley which disabled the vehicle. An officer involved shooting occurred while officers attempted to take Thames into custody. Thames sustained a gunshot wound and was transported by medics to Scripps Mercy Hospital for medical treatment.

Thames was the sole occupant of the vehicle. Thames was placed under arrest for 10851(A) CVC - Take vehicle without owner's consent/vehicle theft (F), 496D(A) PC - Possession of stolen vehicle/vessel (F), and 2800.2 (A) CVC - Evade peace officer with wanton disregard for safety (F).

I declare under penalty of perjury that the foregoing is true and correct to the best of my information and belief.

FOLLOW UP INVESTIGATION

ORIGIN:

On Thursday, January 22, 2026, at approximately 1414 hours, Sergeant T. Chantler (SH2305) notified me of a San Deigo Police Department (SDPD) officer involved shooting (OIS). The shooting took place near the 8800 block of Jamacha Road in Spring Valley. I responded along with Homicide Team III and Homicide Team II. Field Evidence Technician (FET) M. Miles (SH6196), FET L. Prosser (SH6781), FET R. Di Grande and Criminalist C. Chang (SH4827) responded from the Sheriff's Crime Laboratory.

Detective M. Calderilla was assigned as the lead detective.

INVESTIGATION:

On Thursday, January 22, 2026, at approximately 1510 hours, I arrived in the area of 8800 Jamacha Road in Spring Valley. I met with other members of the investigative team including personnel from the Sheriff's Crime Lab.

On Thursday, January 26, 2026, at approximately 1539 hours, I attended the homicide briefing provided by SDPD Acting Sergeant E. Hutzler (SD7935). During the briefing I learned SDPD officers were involved in a pursuit with a suspect of a vehicle theft investigation prior to the officer involved shooting (OIS). The suspect was identified as Edwuan Thames (DOB: [redacted] Thames was transported by ambulance to Scripps Mercy Hospital for further medical treatment. The briefing ended at approximately 1410 hours. Refer to Detective Calderilla's brief and scene report for further information.

Following the brief, Detective Calderilla assigned Detective Ricca (SH0055), Field Evidence Technician (FET) Miles (SH6196), and me to process the officers involved or that had witnessed the OIS. The officers were waiting at the SDPD Southeastern Patrol Station, located at 7222 Skyline Drive in San Diego.

On Thursday, January 22, 2026, at approximately 1630 hours, I cleared from the briefing location and went to SDPD Southeastern Patrol Station. At approximately 1638 hours, I arrived at the Southeastern Patrol Station and was escorted to the Staff Conference Room where we would process the officers.

On Thursday, January 22, 2026, at approximately 1710 hours, Detective Ricca, FET Miles, and I began processing Officer H. Ingram (SD1994). Officer Ingram's legal representatives

were present during the processing. FET Miles documented Officer Ingram with digital photographs in the uniform and equipment he was wearing during the incident (See Figure 1 and Figure 2).

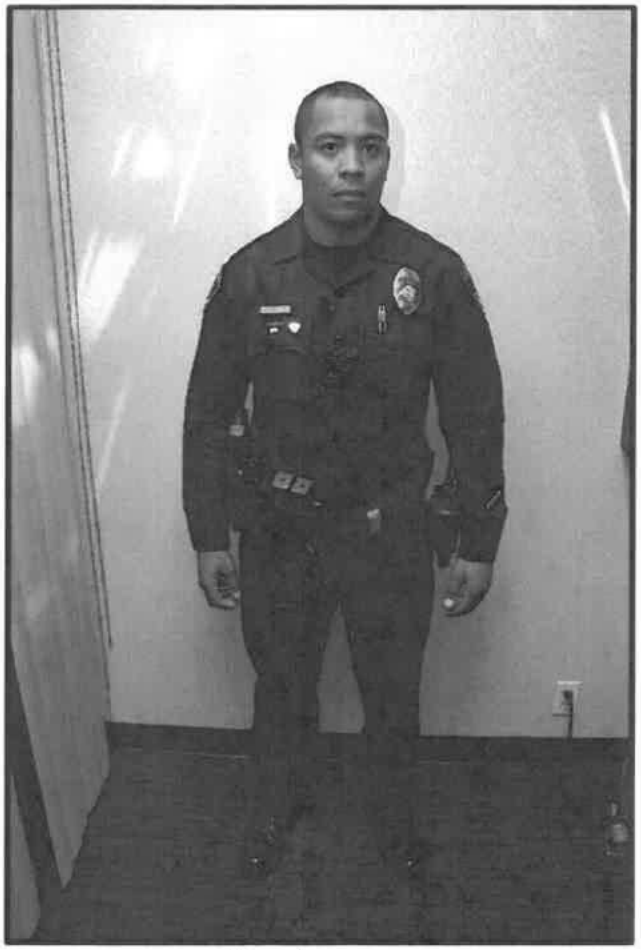

Figure 1

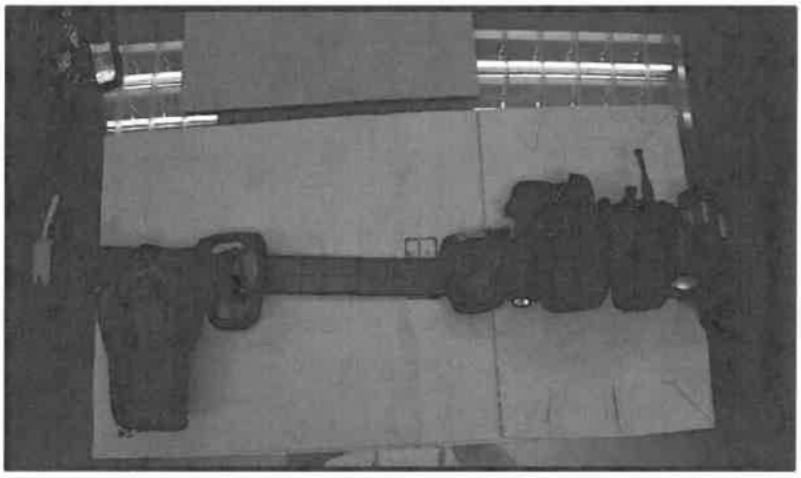

Figure 2

The pistol Officer Ingram used during the OIS was a Staccato P 2011, 9mm semi-automatic handgun (SN: [redacted] The firearm had one cartridge loaded in the chamber and [redacted] cartridges within the inserted magazine. During the processing, Officer Ingram informed FET Miles he always loads his firearm with [redacted] cartridges in the magazine and one cartridge loaded in the chamber (See Figure 3).

Figure 3

Officer Ingram had [redacted] additional magazines on his person. [redacted] were found within the magazine carriers on his duty belt. The firearm and magazines were subsequently unloaded, and the cartridges were counted by FET Miles and me.

The magazines found on Office Ingram's duty belt contained [redacted]-cartridge magazines that were fully loaded (See Figure 4).

All the cartridges documented during the processing had "FC 9MM LUGER" headstamps imprinted on them. Refer to FET Miles report for further information.

Figure 4

On Thursday, January 22, 2026, at approximately 1729 hours, FET Miles, Detective Ricca, and I processed Officer Gomez (SD1811) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Gomez with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 5 and Figure 6).

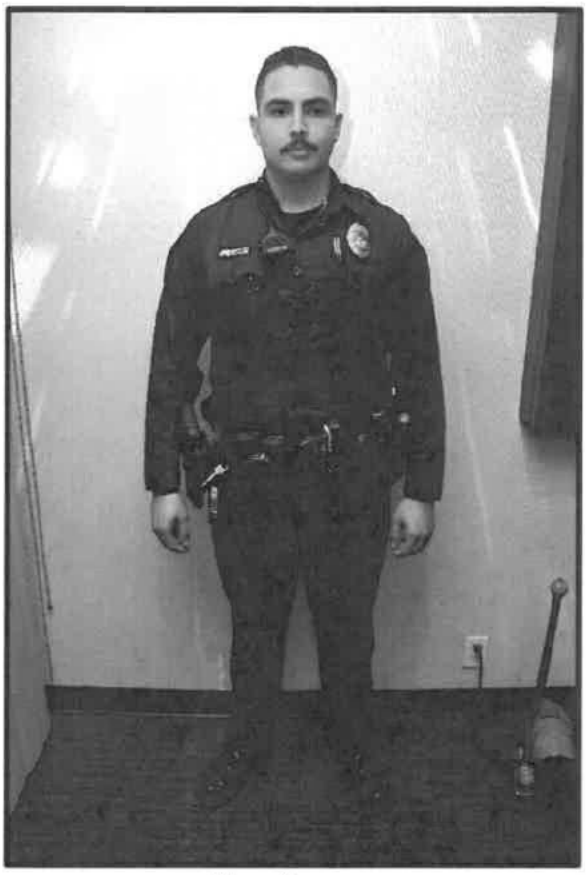

Figure 5

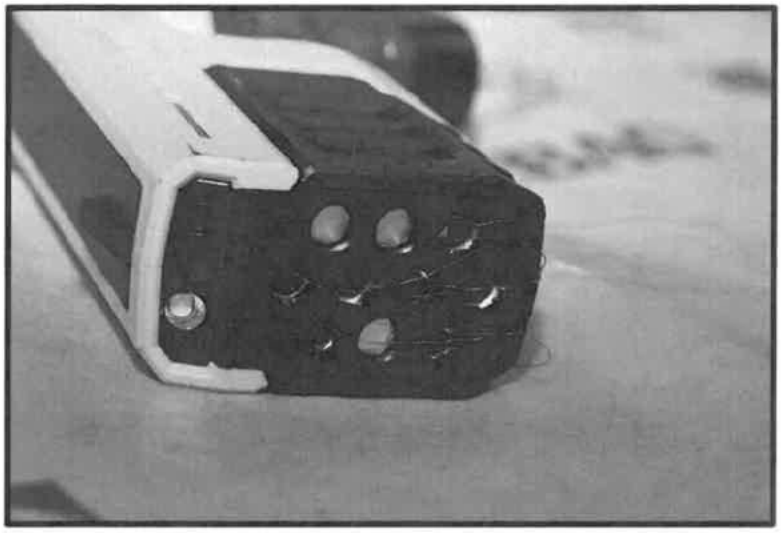

Figure 6

Officer Gomez deployed his conducted electronic device (TASER 10) during the incident. After the photographs, FET Miles collected seven spent probe cartridges from Officer Gomez's Taser 10 (See Figure 7).

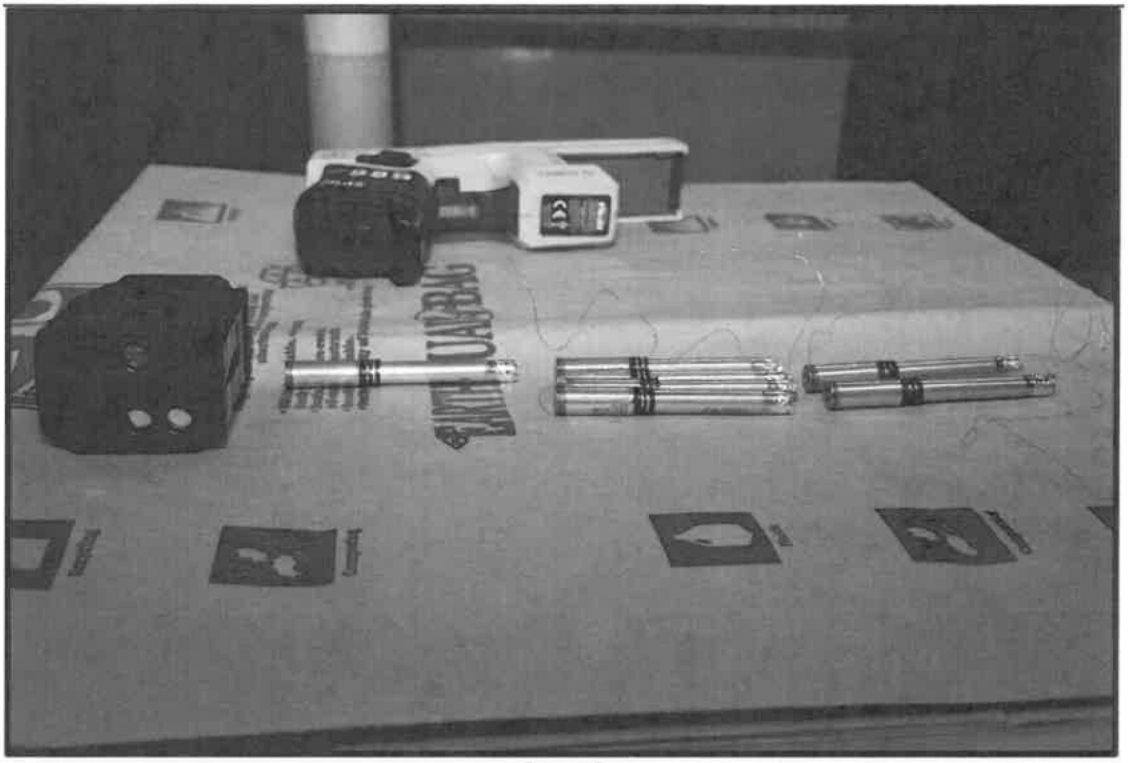

Figure 7

On Thursday, January 22, 2026, at approximately 1740 hours, FET Miles, Detective Ricca, and I processed Officer A. Bennett (SD1741) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Bennett with digital photographs in her uniform and equipment she was wearing during the incident (See Figure 8). Officer Bennett witnessed the incident and did not have any injuries.

Figure 8

On Thursday, January 22, 2026, at approximately 1746 hours, FET Miles, Detective Ricca, and I processed Officer A. Blake (SD1781) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Blake with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 9). Officer Blake witnessed the incident and did not have any injuries.

Figure 9

On Thursday, January 22, 2026, at approximately 1752 hours, FET Miles, Detective Ricca, and I processed Officer L. Arriaga (SD1833) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Arriaga with digital photographs in her uniform and equipment she was wearing during the incident (See Figure 10). Officer Arriaga witnessed the incident and did not have any injuries.

Figure 10

On Thursday, January 22, 2026, at approximately 1755 hours, FET Miles, Detective Ricca, and I processed Officer S. Raynor (SD1788) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Raynor with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 11). Officer Raynor witnessed the incident and did not have any injuries.

Figure 11

On Thursday, January 22, 2026, at approximately 1816 hours, FET Miles, Detective Ricca, and I processed Officer I. Lomeli (SD2197) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Lomeli with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 12). Officer Lomeli witnessed the incident and did not have any injuries.

Figure 12

On Thursday, January 22, 2026, at approximately 1821 hours, FET Miles, Detective Ricca, and I processed Officer B. Andal (SD6629) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Andal with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 13). Officer Andal witnessed the incident and did not have any injuries.

Figure 13

On Thursday, January 22, 2026, at approximately 1824 hours, FET Miles, Detective Ricca, and I processed Officer B. Moreno (SD6980) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Moreno with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 14). Officer Moreno witnessed the incident and did not have any injuries.

Figure 14

On Thursday, January 22, 2026, at approximately 1828 hours, FET Miles, Detective Ricca, and I processed Officer T. Dorris (SD1944) in the Staff Conference Room located at SDPD Southeastern Patrol Station. FET Miles documented Officer Dorris with digital photographs in his uniform and equipment he was wearing during the incident (See Figure 15). Officer Dorris witnessed the incident and did not have any injuries.

Figure 15

On Thursday, January 22, 2026, at approximately 1840 hours, Detective Ricca and I interviewed SDPD Officer Andal (SD6629) at the SDPD Southeast Patrol Station. The interview was audio recorded. Refer to the statement report for a summary of his statement. The interview ended at approximately 1905 hours. I later placed a copy of the audio recording into the digital case file. Refer to the audio recording for exact or specific statements and/or context.

On Thursday, January 22, 2026, at approximately 1930 hours, I left the Southeastern Patrol Station and returned to the incident command and met with the investigating team. As a team we debriefed the investigation. At approximately 2030 hours, I left the scene.

On Friday, January 23, 2026, at approximately 1056 hours, I met with Detective Gibson (SH0387), FET Prosser, and Criminalist Chang in the Sheriff's Crime Lab Garage, located at 5590 Overland Avenue in San Diego. I assisted in processing the vehicle that had been towed from the scene the day prior per the search warrant [redacted] signed by the Honorable Judge Frederick Maguire. Refer to the vehicle processing report for further details.

Any further follow-up investigation will be documented in a separate report.

Event: Officer Involved Shooting (OIS) **Case Number:** 26102894
Suspect: Thames, Edwaun
Location: 8800 Jamacha Road, Spring Valley
Date Occurred: January 22, 2026 (Thursday)

STATEMENT OF [redacted]

ORIGIN:

On Thursday, January 22, 2026, at about 1650 hours, I interviewed [redacted] in the parking lot of the apartment complex located at 8890 Jamacha Road in Spring Valley. [redacted] was a witness to the officer involved shooting. My conversation with [redacted] was audio recorded using a digital audio recorder. I later placed a copy of the recording into the case file. This report is a summary of her statement. Refer to the audio file for further details.

[redacted]

PERSON INTERVIEWED:

Name: [redacted]
DOB: [redacted]
Address: [redacted]

DL Number: [redacted]
Phone Number: [redacted]

INVESTIGATION:

[redacted] stated she was on the patio of her sister's apartment. She heard sirens while she was inside and stepped out to see what was going on. She saw the police chasing a white Lexus and the Lexus hit a pole. It stopped in middle of the street. After the Lexus stopped, the police were not yelling any commands. The man inside slowly opened the car door. [redacted] stated you could tell he was injured by how slow he was moving. At first, she thought it was an old man by the slow movement. He stuck both his hands out of the car. He stepped out of the car and started backing up slowly with his hands up. The man got on his knees with his hands in the air and the police shot him.

[redacted] believes only one officer fired and shot the man two times in his back. [redacted] never saw any objects in the man's hands. After they shot the man, he laid on the ground. Then the police started giving him commands. The man couldn't move. [redacted] never saw the

police giving the man first aid. [redacted] never saw a Taser or heard one being discharged. [redacted] stated it was "another unarmed black man shot in the back".

The interview concluded at approximately 1654 hours.

VEHICLE PROCESSING REPORT

ORIGIN:

On Thursday, January 22, 2026, a white 2005 Lexus RX 330 bearing California license plate [redacted] related to an officer involved shooting, was towed from 8801 Jamacha Road, Spring Valley, to the secured garage at the Sheriff's Crime Laboratory, located at 5590 Overland Avenue, San Diego. On Friday, January 23, 2026, the Honorable Judge Frederick Maguire signed search warrant [redacted] which authorized the search of the vehicle.

On Friday, January 23, 2026, at approximately 1056 hours, Detective Gibson (SH0387) and I served the search warrant to process and search the vehicle.

VEHICLE INFORMATION:

Year: 2005
Make: Lexus
Model: RX 330
License Plate: [redacted]
VIN: [redacted]
Registered Owner: [redacted]

INVESTIGATION:

On Friday, January 23, 2026, at approximately 1100 hours, Detective Gibson and I met with Forensic Evidence Technician (FET) L. Prosser (SH6791) and Criminalist C. Chang (SH4827) who were assigned as the Crime Lab personnel to process the vehicle in the Sheriff's vehicle processing garage.

VEHICLE SEARCH/PROCESSING:

FET Prosser took overall photographs of the exterior and interior of the vehicle. The vehicle had major damage to the front bumper, driver's side front and rear door panels, rear bumper, passenger's side fender, and passenger's side door. Three out of the four tires were damaged and no longer functional. There were multiple spike strips utilized by SDPD during the pursuit that likely caused this damage. The driver's side leg and steering wheel airbags were also deployed. The vehicle's battery was dead and the key to the vehicle was broken inside the ignition.

I conducted a search of the vehicle and located a plastic vodka bottle (FIN 5.1) in the front cupholder. (See Figure 1 and 2).

Figure 1

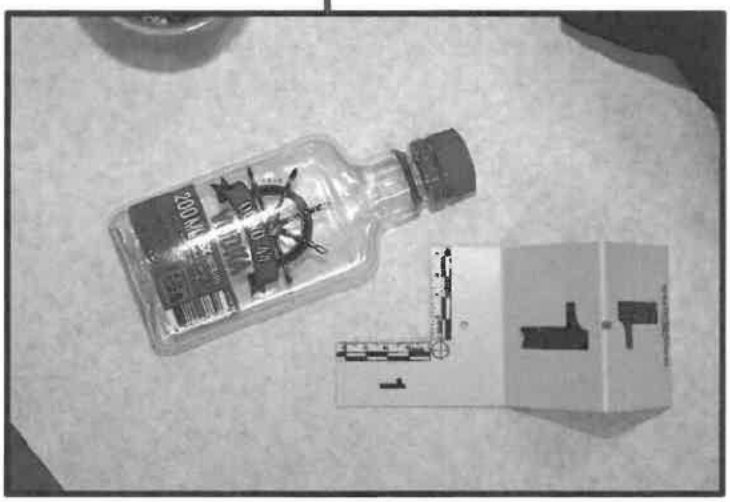

Figure 2

On the front passenger floorboard, I found a cellphone (FIN 5.3), a black backpack and a tan backpack. In the black backpack I found a methamphetamine pipe (FIN 5.2), and in the tan backpack I found a Lenovo laptop (FIN 5.4) (See Figures 3,4,5,6).

Criminalist Chang documented two defects to the driver's side of the vehicle. The first defect was on the rear driver's side door panel (Observation A) and the second was on the driver's side rocker panel (Observation B). The defect appeared to be from the penetration of a projectile consistent with a bullet (See Figures 9 and 10).

Figure 9

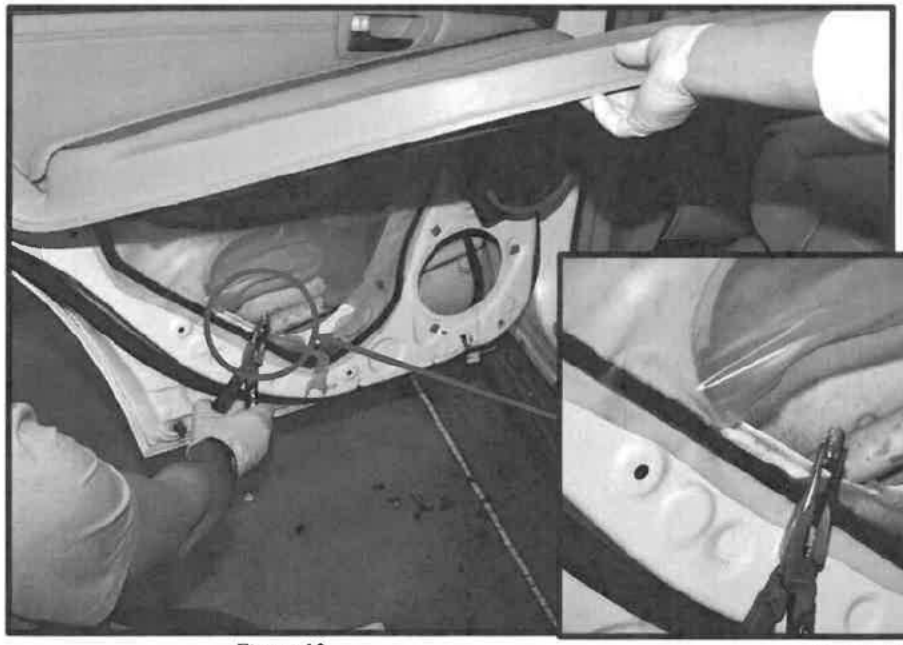

Figure 12

Figure 13

Criminalist Chang also collected DNA swabs from the steering wheel (FIN 5.8) and used a stain collection kit to collect a sample from the defect labeled "B" (FIN 5.9).

The following items were collected as evidence by FET Prosser and Criminalist Chang:

FIN #	Item Description	Location	Placard
5.1	Vodka bottle	Front cupholder	1
5.2	Methamphetamine pipe	Black backpack	2
5.3	Cellphone	Front passenger floorboard	3
5.4	Lenovo laptop	Tan backpack	4
5.5	Cellphone	Front driver floorboard	5
5.6	Projectile	Rocker panel	N/A
5.7	Projectile	Rear driver's side door	N/A
5.8	DNA swab kit	Steering wheel	N/A
5.9	Stain collection kit	Defect "B"	N/A

INVESTIGATION CONTINUED:

The vehicle search and processing concluded at approximately 1250 hours. At the conclusion of the search, FET Prosser took custody of the abovementioned items. The remaining property was returned to the vehicle. Detective Gibson and I cleared from the secured garage at approximately 1255 hours.

INVESTIGATION:

[redacted] currently lives in [redacted] and had flown into San Diego that day to attend his graduation from Care Act Court. Thames is diagnosed with schizophrenia and bipolar disorder. He was sentenced to mental health diversion for domestic violence and robbery arrests and is currently going through Care Act court proceedings. Thames had just completed a two-year mental health program and was scheduled to begin another. [redacted] said that Thames would always be under the jurisdiction of the Care Act Court and would always be in a mental health program due to the severity of his mental health conditions.

[redacted] stated that Thames has been mentally ill since he was 16-years-old and has medication injections administered every six months. Thames has a history of being

aggressive and violent due to his illness. Thames will get in fights but usually does not carry weapons. [redacted] stated that Thames is currently using methamphetamine.

[redacted] last spoke with Thames over the phone at about 1219 hours. [redacted] and [redacted] attended Thames' graduation, but he did not show up. When they arrived home a friend called and told them that Thames had been killed. They decided to drive to the crime scene to learn more information.

The interview concluded at approximately 1646 hours.

STATEMENT OF [redacted]

ORIGIN:

On Thursday, January 22, 2026, at about 1712 hours, Deputy J. Santana (2557) and I interviewed [redacted] at the intersection of Jamacha Road and Helix Street in Spring Valley. [redacted]

INVESTIGATION:

[redacted] She was informed of the incident by [redacted] but is unsure how they heard Thames was involved. [redacted] stated Thames is schizoaffective and bipolar and is not in his right state of mind. Thames had been calling [redacted] recently and she stated she knows how he acts when he is symptomatic. [redacted] stated Thames gets a shot of medication every 3 months. She can tell the time frame when his medication starts wearing off by his actions. He is out of it. Thames facetimed [redacted] at 0400 and was walking. He stated something happened to his car and asked her for a ride. Thames would not tell [redacted] where he was at and seemed out of it. He kept hanging up the phone then calling her back.

This afternoon, [redacted] called [redacted] and asked where he was at, but she did not know. Someone had called the [redacted] and said Thames was shot and killed by the police.

[redacted] stated they couldn't talk to [redacted] They have been together for about 5 years. [redacted] lives in an independent living facility due to his mental health issues. Thames has lived at the independent living facility off and on for about the last year. He is in the Telecare program. Thames has been diagnosed with schizoaffective disorder, bipolar disorder and depression.

[redacted] stated Thames has a white Buick Lacrosse that she bought for him. Thames had been doing well and got his driver's license back. [redacted] stated the only thing though is when he is not on his medication, he starts acting very angry and aggressive. Thames was calling [redacted] the day before and was saying mean things. She didn't personalize it because she thought his behavior was indicative of his medication wearing off and not his true feelings.

Telecare comes to the independent living facility every 3 months and gives Thames a shot. Recently Thames told her he was finishing the program and was going to graduate on January 22. [redacted] and said it is not a program you graduate from, so she was unsure that Thames meant. [redacted] stated Telecare is a dual diagnosis program, so it is ongoing to help with medication management, not something you graduate from. Thames also told [redacted] he is homeless.

Today, Thames had messaged and called [redacted] frequently. When he called her, he said something happened to his car but was being secretive. At one point, he called her a bitch. [redacted] stated "he is completely out of it. It's not him". [redacted] knows when Thames is angry, he is not on his medication. [redacted] believes Thames last got his medication about 3 months ago. The last 3 weeks [redacted] noticed Thames' behavior starting to change. [redacted] stated Thames also uses drugs such as methamphetamine or "sherm" which is PCP. Yesterday she believed he used PCP.

[redacted] stated Thames is a sweetheart when he is on his medication. The difference is crazy. [redacted] has seen Thames with a folding knife but never a firearm.

An unknown male requested [redacted] leave the interview to go to the hospital.

The interview concluded at approximately 1723 hours.

STATEMENT OF OFFICER DORRIS #1944

ORIGIN:

On Thursday January 22, 2026, at about 1844 hours, Sergeant Orsini and I met with SDPD Officer Dorris #1944 at the SDPD southeast patrol station. Our contact with him was audio recorded. This report is a summary of his statement. I later placed a copy of the audio recording into the digital case file. Refer to the audio recording for exact or specific statements and/or context.

PERSON INTERVIEWED:

Name: Officer Dorris
Badge Number: 1944

STATEMENT:

He had been a police officer for about three years.

SDPD officers received a license plate reader notification of a stolen vehicle. One of the officers attempted to conduct a traffic stop on the vehicle which failed to yield. A pursuit started and later ended after the suspect vehicle crashed. He saw the suspect outside of the vehicle on his knees. Officers were giving the suspect commands, and he approached the officers to assist. He heard two gunshots and saw the suspect on his stomach with his hands in front of him. He saw a firearm on the ground near the suspect that he estimated to be about three feet away. After the shooting he heard a "taser" deploy after the suspect appeared to be concealing his hands in front of him. The suspect was not obeying orders given to him by officers. When it was safe to do so, officers approached the suspect and provided medical aid to the suspect.

The interview concluded at approximately 1848 hours.

STATEMENT OF OFFICER GOMEZ #1811

ORIGIN:

On Thursday January 22, 2026, at about 1751 hours, Detective Eglin and I met with SDPD Officer Gomez #1811 at the SDPD southeast patrol station. Officer Gomez was accompanied by peer support representative SDPD Sergeant D. Ramirez #6702. Our contact with him was audio recorded. This report is a summary of his statement. I later placed a copy of the audio recording into the digital case file. Refer to the audio recording for exact or specific statements and/or context.

PERSON INTERVIEWED:

Name: Officer Gomez
Badge Number: 1811

STATEMENT:

He had graduated from the 131st regional law enforcement academy. He had been a police officer for about three years.

SDPD officers were investigating a stolen vehicle. About an hour later, the stolen vehicle was captured on a Flock camera nearby. Officers located the vehicle in the 5500 block of Imperial Avenue when the driver failed to yield, and a pursuit was initiated. He was the second marked patrol vehicle in the pursuit which ended when the driver of the suspect vehicle crashed. During the pursuit he detailed several stop signs that the suspect failed to stop at, drove on the wrong side of the road at one point, and failed to stop at two stop lights. At one point during the pursuit the driver had his driver's door open as if he were going to flee on foot. Other vehicles on the roadway were moving to get out of the suspects way.

He parked his patrol vehicle and exited his vehicle. As the suspect was getting out of the stolen vehicle, he dropped a small gun on the ground that appeared to be a "derringer". He announced to other officers verbally, and via his law enforcement radio, that the suspect had a firearm. Officer Ingram acknowledged the suspect had a firearm. As additional units arrived, they coordinated a "contact team" to bring the suspect into

custody. They were giving the suspect commands to, "get on the ground" and "put your hands up". One of his partners assumed the role of "lethal" cover while he transitioned to "non-lethal" cover. The firearm was about three feet to the right of the suspect when the suspect reached for the gun with his right hand. He feared the suspect would use the firearm against them and feared for his life. He heard an officer discharge their firearm. About that same time, he deployed his "taser" three times but did not get a notification from the device that there was a "good lock". He tried to use his, "taser" what he thought to be about two additional times before achieving neuromuscular incapacitation. Once safe to do so, they formulated a contact team to approach the suspect and bring him into custody. He applied a tourniquet to the driver's right arm.

The interview concluded at approximately 1805 hours.

STATEMENT OF OFFICER LOMELI #2197

ORIGIN:

On Thursday January 22, 2026, at about 1834 hours, Sergeant Orsini and I met with SDPD Officer Lomeli #2197 at the SDPD southeast patrol station. Our contact with him was audio recorded. This report is a summary of his statement. I later placed a copy of the audio recording into the digital case file. Refer to the audio recording for exact or specific statements and/or context.

PERSON INTERVIEWED:

Name: Officer Lomeli
Badge Number: 2197

STATEMENT:

He had been a police officer for about a year. He graduated from the 141st Regional Law Enforcement Academy. He was in the patrol training program under the supervision of a field training officer.

He and his field training officer had taken the original stolen vehicle report from the victim. They later received a Flock notification of the stolen vehicle and its location. Officers located the vehicle and a pursuit was initiated. He and his field training officer joined the pursuit as the suspect crashed and the pursuit ended. He was assigned to the "hands team" of the arrest team. He saw a gold-colored firearm on the ground near the suspect. The suspect was face down with his hands in front of him when the suspect reached for the firearm. He then heard two gunshots followed by a "taser" deployment. They coordinated an arrest team and when safe to do so they approached the suspect, and he placed the suspect in handcuffs.

The interview concluded at approximately 1840 hours.

STATEMENT OF OFFICER ANDAL #6629

ORIGIN:

On Thursday, January 22, 2026, at approximately 1840 hours, Detective Ricca and I met with SDPD Officer Andal (SD6629) at the SDPD Southeastern Patrol Station. The interview was audio recorded, and a copy of the audio recording was later placed into the digital case file. The following summary has been condensed for the ease of the reader and is not necessarily in the order in which it was discussed. The synopsis is not meant to either replace or to be an exact record of what is on the audio recording.

PERSON INTERVIEWED:

Name: Officer Andal
Badge Number: 6629

STATEMENT:

Officer Andal graduated from the 78th Regional Law Enforcement Academy in 2008. Officer Andal has been a police officer with the San Diego Police Department (SDPD) since graduating.

Officer Andal is a training officer and on the date of the incident he and his trainee, Officer Lomeli (SD2197), were assigned as unit 447J1 and were driving a marked patrol vehicle throughout their shift. Around 1200 hours, Officer Andal and Officer Lomeli responded to a report of a stolen vehicle. They met with the owner of the stolen vehicle and conducted an investigation. After, Officer Andal and Officer Lomeli went back to the station to start the paperwork and enter the vehicle into the stolen vehicle system. While Officer Lomeli was getting ready to enter the vehicle into the stolen vehicle system there was a Flock, license plate reading camera, notification of the stolen vehicle. Their partners responded and found the occupied stolen vehicle.

Officer Andal and Officer Lomeli left the station to assist their partners who were involved in a vehicle pursuit. Eventually, Officer Andal and Officer Lomeli were able to catch up to their partners and join the pursuit. Officer Andal believed they were the sixth vehicle in the

pursuit. Due to their placement in the pursuit, Officer Andal was explaining to Officer Lomeli when the pursuit ends, they would find a job that needed to be accomplished and would determine what that job would be at that time.

During the pursuit, Officer Andal remembered seeing the suspect drive erratically and at one point slowed down as if he was going to bail out of the vehicle. The suspect continued driving and then hit a light pole. After hitting the light pole, the suspect vehicle stopped, and the light pole fell on top of a patrol vehicle.

Once the suspect vehicle stopped, Officer Andal and Officer Lomeli exited their patrol vehicle and went to where their partners had already formed a contact team. Officer Andal explained to Officer Lomeli that he would be part of the "hands team", which means to assist in arresting and handcuffing the suspect. They positioned themselves behind the officers that were giving commands to the suspect at gunpoint. Officer Andal remembered seeing the suspect outside of the vehicle on his knees next to the driver's side door.

As officer Andal and Officer Lomeli were behind the contact team, Officer Andal heard one of his partners say, "toss the gun." Officer Andal saw a small gold revolver on the ground to the right of the suspect near the rear driver's side tire. Officer Andal adjusted where Officer Lomeli was standing when he heard the command, "don't reach for that gun." After, he heard at least one shot fired simultaneously as a taser was deployed. Officers gave more commands, but the suspect was not responding.

A plan to handcuff the suspect was set in place, and Officer Andal, Officer Lomeli, and their fellow officers approached the suspect. Officer Lomeli assisted in handcuffing the suspect. Once the suspect was handcuffed, Officer Andal's removed Officer Lomeli and other officers started rendering aid to the suspect.

Officer Andal and Officer Lomeli then secured the scene using crime scene tape and remained as scene security.

The interview concluded at approximately 1905 hours.

STATEMENT OF OFFICER ARRIAGA #1833

ORIGIN:

On Thursday January 22, 2026, at about 1815 hours, Detective H. Davis #5015 and I met with SDPD Officer L. Arriaga #1833 at the SDPD southeast patrol station. Our contact with her was audio recorded. This report is a summary of her statement. I later placed a copy of the audio recording into the digital case file on the Sheriff's network. Refer to the audio recording for exact or specific statements and/or context.

PERSON INTERVIEWED:

Name: Officer Arriaga
Badge Number: 1833

STATEMENT:

Officer Arriaga had been a police officer for about two and a half years. She graduated from the 132nd Regional Law Enforcement Academy. She was assigned to 1st watch as a patrol officer at the Southeastern Substation.

Officer Arriaga was at the Southeastern substation when she received a Flock LPR notification of the stolen vehicle and its location. Officers located the vehicle and a pursuit was initiated. Officer Arriaga was in full uniform and driving a marked police vehicle. Officer Arriaga joined the pursuit at 69th street and Imperial Avenue after the vehicle ran over spike strips. The vehicle was driving erratically and crashed into a light pole causing it to fall on another police vehicle. Officer Arriaga exited her vehicle, drew her firearm and pointed it at the suspect due to the dangerous nature of the felony stop. Officer Arriaga saw an object that looked like a gun on the ground but focused on the suspect. Officer Arriaga gave commands to the suspect to "get on the ground." Officer Arriaga heard other officers say, "if you reach for that gun I will shoot you."

As other officers arrived with both lethal and less lethal coverage, Officer Arriaga holstered her firearm to be a part of the "hands team" to affect the arrest when it was safe to do so. Officer Arriaga said they could not try de-escalation tactics because the situation evolved so fast. After the shooting she approached to help secure the suspect and render

aid. As officers were rendering aid, Officer Arriaga saw a gold-colored gun with a black switch or button on it, on the ground near the suspect. Officer Arriaga touched the gun with her gloved hand to secure it. However, before she picked it up, she stopped, and decided to leave the gun in place.

The interview concluded at approximately 1823 hours.

Refer to the audio recording for exact or specific statements and/or context.

PERSON INTERVIEWED:

Name: Officer Bennett
Badge Number: 1910

STATEMENT:

Officer Bennett had been a police officer for about two and a half years. She graduated from the 134th Regional Law Enforcement Academy. She was assigned to 1st watch as a patrol officer at the Southeastern Substation.

Officer Bennett was notified of a stolen vehicle at about 1200 hours. At about 1300 hours, she received a Flock LPR notification of the stolen vehicle near her location at Euclid and Imperial Avenue. Officer Bennett located the vehicle and a pursuit was initiated. Officer Bennett was in full uniform and driving a marked police vehicle. The suspect was driving recklessly during the pursuit and was spike striped. The vehicle was driving erratically with flat tires and crashed into a light pole causing it to fall on Officer Bennett's police vehicle.

Officer Bennett exited her vehicle, drew her firearm and pointed it at the suspect. Officer Bennett saw the suspect standing next to what she believed to be a gun on the ground just to his right. Officer Bennett and other officers gave commands to the suspect such as "get on your knees", "get down on your stomach" and "don't reach for the firearm or else you may be shot."

The suspect got down on his knees. Then the suspect suddenly, "lunged" towards the gun by stepping towards the gun with his right leg, bending over and reaching out toward the gun with his right arm. At that time the suspect was shot and tased. Officers then approached and immediately rendered aid to the suspect. Officer Bennett said she feared that she or the other officers would be in danger if the suspect had successfully grabbed the gun.

The interview concluded at approximately 1839 hours.

STATEMENT OF OFFICER H. INGRAM JR.

ORIGIN:

On Monday, January 26, 2026, at approximately Detective S. Mula (#0662) and I interviewed Officer H. Ingram Jr. at the San Diego Police Officer's Association located at 8388 Vicker's Street, San Diego. The interview was audio recorded using a digital audio recorder. I later placed a copy of the recording into the case file. This is a summary of his statement. Refer to the audio file for further details.

PERSON INTERVIEWED:

Name: Henry Ingram Jr.
Title: Police Officer
ARJIS: 1994
Assignment: Police Officer, San Diego Police Department
Southeastern Division Patrol
Primary Response Team (SWAT Collateral Duty)

STATEMENT OF OFFICER H. INGRAM JR:

Officer Ingram Jr. stated that on the date of the incident, he was assigned as unit number 444J1. Officer Ingram Jr. drove a marked patrol vehicle equipped with emergency lights and sirens. He was in full Class B uniform with a body-worn camera (BWC) mounted on the front of his shirt. His BWC was activated on the day of the incident. His equipment included a department-approved Staccato pistol with a mounted light and a red dot optic, a Taser 10, OC spray, baton, [redacted]

The incident began when officers responded to a radio call of a stolen vehicle report. During the investigation, officers located the vehicle near the area it was stolen from. Officer Ingram Jr. monitored radio traffic as other units attempted to stop the suspect vehicle, which fled at a high rate of speed. He responded to the area to assist with spike strips as a de-escalation measure to slow the suspect's vehicle. Officer Ingram Jr.

continued to hear over the radio that the suspect continued driving recklessly, committing numerous hazardous violations, including running stop signs and red lights in residential areas and near an Elementary School. Officer Ingram Jr. noted the suspect's disregard for public safety and believed the suspect was desperate to escape from arrest.

While responding, he heard over the radio that another officer was able to successfully deploy spike strips on the vehicle. Even after spike strip deployment, which had disabled two tires, the suspect continued fleeing until crashing near a busy intersection with occupied businesses and apartments nearby. Officer Ingram Jr assessed the scene, noting live electrical wires and bystanders nearby. Officer Ingram Jr. positioned himself to provide lethal coverage with a safe backdrop behind the suspect. He issued multiple commands and a clear warning: 'If you reach for a weapon, you will be shot.' The suspect partially complied by kneeling but remained noncompliant and appeared focused on an object near him.

Officer Ingram Jr. observed a small gold revolver approximately 3 to 4 feet from the suspect, which was the direction in which he was looking at. Based on his training and experience, Officer Ingram Jr. identified the firearm similar to a Derringer or pocket gun (.38 or .22 caliber). He stated that revolvers can be fired immediately with one hand, making them extremely dangerous. Officer Ingram Jr. repeatedly ordered the suspect not to reach for the gun. Officer Ingram Jr. then saw the suspect lunge toward the firearm. Officer Ingram Jr. perceived an imminent lethal threat to himself. His partners, and the public. He fired two rounds to stop the threat.

Following the shots, the suspect fell onto the ground but then attempted to move toward the gun again. Officer Ingram Jr. directed additional taser deployments, which eventually allowed officers to approach and take the suspect into custody. Medical aid was rendered immediately, and paramedics transported the suspect to the hospital.

Officer Ingram Jr. explained that his decision to use deadly force was based on the totality of circumstances, which included the suspect's disregard for life during the vehicle pursuit, refusal to comply immediately at the time of the traffic stop and during the high risk felony stop, the proximity to the firearm, and rapid escalation leaving a short amount of time to gather all the resources in a timely manner. He acted in accordance with his training to protect himself, fellow officers, and the public. His intent was to stop the threat.

The interview concluded at 1146 hours.

STATEMENT OF EDWAUN THAMES

ORIGIN:

On Monday, January 26, 2026 at approximately 0851 hours, Sergeant T. Chantler and I interviewed Edwaun Thames in an interview room on the 9th floor of San Diego Central Jail located at 1173 Front Street in the city of San Diego. The interview was audio recorded. I later transferred the recording to an access-controlled server on the Sheriff's network. The following is a summary of the interview, see the audio for details.

PERSON INTERVIEWED:

Name: Edwaun Thames
DOB: [redacted]
DL Number: [redacted]

STATEMENT OF EDWAUN THAMES:

NOTE: I intentionally did not read Thames the Miranda Admonishment prior to interviewing him. The vehicle theft and felony evasion investigations were handled by the San Diego Police Department (SDPD). In accordance with the memorandum of understanding between SDPD and the Sheriff's Office, my team's investigation focused solely on the officer involved shooting. I did not ask any questions that were likely to elicit an incriminating response. I was only interested in understanding Thames' point of view of the events, after he exited the vehicle.

I began the interview by explaining to Thames that Sergeant Chantler and I were from the Sheriff's Office and that we were not a component of SDPD. I told Thames, "We are not the agency that shot you." I further explained that my intention was to investigate the officer involved shooting and not the vehicle theft. Thames indicated he understood.

I asked Thames what happened after he exited the vehicle. Thames essentially stated as he exited the vehicle, "the lighter" fell out of his pocket. He heard commands to "get on the ground", "put your hands up", "face away from me" and "spread your arms". Thames

did everything he was told to do. Thames then heard, "Why did you drop the lighter? Why did you drop the lighter? Pick up the lighter." Thames thought, "Ok" and then he heard "Don't reach for nothing!" and then he was shot. Thames confirmed he heard someone tell him "Pick up the lighter" or words to that effect. Thames was then shot and "tazed".

Thames described the lighter as small and made a motion with his hand spreading his fingers approximately two to three inches long.

After Thames was shot he thought, "What the fuck?" Subsequently, "a lady" "tied his wounds up". Thames was told he was going to see a doctor, but he did not want to go to the hospital.

Thames has been diagnosed bipolar schizophrenic. As a result of that he is a participant in a "care program" that is a "wraparound service" for assisting him in his day-to-day life.

During our short interview, there were multiple times when Thames mumbled and he was hard to understand. He also almost fell asleep two times during the interview. At one point I was concerned he was going to fall forward out of his chair so I asked him to lean back in the chair.

The interview concluded at approximately 0904 hours.

[redacted]

PERSON INTERVIEWED:

Name: [redacted]
DOB: [redacted]
Address: [redacted]

DL Number: [redacted]
Phone Number: [redacted]

INVESTIGATION:

[redacted] stated she lives in an apartment complex across from where the officer involved shooting occurred. On the day of the incident, she was inside her apartment when she heard sirens. She looked out the window and saw cars coming up the street. She saw the car (motioning to Thames' car) crash. [redacted] stated he (Thames) sat inside the car for a minute then opened the car door and stuck both his hands out. He got out and turned around with his hands up. The man started backing up and went down to his knees then was shot twice. The officers left him there for a minute, then started yelling out commands. They had not previously given any commands. The officers went over and handcuffed the man and cut his clothes off. They let him lay there in his boxers and did not start CPR or any chest compressions. The paramedics pulled up after that.

[redacted] stated when the man got out of the car, he seemed a little shaken up or delirious. While the man was backing up, [redacted] moved out onto her balcony. She saw the man get shot and fall to the ground by the driver's door.

[redacted] never saw any objects in the man's hands, never saw him lunge towards the officers, nor did she ever see him acting in a non-compliant manner. In her opinion, he did not seem like a threat. When the shots were fired, [redacted] her mom and sister were all on the balcony. [redacted] never saw a Taser get deployed and felt they were close enough to deploy a Taser. She estimated 10-15 officers were "huddled up" but [redacted] did not see exactly who shot.

ORIGIN:

On Thursday, January 22, 2026, I was assigned to the San Diego Sheriff's Office Homicide Team II. At about 1414 hours, Sergeant T. Chantler (#2305) notified me of a San Diego Police Department (SDPD) Officer Involved Shooting (OIS) near 8800 Jamacha Road in Spring Valley. I was assigned as the lead detective.

This report documents a summary of the information provided during the briefing as well as the scene documentation and evidence collection.

INVESTIGATION:

On Thursday, January 22, 2026, at about 1539 hours, I attended a briefing conducted by SDPD Acting Sergeant Hutzler. Refer to the briefing log for a list of individuals present for the briefing. The following is a summary of the information provided at the brief. Refer to the patrol reports, Body Worn Camera (BWC), and 911audio/Computer-Aided Dispatch (CAD) documents for additional or specific information and times.

On Thursday, January 22, 2026, at approximately 1240 hours, SDPD officers responded to a report of a stolen vehicle described as a white 2005 Lexus ([redacted]/CA) taken from the YMCA located at 151 YMCA Way, San Diego. At 1329 hours, the vehicle was observed via license plate readers at the intersection of Euclid Avenue and Imperial Avenue. Officer Bennett (#1910) located the vehicle traveling eastbound from the intersection. The vehicle initially yielded near 5800 Imperial Avenue but then fled at a high rate of speed eastbound on Imperial Avenue. At 1333 hours, the vehicle was spiked by Southeastern Division officers at 62nd Street and Imperial Avenue, causing the front tires to deflate. The suspect continued east bound Jamacha Road under the 125 Freeway bridge where it finally crashed at 8833 Jamacha Road striking a light pole and coming to its final stop at 8801 Jamacha Road, Spring Valley..

Officers formulated a contact team and issued commands to the suspect. The suspect produced an object believed to be a gold-colored revolver. A taser was deployed; however, it is unclear whether this occurred before or after shots were fired. Officer Ingram Jr. (#1994) advised in his safety statement that he discharged two rounds in a southern direction at the suspect at approximately 1337 hours. The suspect was struck once in the upper right arm, causing an arterial injury. Officers applied a tourniquet on scene, and the suspect was taken into custody without further incident.

The suspect was positively identified via fingerprint scanner and California driver's license as Edwaun Walter Thames (DOB: [redacted] At the time of the briefing, Thames was undergoing surgery at Scripps Mercy Hospital and was reported to be in stable condition. A small gold revolver-like object was recovered at the scene. All involved officers activated their Body Worn Cameras during the incident.

Refer to patrol reports, Body Worn Camera (BWC) footage, and 911 audio/Computer-Aided Dispatch (CAD) documents for additional or specific information and times. The briefing concluded at approximately 1410 hours.

The briefing concluded at about 1610 hours.

SCENE:

The incident occurred in the area of Jamacha Road and Gillispie Road in Spring Valley. The area is surrounded by commercial businesses and residential apartments. Jamacha Road ran East to West and Gillispie Road ran South to North. At the time of the investigation, the sun was setting, and the intersection was eventually illuminated by fixed overhead lights along the sidewalks. I requested additional lighting to be parked on the street nearby, to assist with illuminating the area.

SDPD Officers set up crime scene tape at the general locations below identified by yellow lines.

On Thursday, January 22, 2026, at about 1539 hours, I met Sheriff's Crime Lab Criminalist Chang, FET Di Grande and FET Prosser at the scene. FET Prosser took overall photographs of the scene.

An overview of the area is shown below where the shooting occurred. The shooting occurred is outlined below in red.

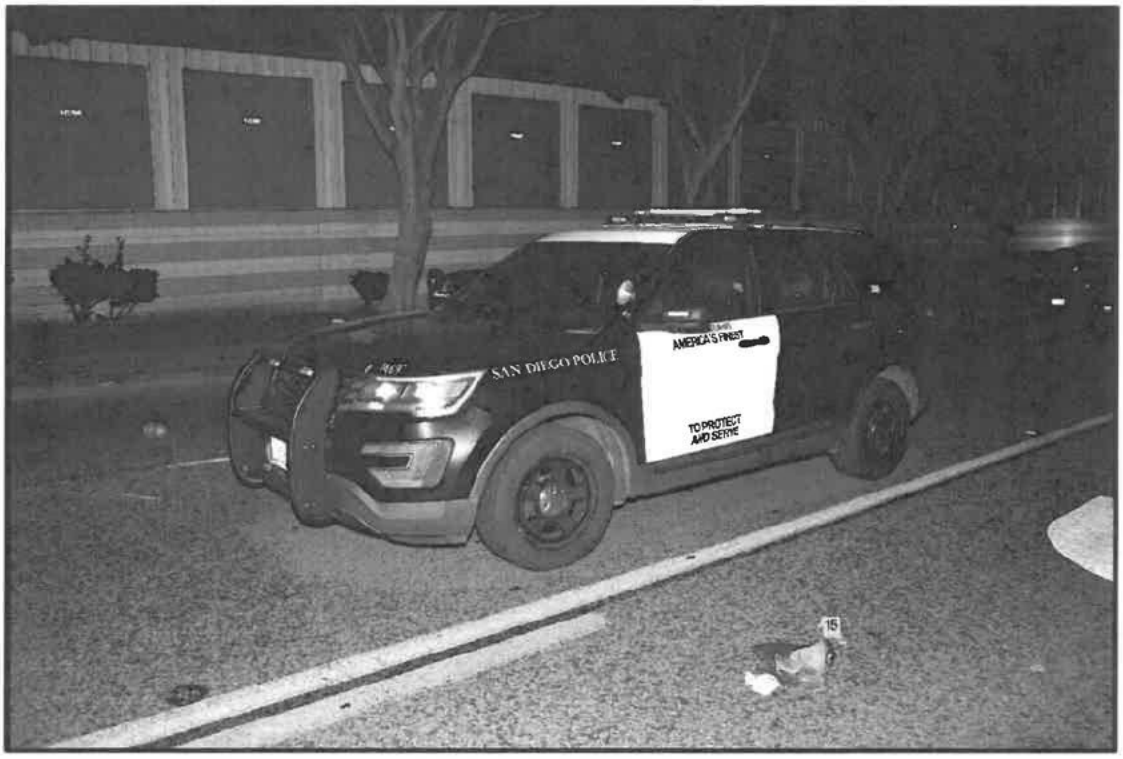

The photo below is a photograph from an Unmanned Aerial System (UAS) drone, with a closer view of the scene.

Criminalist Chang, FET Di Grande, FET Prosser, Detective Gibson and I began searching the scene and identifying items of evidence. Sergeant Chantler assisted with searching the South curbline of 8800 Jamacha Road. The scene was searched during daylight hours.

During the search, at approximately 1630 hours, Deputy Z. Nassir (#3561) assisted me and utilized a department issued UAS to take video and photographs of the scene. Refer to Deputy Nassir's report for further details.

As we walked the scene from West to East, we located jeans that seemed to have been cut (Item #15) and were next to SDPD patrol vehicle #7469. The item was photographed and collected.

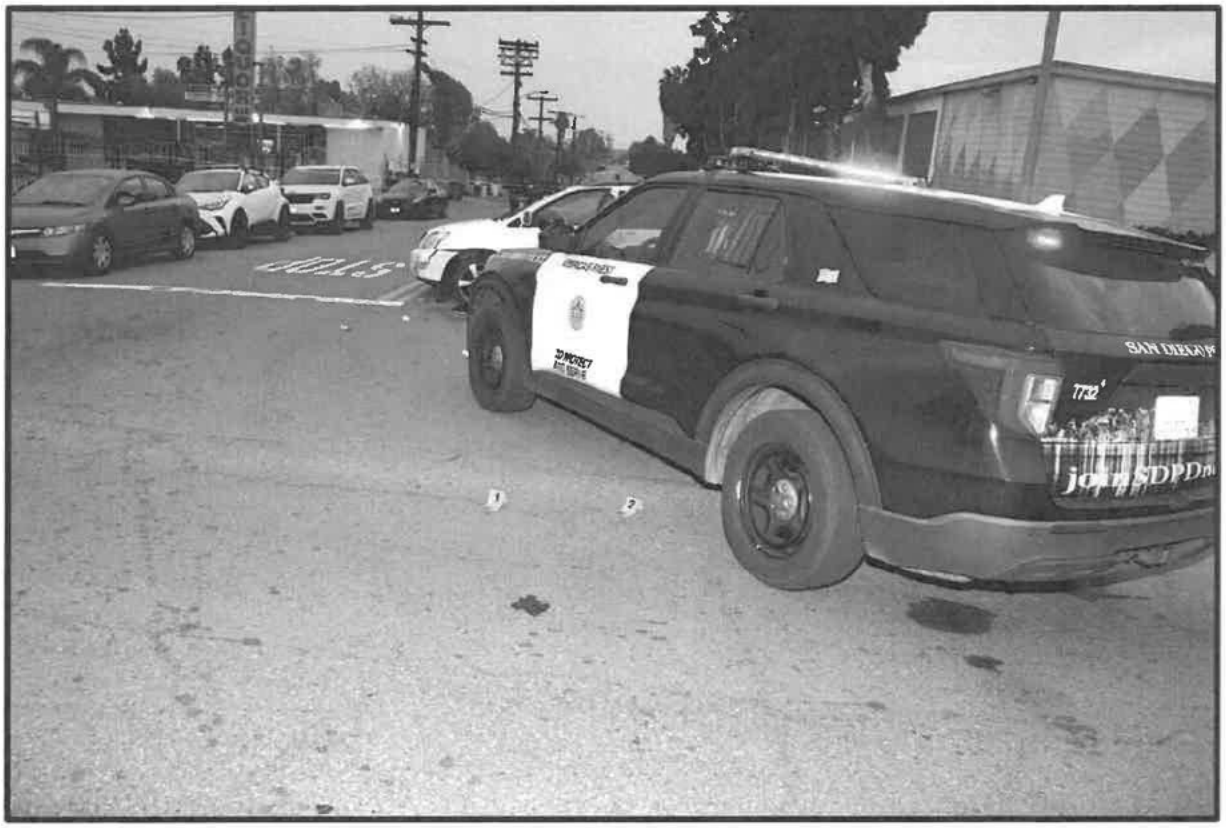

At the intersection of Jamacha Road and Gillespie Drive, which is where the incident occurred, several items of evidence were located. These items were located between the associated white Lexus RX 330 [redacted] CA) and SDPD patrol vehicle #7732. The following evidence items are listed below and numbered per yellow placard:

1. Cartridge casing.
2. Cartridge casing.

Criminalist Chang used a FARO device to document the scene prior to the evidence being collected.

On Thursday, January 22, 2026, at approximately 2045 hours, the scene processing was completed. Refer to the Crime Lab reports and FARO scans for additional information on the items collected.

Refer to the follow-up reports for additional or specific information concerning the investigation.

ORIGIN:

On Thursday, January 22, 2026, at approximately 1414 hours, I was notified by Sheriff's Homicide Team II Sergeant T. Chantler (#2305) of a San Diego Police Department (SDPD) officer involved shooting. I responded as a part of Sheriff's Homicide Team II which consisted of Detective S. Mula (#0662), and Detective C. Eglin (#5126). Detective M. Gibson (#0387) Detective J. Ricca (#0055), Detective P. Oules (#0227) and Detective H. Davis (#5015) also responded to assist.

Forensic Evidence Technician (FET) L. Prosser (#6781), FET R. Di Grande (#5816), FET M. Miles (#6196), and Criminalist C. Chang (#4827), responded from the Sheriff's Crime Lab.

I was assigned as lead detective.

INVESTIGATION:

On Thursday, January 22, 2026, at approximately 1532 hours, I arrived at the command post near 8800 Jamacha Road in Spring Valley and met with other members of the investigative team.

On Thursday, January 22, 2026, at approximately 1535 hours, I was notified that SDG&E employee [redacted] had arrived to troubleshoot a damaged light pole within the scene. I escorted him into the scene to disable the electrical line within the light post for safe processing. We exited the scene at 1537 hours.

On Thursday, January 22, 2026, at approximately 1539 hours, I attended a briefing conducted by SDPD Acting Sergeant Hutzler. The briefing concluded at approximately 1610 hours. Refer to the brief and scene report for further details.

On Thursday, January 22, 2026, at approximately 1620 hours, I assigned Detective Oules, Detective Ricca, and FET Miles to process Officer H. Ingram Jr. at the San Diego Police Department's Southeastern Division Patrol Station. I assigned Detective Mula and Detective Eglin to interview witness officers at the same station. Detective Davis was assigned to interview nearby witnesses identified by SDPD during their initial investigation.

At approximately 1624 hours, I entered the scene with Detective Gibson, Criminalist Chang, FET Prosser, and FET Di Grande. FET Prosser took overall photographs of the scene. At approximately 1646 hours, Detectives S. Robison (#0477) and F. McRoberts (#0146) from the Vista Patrol Station arrived. I assigned them to canvass the area for surveillance video and additional witnesses. Refer to Detective Robison and Detective McRoberts' reports for further details. Refer to the brief and scene report for additional details during the processing.

While processing the scene, at approximately 1750 hours, SDPD officers on the perimeter notified me of a witness who wanted to provide a statement.

On Thursday, January 22, 2026, at approximately 1751 hours, Detective Gibson and I interviewed [redacted] (DOB: [redacted] Phone: [redacted] nearby. The interview concluded at approximately 1756 hours. It was audio recorded and later transferred to an access-controlled server. Refer to Detective Gibson's follow-up report for further details on [redacted] statement.

On Thursday, January 22, 2026, at approximately 2045 hours, I left the scene.

On Friday, January 23, 2026, Detective Eglin notified me he had obtained a search warrant [redacted] to process Edwaun Thames and the involved vehicle he drove, which was a white 2005 Lexus SUV ([redacted]/CA). I assigned Detective Oules and Detective Gibson to process the vehicle. Refer to Detective Oules' vehicle processing report for details. Detectives Mula and Eglin were assigned to process Thames at Scripps Mercy Hospital. Refer to Detective Eglin's processing report for details.

On Monday, January 26, 2026, Sergeant Chantler notified me that Edwaun Thames had been booked at San Diego Central Jail (SDCJ) as a result of the initial SDPD investigation (SDPD Case Number: 26102894). When reviewing the case, I discovered that the stolen Lexus involved this case had been removed from the stolen vehicle system by Deputy P. Vander Horn (#4602), which he documented under SDSO Case Number [redacted]

On Monday, January 26, 2026, I assigned Sergeant Chantler and Detective Gibson to interview Thames at SDCJ. Refer to Thames' statement report for details.

On Monday, January 26, 2026, at approximately 1100 hours, Detective Mula and I met with SDPOA Attorney Rico Dominguez and SDPD Officer Ingram Jr. (#1994) at the San Diego Police Officers Association located at 8388 Vickers Street, San Diego. Officer Ingram Jr. provided a voluntary statement, which was audio recorded. The interview

concluded at approximately 1146 hours. Refer to Officer Ingram Jr.'s statement report for details. The recording was later transferred to an access-controlled server.

On Wednesday, January 28, 2026, at approximately 1300 hours, Detective Eglin and I obtained Thames' medical records. This occurred after Detective Eglin had served a search warrant [redacted] at the Scripps Health Release of Information Office located at 10790 Rancho Bernardo Road, San Diego. The records were later transferred to an access-controlled server.

Any further investigation will be documented in a separate report.

Follow-Up

ORIGIN:

On Thursday January 22, 2026, at approximately 1400 hours, I notified by the Sheriff's Communication Center of a San Diego Police Department (SDPD) officer involved shooting that had occurred at the intersection of Jamacha Road and Gillispie Drive, Spring Valley, which is located in the 8800 block of Jamacha Road. I spoke with SDPD Lt. Stinson [redacted] by phone and received a brief on the incident. I then notified the detectives of Homicide Team II & III, as well as Crime Lab personnel and requested they respond to the scene.

Detective M. Calderilla (#0891) was assigned as lead detective.

INVESTIGATION:

On Thursday January 22, 2026, at approximately 1500 hours, I arrived at the 8800 block of Jamacha Road and met with the investigative team. I also met with SDPD Homicide Sgt. Wade Irwin [redacted] who was assigned as the liaison for our investigation.

At approximately 1539 hours, I attended a briefing given by SDPD acting Sgt. E. Hutzler(#7935). During the brief SDPD Officer H. Ingram was identified as the involved officer. Edwaun Walter Thames (DOB [redacted] was identified subject who had been shot during the incident. See Detective Calderilla's Brief & Scene report for details.

At approximately 1635 hours, Detective H. Davis (#5015) and I interviewed [redacted] (DOB [redacted] in front of the apartment complex at 8890 Jamacha Road. [redacted] lives at the location and witnessed the incident. I recorded the interview and later placed a copy in the case file. See Detective Davis's statement report for details.

At approximately 1707 hours, I was contacted by phone by California Highway Patrol Lt. Robert Catano who informed me that he would be the point of contact for the traffic accident investigation.

At approximately 1730 hours, I searched street, sidewalk and property along the south side of Jamacha Road from Gillispie Drive, west to the driveway into U-Haul Moving & Storage located at 8847 Jamacha Road. I did not find anything of evidentiary value.

On Monday January 26, 2026, at approximately 0850 hours, Detective M. Gibson (#0387) and I interviewed Edwaun Thames on the 9th floor of the San Diego Central Jail located at 1173 Front Street, San Diego. The interview ended at approximately 0904 hours. I recorded the interview and later placed a copy of the recording into the case file. See Detective Gibson's statement report for details of the interview.

Any additional follow-up will be documented in a separate report.

SAN DIEGO SHERIFF'S DEPARTMENT
Follow-up Investigative Report

Event: Officer Involved Shooting (OIS) **Case Number:** 26102894
Suspect: Thames, Edwaun
Location: 8800 Jamacha Road, Spring Valley
Date Occurred: January 22, 2026 (Thursday) **Page 1 of 2**

ORIGIN:

On Thursday, January 22, 2026, at approximately 1414 hours, I was notified by Sergeant J. Chantler (2305) of a San Diego Police Department (SDPD) officer involved shooting that took place in the 8800 block of Jamacha Road in the unincorporated community of Spring Valley. I responded as a part of Sheriff's Homicide Team III to assist Homicide Team II in their investigation. Sheriff's Homicide Team III consisted of Sergeant M. Orsini (3937), Detective P. Oules (0227), Detective J. Ricca (0055) and me. Sheriff's Homicide Team II consisted of Sergeant T. Chantler (2305), Detective S. Mula (0662) and Detective C. Eglin (5126), Detective M. Calderilla (0891) and Detective M. Gibson (0387).

Detective Calderilla was designated as the lead investigator.

INVESTIGATION:

On Thursday, January 22, 2026, at approximately 1504 hours, I arrived at the command post located in the 8800 block of Jamacha Road in Spring Valley. I met with other members of the Homicide Unit, the Sheriff's Regional Crime Laboratory, area investigators, representatives from the San Diego District Attorney's Office and San Diego City Attorney's Office, and other department personnel from the San Diego Sheriff's Department and the San Diego Police Department.

At approximately 1539 hours, Acting Sergeant E. Hutzler (7935) conducted an investigative briefing. The briefing concluded at approximately 1610 hours. See Detective Calderilla's report for complete details of the briefing.

At the conclusion of the briefing, Detective Calderilla assigned me to interview witnesses that were currently waiting in the parking lot of the apartment complex located at 8890 Jamacha Road.

At approximately 1637 hours, Sergeant Chantler and I interviewed [redacted] in the above-mentioned parking lot. The interview was audio recorded using a digital audio recorder. A copy of the recording was later uploaded to the digital case file. For further details, please see the audio recording or Ferguson's statement report. The interview concluded at approximately 1645 hours. At the conclusion of the interview, [redacted] texted and airdropped me the same video she obtained from a neighbor. It appeared to be the same video, but different lengths. I also added the videos to the digital case file.

At approximately 1650 hours, I interviewed [redacted] in the above-mentioned parking lot. The interview was audio recorded using a digital audio recorder. A copy of the recording was later uploaded to the digital case file. For further details, please see the audio recording or [redacted] statement report. The interview concluded at approximately 1654 hours.

At approximately 1712 hours, Deputy J. Santana (2557) and I interviewed [redacted] at the intersection of Jamacha Road and Helix Street in Spring Valley. [redacted] had arrived at the scene and identified herself as the [redacted] of Edwaun Thames. The interview was audio recorded using a digital audio recorder. A copy of the recording was later uploaded to the digital case file. For further details, please see the audio recording or [redacted] statement report. The interview concluded at approximately 1723 hours.

At approximately 1735 hours, I secured from the crime scene. Prior to leaving, Deputy M. Estes (0561) provided me with videos he obtained from the interviews he conducted. I later placed those videos into the digital case file.

At approximately 1745 hours, I arrived at the San Diego Police Department's Southeast Division located at 7222 Skyline Drive in San Diego.

At approximately 1815 hours, Detective Eglin and I interviewed SDPD Officer L. Arriaga (1833) in a conference room at the SDPD Southeast Division. The interview was audio recorded using a digital audio recorder. A copy of the recording was later uploaded to the digital case file. For further details, please see the audio recording or Officer Arriaga's statement report. The interview concluded at approximately 1823 hours.

At approximately 1826 hours, Detective Eglin and I interviewed SDPD Officer A. Bennett (1910) in a conference room at the SDPD Southeast Division. The interview was audio recorded using a digital audio recorder. A copy of the recording was later uploaded to the digital case file. For further details, please see the audio recording or Officer Bennett's statement report. The interview concluded at approximately 1839 hours.

I secured from the Southeast Division at approximately 1914 hours.

This concluded my involvement in the investigation. Any further follow-up will be documented in a separate report.

While enroute, San Diego Police Communications were able to get the correct license plate, which was [redacted]

Upon my arrival at Euclid Avenue and Imperial Avenue, [redacted] was not in the area. San Diego Police Communications provided an update that [redacted] was at Green Cat Liquors located at 5102 Imperial Avenue.

I drove to that location and later contacted [redacted] I gathered his information and his statement.

STATEMENT OF [redacted] (REPORTING PARTY/ VICTIM) :

The following statement is paraphrased:

I saw my wife walking down the street on 4500 Imperial in front of the YMCA. I was concerned for her well-being. I pulled over and turned my hazard lights on. While talking with my wife, a man asked me if I could give him a ride. I told the male no. The male got into my vehicle and took off.

A bystander took my wife and me to locate the vehicle, but lost sight of it. The suspect description was a black male in 28 to 30, 5'8, with a medium afro, and wearing a black hoodie.

Yes, I will be able to identify the male. All my paperwork for the vehicle was in my vehicle and my phone. I was able to track through my phone, but wasn't able locate anymore.

END OF STATEMENT

After obtaining the [redacted] statement, I updated the dispatch information, informing them of the vehicle's description and the suspect's description.

Officers who were in the area checked for the vehicle and were unable to locate it.

I started to ask [redacted] questions from the Auto Theft supplement form.

1. Did anyone have permission to borrow, take, or drive the vehicle at any time?
   No

2. Did you loan your vehicle to a relative, significant other, or friend?
   No

3. Have you ever been late on your vehicle payments?
   No

   Are you current on your vehicle payments as of today?
   Yes, the vehicle is paid off.

4. Do you think your vehicle may have been repossessed?
   No

5. Do you own your vehicle or is there a lien holder?
   Yes, I own the vehicle.

   Lien Holder:

   Contact Person:

   Phone number:

6. Have you contacted your insurance company and filed a claim? If so, what date?
   No, I haven't contacted.

7. What is the name of your insurance company and policy number?

Company: [redacted]

Contact person: N/A

Phone number: N/A

Policy Number: Unknown

8. Did you leave the windows rolled down or doors unlocked?
Yes doors were unlocked.

9. Did you hide your key anywhere on the exterior of your vehicle?
No.

10. Did you leave your keys unattended while your vehicle was parked? (ie, in a towel on the beach)
N/A

11. How many keys are there to your vehicle/ignition?
2 keys were both in the vehicle.

12. Are you missing any keys or FOB? Can I see your keys now?
No.
13. Is your vehicle equipped with a tracking devise? (LoJack, OnStar, etc)
No
14. Have you recently driven your vehicle to Mexico? If so, when?
No.
15. What were you doing before, during, and after the theft of your vehicle?
You parked on the side of Imperial Ave in front of ymca and put on hazardous lights to check up on his wife. A guy asked for a ride, jumped in the vehicle, and took off.
16. Describe the exact location your car was stolen from?
East on 4500 Imperial Avenue in front of the YMCA.
17. Have you checked for, or are you aware of, any security cameras in the area?
No, I didn't check the area for cameras.

After completing the auto theft supplement form, I provided [redacted] with Mary's card with the case number and event number.

As I was about to call Teletype to put [redacted] vehicle in the Stolen Vehicle System, an automated license plate reader (ALPR) alerted that [redacted] stolen vehicle was at 1040 Euclid Avenue in San Diego at approximately 1326 hours.

Officer A. Bennett #1910 spotted the stolen vehicle heading eastbound on Imperial Avenue from Euclid Avenue.

I responded from the Southeastern Substation to assist. As I approached Imperial Avenue from 69th Street, pursuing units stated they were heading eastbound on 6200 Imperial Avenue.

As I drove westbound on 6800 Imperial Avenue, I saw the stolen vehicle followed by several marked police vehicles with lights and sirens on, heading eastbound on Imperial Avenue from Woodman Street. I activated my lights and sirens and conducted a U-Turn at Woodman Street and Imperial Avenue, and drove towards the direction of the pursuit.

I was able to catch up with the pursuing units around the area of Lisbon Street and Meadowbrook Drive. I was about the sixth unit in the pursuit. I saw the suspect drive the opposite lane to get around the vehicles. I saw the suspect drive through red lights and 4 way stop signs along Jamacha Road. I saw the suspect drive from the left side of the lane to the right side of the lane on Jamacha Road towards the 125 underpass.

I saw the suspect collide with a street light pole on Jamacha Road before Gillespie Drive. I saw the street light fall on the police car that was in front of me. The suspect continued driving after it collided with the street light pole.

I stopped and parked my police vehicle behind the police vehicle that the street light pole hit. I exited my patrol vehicle and assisted in the apprehension of the suspect, later identified as Edwaun Walter Thames [redacted]

I was tasked to be part of the Arrest Team. I positioned myself on the driver's side door of a patrol vehicle behind a line of officers who were giving commands to Thames. Thames was getting out of the vehicle. I heard officers giving commands to Thames several times to remove his hands from his waistband, but he refused.

Thames's back was facing towards me. Thames still had his arms by his waistband. Thames was told by officers not reach for the gun. The gun was on the floor on the right side of Thames. It looked like a small gold revolver. The handgun was in arm's reach. The revolver was located near the left rear tire of the vehicle.
After that, I just heard two gunshots. Officers started to continue to give commands to move his hands away from his waistband. Thames didn't move his hands away from his waistband.

A plan was made to move up and take Thames into custody. I moved up and grabbed Thames' left arm from underneath him and placed it on his lower back. Officer D. Gomez #1811 grabbed Thames right arm and placed it on Thames lower back. I placed my handcuffs on Thames. I got off the Thames, and officers conducted life-saving measures on the Thames.

I was tasked to grab police tape to secure the scene. I was then tasked to follow AMR #416, who transported Thames to Scripps Mercy Hospital for further treatment.

AMR Medic #416 and Heartland Fire Engine #16 arrived on scene.

While at Scripps Mercy Hospital, I was provided Thames' Medical Record Number (MRN# [redacted]

I was informed that my hospital staff member, Thames, sustained a gunshot wound to his right arm with arterial bleeding. I took (7) photographs of the Thames while he was being worked on by doctors. I later uploaded the digital photographs onto Evidence.com via Axon Capture.

Thames was moved from the Emergency Room to the Operating Room to stop the arterial bleeding on his right arm.

I was provided with Thames' blue and white striped boxers that were placed in a brown paper bag.

I contacted Teletype and informed them that the vehicle was stolen and recovered at 8800 Jamacha Road. I told Teletype I was going to give them a callback once got the updated location of the impound.

I was relieved at the Scripps Mercy by Officer J. Flores #1041 and Officer J. Ambrose #1446. I provided Officer Ambrose with the brown paper bag that contained Thames's boxers.

EVIDENCE :

(7) digital photographs of the Thames at Scripps Mercy Hospital.

REPORT NARRATIVE

ORIGIN:

On 01/22/2026, at approximately 1439 hours, I responded to assist for a photo flight with an Unmanned Aerial System (UAS) located at Jamacha Road and Gillespie Drive in unincorporated Spring Valley, county of San Diego (CAD# E10432819).

DEPUTY'S OBSERVATIONS AND ACTIONS:

The request for UAS was due to an Officer Involved Shooting (OIS) with the San Diego Police Department.

At approximately 1525 hours, I arrived on scene. After being briefed by the San Diego Sheriff's Homicide Unit, I deployed my UAS and began a photo flight of the scene.

Between 1633 hours and 1707 hours, I entered the inner crime scene three separate times in order to safely navigate obstacles and overhead hazards while maintaining visual line of sight with the UAS during the photo flight. I was able to safely complete the flights without incident and took both photographs and videos.

After completing the photo flight, I apprised Homicide Detective Calderilla (0891). Detective Calderilla released me from the scene, and I subsequently went to the Santee Sheriff's Station located 8811 Cuyamaca Street in the city of Santee to upload the media from the UAS.

I took approximately 245 photographs and video of the scene. Because of a setting on the Autel UAS I utilized, it also simultaneously captured thermal images in addition to the color photographs. I uploaded the media to this case and labeled them on the URL.

I did not activate my body worn camera for this incident. This concluded my involvement in this incident.

REPORT NARRATIVE

ORIGIN:
On 01/22/26, at approximately 1540 hours, I responded to an outside agency Law Enforcement assist at 8847 Jamacha Rd, Spring Valley in the County of San Diego (CAD: E10432819).

There is body worn camera footage.

DEPUTY OBSERVATIONS AND ACTIONS:
At approximately 1650 hours, Deputy Robison #0477 and I arrived at the above location.

At approximately 1700 hours, I contacted [redacted] (16) outside the apartment complex located at 8890 Jamacha Rd, Spring Valley who essentially provided me with the following statement.

This conversation was recorded via body worn camera. The following statement is in summary. My summation of [redacted] statement is not meant to be an exact account of my recording. The recording contains the full details of our conversation.

STATEMENTS:
Statement of [redacted] (Witness):
[redacted] was inside her apartment when she heard what sounded like sirens near-by. [redacted] heard a crash and went outside to investigate. While standing directly under the [redacted] building marking of her apartment, [redacted] observed multiple "cops" contacting a singular male subject next to a white vehicle that appeared to have been involved in a crash.

[redacted] described the male to be "limping" and with some sort of injury. [redacted] described the male's behavior to be compliant and that he was repeatedly being told to put his hands up by the officers contacting him. The male was on his knees, facing away from the officers with his hands partially raised when she heard two gunshots. The male fell to the ground.

[redacted] described several minutes (more than 5) elapsed before any attempt to provide medical aid was given.

Report Date **1/27/2026 2:04:41 PM**	Detective Assigned	Reviewed Date **1/27/2026 10:37:39 PM**

[redacted] observed the male "twitching" on the ground while being attended to by the officers before she went back to her apartment. [redacted] had no further observations to provide an account for.

INVESTIGATION CONTINUED:
As, I spoke to [redacted] I took an estimate of the distance she stated she observed the incident from. I observed that at the closest she could have been was about 60 yards, with a partially obstructed view from the rod iron fence line that divides her apartment complex from the street. As I stood near where she indicated she stood, I found the distance to be fairly substantial with my ability to see in detail obscured by the fence.

I ended my conversation with [redacted] and accompanied Detective Stoner #3585 and Deputy Robison as we canvassed the area for possible witnesses or surveillance footage. We did not recover any footage or more witnesses (see Detective Stoner and Deputy Robison's reports for further).

At approximately 1745 hours, I concluded my involvement in this case and left the area.

REPORT NARRATIVE

ORIGIN:

On January 22, 2026, at approximately 1500 I responded to an assist at 8847 Jamacha Rd, Spring Valley in the County of San Diego (CAD: E10432819).

There is body worn camera footage.

DEPUTY OBSERVATIONS AND ACTIONS:

At approximately 1650 hours, Detective Estes and I arrived on scene.

At approximately 1655 hours, I contacted [redacted] outside the apartment complex located at 8890 Jamacha Rd, Spring Valley who essentially provided me with the following statement.

This conversation was in Spanish and recorded via body worn camera footage. The following summary has been condensed and translated for the ease of the reader and is not necessarily in the order in which it was discussed. This is not meant to replace or be an exact representation of the recording. See recording for full details.

STATEMENT OF [redacted] (WITNESS):

[redacted] was inside her apartment serving her son, [redacted] lunch when they heard a loud noise outside. [redacted] stated sometimes a similar noise is heard when the garbage truck picks up the trash. [redacted] asked [redacted] where the noise came from, [redacted] responded it's the garbage. [redacted] then heard two gunshots. [redacted] asked her son if the sound they heard was the sound of gunshots and [redacted] agreed with her assumption. [redacted] then heard sirens following the gunshots. [redacted] and [redacted] then walked outside. [redacted] described seeing multiple patrol vehicles on the road outside her apartment complex. [redacted] stated she did not see the incident and had only heard the gunshots.

At approximately 1650 hours, Detective Santana and I arrived on scene.

At approximately 1658 hours, I contacted [redacted] (DOB:[redacted] outside the apartment complex located at 8890 Jamacha Rd, Spring Valley, who essentially provided me with the following statement.

Statement of [redacted] (witness):

[redacted] essentially said he and his girlfriend, [redacted] (DOB:1[redacted] were inside her apartment located at 8890 Jamacha Road Apartment [redacted] The apartment faces South and partly overlooks Jamacha Road. He came to pick up clothes from [redacted] house. He and [redacted] heard a loud "boom" from the car crash. They looked out the window. One officer had his taser out, and the other had "lethal." The guy had his hands up, was on his knees, and stumbled to the right side. His right hand went down. A car drove by that blocked his view. He was not sure if he was reaching. [redacted] was not sure if he was trying to catch himself. He heard a "pop pop." The suspect was on the ground on his stomach. He was "squirming around" and kicking. Police did the procedure they needed to. After the shooting, he heard the police give verbal commands of hands out, don't move, stay still. The police took his clothes off him. [redacted] was pretty sure the police put on a chest seal. The ambulance came and picked him up.

I asked how [redacted] knew what a taser was, and he stated that they are yellow. Only his girlfriend and he were in the apartment. He had two recordings from the incident that he captured on his cell phone. [redacted] agreed to provide the videos to me and air-dropped them to my department-issued cell phone.

Investigation (continued):

At approximately 1716 hours, I spoke to [redacted] and obtained the following statement:

Statement of [redacted] (witness):

She was in the living room of her apartment. She heard a loud bang. They ran to her mom's room and saw the guy on the ground. The guy had his hands up. Officers told him to get up, and they had their guns pointed at him already. A couple of minutes passed. [redacted] motioned with her body that guys right hand went towards the ground, and his shoulders dipped. The police shot him. They left him on the ground for a minute or two before they went up to him. They took their time to look at him. They put him on his back. They took his clothes off. [redacted] and [redacted] walked down from the apartment to the front of the apartment. The police said something about get your hands up or get up. [redacted] did not hear him say anything.

Investigation (Continued):

Later at the Fallbrook Substation, I uploaded the photographs of [redacted] and [redacted] Identification cards to the case URL. I also uploaded the two videos that [redacted] recorded to the case URL.

This concluded my involvement with the case.

Energize Summary

DURATION OF ENERGIZES

1.160s

The length of time that the weapon attempted to cause neuromuscular incapacitation.

TOTAL PULSE DURATION

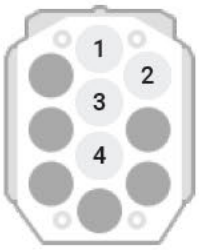

0.0000s (0.0%)

The total length of time during the energize that the weapon discharged high-voltage energy into conductive material.

CARTRIDGES DEPLOYED

4

The number of cartridges deployed between the start of this Arm event and the end of this energize, including any cartridges from a prior Arm event that remain connected.

REAR VIEW

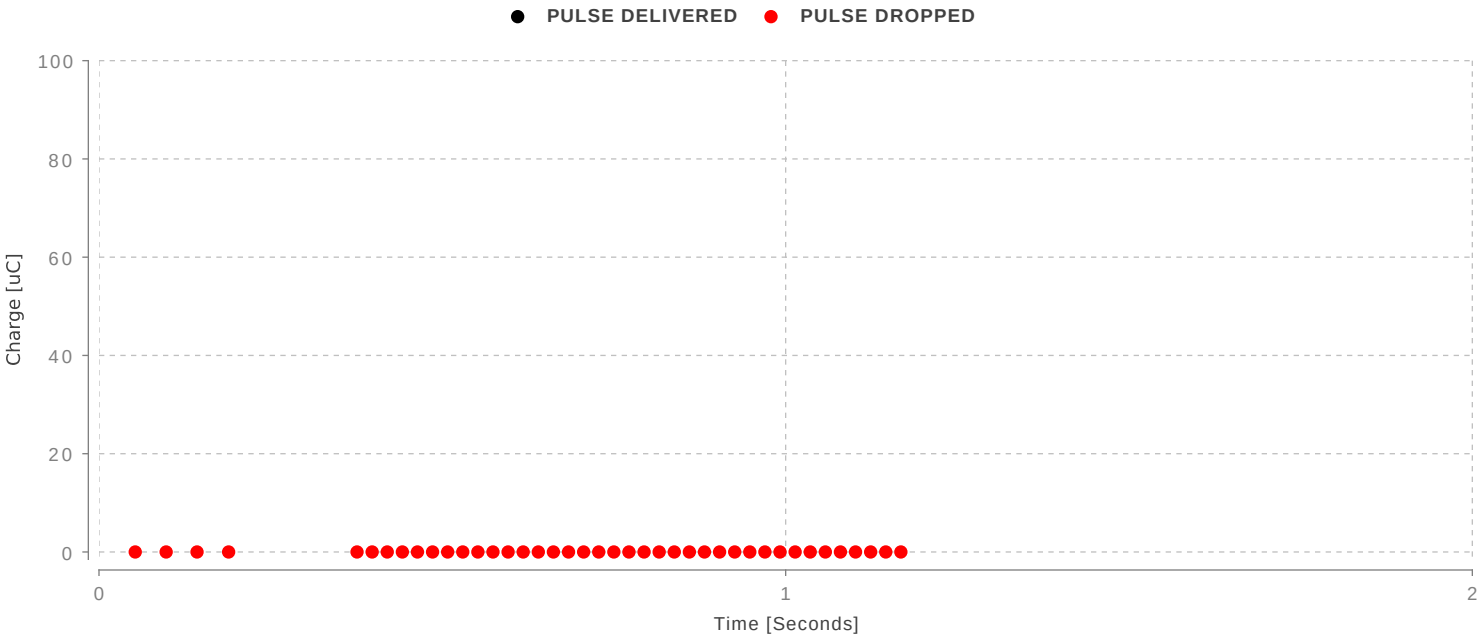

Energize Timeline

Each row lists the cartridges into which energy may be discharged during a segment of the energize. Two or more cartridges must complete an electrical circuit to be capable of discharging high-voltage energy.

Pulse Charge Graph

Charts the energy delivered by each electrical pulse through connected cartridges. The weapon drops pulses when unable to deliver energy. Changes in pulse charge or dropped pulses indicate changes to the connection.

Pulse Impedance Graph

Charts the impedance of the electrical circuit. The impedance value can help identify the material receiving the energy. When the impedance value is greater than 3000 ohms, the weapons operational range, a dropped pulse is displayed on the 3000 ohm line.

Pulse Charge Graph

Charts the energy delivered by each electrical pulse through connected cartridges. The weapon drops pulses when unable to deliver energy. Changes in pulse charge or dropped pulses indicate changes to the connection.

Pulse Impedance Graph

Charts the impedance of the electrical circuit. The impedance value can help identify the material receiving the energy. When the impedance value is greater than 3000 ohms, the weapons operational range, a dropped pulse is displayed on the 3000 ohm line.

Energize Summary

• **Pulse:** A pulse is a very short burst of electricity. The weapon discharges a series of pulses to incapacitate a subject over a period of time. The duration of each pulse can vary as the weapon modifies its output to maximize the potential for incapacitation.

• **Duration of Energizes:** The length of time that the weapon attempted to cause neuromuscular incapacitation. It begins when the energize timer starts and ends when it expires. Conceptually, an energize timer starts when the operator pulls the trigger or presses the switch up and electrical discharge is possible. Specifically, those scenarios are when: the second cartridge is deployed or the trigger is pulled or switch pressed up while two or more cartridges are deployed. The length of an energize timer is 5 seconds, +/- 0.250s. The energize timer can be reset by pulling the trigger or pressing the switch up during the energize. The energize can be extended indefinitely by holding the trigger or switch up past the end of the energize timer. The ability to reset or extend the energize timer is controlled by the TASER 10 agency setting, Automatic Shut Down.

• **Total Pulse Duration:** The total length of time during the energize that the weapon discharged high-voltage energy into conductive material. It is the sum of the durations of each pulse. Note, the maximum possible duration of each pulse is used in the calculation making the Total Pulse Duration the maximum possible duration. The actual value is smaller.

• **Cartridges Deployed:** Cartridges deployed between the start of this Arm event and the end of this energize and any cartridges from a prior Arm event that remain connected. Cartridges are numbered by the order in which they are deployed.

Energize Timeline

• **Cartridges Connected:** The list of cartridges into which energy may be discharged. Two or more cartridges must complete an electrical circuit to be capable of discharging electricity for the purpose of incapacitation.

• **Start Time & End Time:** Displays the start and end time when a given set of cartridges were connected, relative to the Energize Start.

• **Duration:** Displays the total duration that a set of cartridges were connected.

Pulse Graphs

• **Charge:** The rate of electrical flow for a given pulse. The weapon monitors the impedance of its connections and dynamically adjusts charge to maximize the probability it is effective. The weapon is designed to discharge electricity between 52 and 95 µC, when averaged over 8 pulses. Note, although a cartridge may show as connected, if it's connection's impedance is greater than 3000 ohms, it cannot deliver charge for incapacitation. As the weapon attempts to identify good connections, it will attempt to deliver pulses on each connection, one by one. Each attempt to pulse on a connection with greater than 3000 ohms results in a dropped pulse. Once the weapon identifies connections with less than 3000 ohms, it will focus discharging pulses through those connections.

• **Impedance:** Impedance is a measurement of electrical resistance in an electrical circuit. Impedance is calculated by the weapon during the energize. The impedance value can help identify the material receiving the energy. The Impedance of the human body varies greatly from person to person and day to day depending on numerous factors. As a general reference, the following ranges were identified during a scientific study: < 300 ohms is not human tissue, 400 to 800 ohms can be human muscle, >900 ohms is skin, fat, or not human tissue (Dawes et. al. 2010). LABORATORY SERVICE REPORT

REQUESTED BY:	Detective M. Calderilla	SHERIFF CASE:	26102894-5
AGENCY/DIVISION:	Homicide	AGENCY CASE:	N/A
SUSPECT(S):	San Diego Police Department Officers	INCIDENT TYPE:	Officer Involved Shooting
VICTIM(S):	Edwaun Thames	INCIDENT DATE:	1/22/2026

SERVICE REQUESTED: Vehicle Processing

NARRATIVE:

On January 23, 2026, at 1057 hours, I arrived at the Sheriff's Crime Laboratory Vehicle Examination Garage. I met with Criminalist C. Chang and Detectives P. Oules and M. Gibson. Prior to my arrival, I received the white Lexus RX 330 (barcode S0744157) from the Sheriff's Property and Evidence Unit. I took photographs and collected evidence during the processing of the white Lexus RX 330 with California license plate [redacted] While at this location, I received two items of evidence from Criminalist C. Chang. I finished this assignment and departed from the garage at 1256 hours on January 23, 2026.

RESULTS/INTERPRETATIONS:

Not applicable.

DISPOSITION OF EVIDENCE:

I returned the white Lexus RX 330 (barcode S0744157) to the Sheriff's Property and Evidence Unit. While at the Sheriff's Crime Laboratory, I transferred item 5.11 to Criminalist C. Chang. I submitted the remaining evidence to the Sheriff's Property and Evidence Unit (see attached Evidence List).

EVIDENCE LIST:

Item #	CSI #	Item Description	Location/Source
5.1	1	One open and empty "OC NO.44 VODKA" bottle collected from the cup holder in the center console of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.2	2	One smoking pipe with a brown residue collected from inside a black backpack on the front passenger floorboard of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.3	3	One gray cell phone with an information sticker and a cracked front screen in a black and clear phone case collected from the front passenger area of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.4	4	One gray "Lenovo IdeaPad Slim 3" laptop with FCC ID "PD9AX203NG" with stickers on the front and an apparent damaged display screen, and a black laptop charger, both collected from inside a gray backpack in the front passenger floorboard of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.5	5	One black Apple iPhone with a cracked front screen in a black phone case collected from the front driver floorboard of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.6		One fired bullet collected from the driver's side rocker panel of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.7		One fired bullet collected from inside the rear driver's side door of the white Lexus RX 330 with California license plate [redacted]	Sheriff's Crime Laboratory Vehicle Examination Garage
5.8		One DNA Swab Kit containing two swabs collected from the steering wheel of the white Lexus RX 330 with California license plate [redacted] received from Criminalist C. Chang	Sheriff's Crime Laboratory Vehicle Examination Garage
5.9		One Stain Collection Kit containing a bindle with a piece of apparent fabric material with apparent biological material collected from inside the defect labeled B on the driver's side rocker panel of the white Lexus RX 330 with California license plate [redacted] received from Criminalist C. REPORT NARRATIVE

SYNOPSIS:

On 01/22/2026, San Diego Police Department was involved in a vehicle pursuit with an occupied stolen vehicle, ending in an officer involved shooting. In the course of the investigation the vehicle, a White Lexus R33 [redacted] was towed as evidence. On 01/24/2026, I contacted Sheriff's Teletype, had the vehicle removed from the Stolen Vehicle System as recovered, and entered the vehicle back into the system as an evidence impound.

ORIGIN:

On 01/24/2026 Sergeant Clark tasked me with taking a stolen vehicle out of the system and entering the same vehicle back into the system as an evidence impound.

BACKGROUND:

On 01/22/2026, San Diego Police Department was involved in a pursuit and a subsequent officer involved shooting. The involved vehicle, a White Lexus R33 [redacted] was towed as evidence in the course of the investigation.

SERVICE REQUESTED:
Weapon operability

METHODS:
Weapon operability

EVIDENCE RECEIVED:

ITEM #	DESCRIPTION
2.1	One Staccato pistol, s/n [redacted] and one magazine
2.2	[redacted] unfired cartridges

EXAMINATION:

Item 2.1 The Staccato model P semiautomatic pistol, caliber 9mm Luger, was examined for operability and test-fired using the included magazine, laboratory ammunition, and ammunition from Item 2.2. No malfunctions were noted during test-firing. The test-fired components were assigned Item 8.1. The pistol has a minimum measured trigger pull of 4 ¼ pounds and a maximum capacity of [redacted] 9mm Luger cartridges when used with the included magazine. The pistol's barrel has a conventional six left (6L) rifling pattern.

Item 2.2 Item 2.2 consists of [redacted] unfired Federal cartridges, caliber 9mm Luger. The cartridges have nickel-plated cartridge cases, nickel-plated primers, and copper-jacketed hollow point bullets. [redacted] of the cartridges were used in the test-firing of Item 2.1.

RESULTS AND INTERPRETATIONS:
The Glock pistol (Item 2.1) is operable, and the included magazine is correct for the pistol.

The unfired cartridges from Item 2.2 are the correct caliber for the pistol (Item 2.1).

DISPOSITION OF EVIDENCE:
Item 8.1 was sealed and submitted to the Sheriff's Property and Evidence Unit as a derivative item. All other items were resealed and returned to the Sheriff's Property and Evidence Unit. Calculated uncertainty values for all reported quantitative measurements are maintained at the Sheriff's Crime Laboratory and are available upon request.
